**Pentatonic Scales for Jazz Improvisation** Ramon Ricker, 1999-11-27 More than a pattern book, this lays out the theory behind the use of pentatonic scales in jazz, and follows with transcribed solos and exercises. Still a favorite after 14 years, this book has become a standard in the field.

**After the Dance** Jan Gaye, David Ritz, 2015-05-19 A riveting cautionary tale about the ecstasy and dangers of loving Marvin Gaye, a performer passionately pursued by all—and a searing memoir of drugs, sex, and old school R&B from the wife of legendary soul icon Marvin Gaye. After her seventeenth birthday in 1973, Janis Hunter met Marvin Gaye—the soulful prince of Motown with the seductive liquid voice whose chart-topping, socially conscious album *What's Going On* made him a superstar two years earlier. Despite a seventeen-year-age difference and Marvin's marriage to the sister of Berry Gordy, Motown's founder, the enchanted teenager and the emotionally volatile singer began a scorching relationship. One moment Jan was a high school student; the next she was accompanying Marvin to parties, navigating the intriguing world of 1970s-'80s celebrity; hanging with Don Cornelius on the set of *Soul Train*, and helping to discover new talent like Frankie Beverly. But the burdens of fame, the chaos of dysfunctional families, and the irresistible temptations of drugs complicated their love. Primarily silent since Marvin's tragic death in 1984, Jan at last opens up, sharing the moving, fervently charged story of one of music history's most fabled marriages. Unsparing in its honesty and insight, illustrated with sixteen pages of black-and-white photos, *After the Dance* reveals what it's like to be in love with a creative genius who transformed popular culture and whose artistry continues to be celebrated today.

**Crossing Open Ground** Barry Lopez, 1989-05-14 In *Crossing Open Ground*, Barry Lopez weaves the same invigorating spell as in his National Book Award-winning classic *Arctic Dreams*. Here, he travels through the American Southwest and Alaska, discussing endangered wildlife and forgotten cultures. Through his crystalline vision, Lopez urges us toward a new attitude, a re-enchantment with the world that is vital to our sense of place, our well-being . . . our very survival.

**The Voices We Carry** J. S. Park, 2020-05-05 *Reclaim Your Headspace and Find Your One True Voice* As a hospital chaplain, J.S. Park encountered hundreds of patients at the edge of life and death, listening as they urgently shared their stories, confessions, and final words. J.S. began to identify patterns in his patients' lives—patterns he also saw in his own life. He began to see that the events and traumas we experience throughout life become deafening voices that remain within us, even when the events are far in the past. He was surprised to find that in hearing the voices of his patients, he began to identify his own voices and all the ways they could both harm and heal. In *The Voices We Carry*, J.S. draws from his experiences as a hospital chaplain to present the Voices Model. This model explores the four internal voices of self-doubt, pride, people-pleasing, and judgment, and the four external voices of trauma, guilt, grief, and family dynamics. He also draws from his Asian-American upbringing to examine the challenges of identity and feeling “other.” J.S. outlines how to wrestle with our voices, and even befriend them, how to find our authentic voice in a world of mixed messages, and how to empower

those who are voiceless. Filled with evidence-based research, spiritual and psychological insights, and stories of patient encounters, *The Voices We Carry* is an inspiring memoir of unexpected growth, humor, and what matters most. For those wading through a world of clamor and noise, this is a guide to find your clear, steady voice.

Copyright and the Music Marketplace United States United States Copyright Office,2015-12-21 The Copyright Office has previously highlighted the outmoded rules for the licensing of musical works and sound recordings as an area in significant need of reform. Moreover, the Office has underscored the need for a comprehensive approach to copyright review and revision generally. This is especially true in the case of music licensing the problems in the music marketplace need to be evaluated as a whole, rather than as isolated or individual concerns of particular stakeholders.

*MogaMind* Corrina Crade,2018-08-24 This is MogaMind, Mindfulness made easy, when life doesn't always feel that way... Mindfulness is really just about being present and taking a moment to let those thoughts, worries, and even stress just take a break so you can take a break. There are so many amazing programs and techniques out there to make it possible to feel good. I've done a lot of them, and I've been studying mindfulness as a user. I've noted what has worked for me and what hasn't. I've found through it all that I really just needed something quick to learn and easy to do but then also something to use as a bridge to do more. As a busy momma and a wife, I also know, as with so many other things in my life, that everything is an ongoing teaching or lesson. For me, it's nearly impossible to feel as though I've conquered anything because once I understand something, I either want to learn more or try it another way - or I change. We are all evolving and continuing to educate ourselves. Like the earth that keeps turning, our lives and energy do too. So this book is for that! It's meant to be picked up over and over again. Maybe you'll read this book a certain way at one point in your life and then read a different way during a different point in your life. It's a starting point or a bridge to more. And for some people, it might be all that you read about mindfulness. I get it - time is precious, but so are you! And being present is taking care of you. So enjoy this book and I hope you find it easy, relatable, understandable, useable, and quick.
