The Law of Action Triggers the Law of Attraction
Ted Ciuba, 2012-09-01 <http://ThinkRich.com> Many have bought into a half-truth regarding the Law of Attraction. It's not their fault, because it's been promoted by quick-buck artists as the secret, but it is a half-truth. There's another operative law, the Law of Action. More accurately, the Law of Action triggers the Law of Attraction. In fact, the Law of Attraction can be considered a result of the actions we take, we impulse. An electromagnet doesn't always have powers of magnetism. It's only when you charge the current, and pass it through it in a certain way, that the magnet attracts. When you are ACTIVE, and you send a message OUT, that's when you attract. It's the same with achievement, with empowerment, with self-fulfillment, with actualization. There are two things here, the self-fulfilling prophecy and the Law of Attraction. Both of those are results, they're both results of the Law of Action, from the action you take. And not just the action you

take, but the quantity, quality, and duration of the action you take. Those who understand a bit about quantum physics, about the way the world really is, understand there is an electricity, with its magnetism generated in everything in creation, in every thought we have. In every deed. We are interconnected in the holoverse by being the holoverse. The brain is electrical, with neurotransmitters and receivers. Acting is acting. So is thinking in this holomagic inter-dimensional world. Either one of these acts are sufficient to serve as the electro-magnetic stimulus which returns, like all wave phenomena, back on the same wavelength from which it originally transmitted out. This volume, like all books in the Sub 4 Minute Extra Mile Series is a collection of short, focused, intense, intended training sessions making you a more insightful, directed, successful marketer and person. When you understand what's going on, the real miracle is not in the Law of Attraction at all, but in another, shunned side of Nature. Avoid it at your own peril... It's the Law of Action which triggers the Law of Attraction.

But when you apply some simple structured thinking then the Law becomes easy to apply and will work for you as soon as you begin applying the simple process you'll discover in this book. How to feel good where you are now, because you know you'll get where you want to go... Or somewhere better... And... A WHOLE LOT MORE! If you've studied the Law of Attraction before, or if this is the very first time you've looked into it, then you are going to discover the exact process to creating your dreams. Your Desire and the Law of Attraction Alexander King, 2019-07-08 Get All The Support And Guidance You Need To Be A Success At Attracting What You Want! This Book Is One Of The Most Valuable Resources In The World When It Comes To Using LOA To Draw In What You Desire! Keep reading to get the help you need... Is the fact that you would like to start having a better life but just don't know how making your life difficult... maybe even miserable? Does it seem like you've tried everything in your power to figure it out, and yet, despite your best intentions, you're still plagued with: • Not knowing how to even get started. • Not understanding even where to start with meditation. • Not knowing how to ask the Universe. If this describes you, then you are in luck today... First, you are NOT alone! It may seem like it sometimes, but not knowing how to get started with the law of Attraction is far more common than you'd think. I ought to know, because I've been in the same spot before... Why Understanding All The Ins And Outs Of This Is

Crucial! This is one area you must pay attention to... If you are experiencing hard times in your life, it is very important that you become familiar with the term "law of attraction," or LOA. The law of attraction states that you are basically responsible for all the circumstances of your life, whether good or bad. You draw everything into your life that exists. You have the power to create positive circumstances in your life, you just have to know how to harness the power of the law of attraction. Let me explain... The law of attraction has to do with every part of your being. Everything from your thoughts, to your emotion to your actions either adds to this power or takes away from it. Would you believe me if I told you that it is possible for you to accomplish all of your dreams and be truly happy in life? Well it is true and it is much simpler than you probably think. All you have to do is believe and trust in the universe and use the power of the law of attraction and you will surely be rewarded for your efforts. And the worst part? The more you don't know the less you will succeed! Make no mistake about it... The Costs of NOT Getting All The Info You Need Are Just Too High! Your lack of knowledge in this area may not be your fault, but that doesn't mean that you shouldn't -- or can't -- do anything to find out everything you need to know to finally be a success! The costs of continuing to repeat this pattern are just too steep... I mean, think about all of the money you're wasting because of how continuing to try things that don't work costs you money... the time you're losing due to going around in circles is

also time-consuming... and that's not to mention the toll it's taking on your personal life, like the way the failed attempts over and over can impact personal life/relationships. So today -- in the next FEW MINUTES, in fact -- we're going to help you GET ON TRACK!
