Sharma, Ashima Arora, Kavita Thareja, Harshita Khandelwal, Jyoti Sharma, Padma Kumari Khatri, Ameesha D'Cruz, Aparna Khan, Mahak Kalra, 2024-01-02 Our new semester series, Rosemary-An Activity-based Integrated Course for Classes 1 to 5, has meticulously followed the National Education Policy (NEP), 2020, and the National Curriculum Framework (NCF), 2023. Pramanas, Panchakosha Vikas, and Panchpadi, the three main constituents, have been used significantly through the explanations, examples, and exercises used in this series. It means the focus has shifted to the process of learning. This series envisages conceptual understanding as a continuous process. The books for Classes 1 and 2 include English, Mathematics, Environmental Studies, and General Knowledge. For Classes 3 to 5, the subjects expand to include English, Mathematics, Science, Social Studies, and General Knowledge. In developing this educational series, considerable attention has been focused on creating an engaging and enjoyable learning environment. This approach aims to establish a solid educational foundation for young learners, contributing to their all-around growth and development at every educational level. The series is characterised by several notable features:

- Integrates key educational concepts with visually appealing activities, interactive games, and practical real-world examples
- Methodically structured and comprehensive exercises, ensuring thorough assessment and understanding
- Robust online support, including animated tutorials, interactive modules, subject-specific videos, and digital books (exclusively for teacher use), tailored to meet the needs of each topic

ENGLISH: Combines with historical and contemporary elements, it focuses on interest-based selections to engage learners and improve memory retention. It emphasises the four key language skills (Listening, Speaking, Reading, Writing) with clear grammar explanations.

MATHEMATICS: With engaging and thorough presentation of concepts, it is suitable for all learning levels, using a graded and age-appropriate approach.

ENVIRONMENTAL STUDIES: It focuses on analysis and inquiry, encouraging learning through discussion, observation, and conversation.

SCIENCE: It offers meaningful learning by connecting scientific concepts to students' everyday experiences and the natural world.

SOCIAL STUDIES: In this subject, innovative teaching methods are used to enhance life skills, civic understanding, and prepare students for life's challenges.

GENERAL KNOWLEDGE: It is designed to incite curiosity and a passion for learning about the world. Online support in the form of animated Lesson, interactive exercises, topic-wise videos and E-books (for Teachers only) as per the requirement of the subject. Teachers' Resource Book (TRB) includes Lesson Plan and Learning Objectives along with the answers of the questions to facilitate teaching. Feedback from

students, teachers, and parents is welcomed for consideration in future updates and editions. -The Publisher

Disrupting Poverty Kathleen M. Budge, William H. Parrett, 2018-01-22 Drawing upon decades of research and myriad authentic classroom experiences, Kathleen M. Budge and William H. Parrett dispel harmful myths, explain the facts, and urge educators to act against the debilitating effects of poverty on their students. They share the powerful voices of teachers—many of whom grew up in poverty—to amplify the five classroom practices that permeate the culture of successful high-poverty schools: (1) caring relationships and advocacy, (2) high expectations and support, (3) commitment to equity, (4) professional accountability for learning, and (5) the courage and will to act. Readers will explore classroom-tested strategies and practices, plus online templates and exercises that can be used for personal reflection or ongoing collaboration with colleagues. *Disrupting Poverty* provides teachers, administrators, coaches, and others with the background information and the practical tools needed to help students break free from the cycle of poverty.

Get-Smart A Multi-Skill English Course Book for Class 2 Leena Kapoor, Goyal Brothers Prakashan, 2020-04-01 In conformity with the objectives and recommendations of the latest National Curriculum Framework, we have developed Get Smart—A Multi-skill English Language Course comprising Coursebooks for Primers A and B and Primary Classes (Grades 1 to 5), and Workbooks and Literature Readers for Primary Classes (Grades 1 to 5). This series adopts an eclectic approach which keeps the child in the centre of learning and encourages teacher-student interaction as well as collaborative and experiential learning. This series follows the latest teaching-learning pedagogy and lays emphasis on the four language skills—listening, speaking, reading and writing—along with vocabulary and grammar. It combines the advantages of structural and communicative approaches. The universally accepted themes and language-learning activities have been blended for the progressive development of learning abilities, besides teaching life skills and values for the learner's holistic development. Special Features of the Coursebooks • Themes include a wide range of universally-accepted prose and poetry. • Warm Up comprises a hands-on exercise or activity having direct relevance to the theme of the text. • Use Word Check tests whether the learners have understood the difficult words taught in the text. • Sum-up Text includes exercises covering textual questions that develop and test factual, inferential, evaluative and predictive understanding of the lesson. • Word Wise hones the pronunciation and vocabulary skills of the learners through a wide variety of topics. • Grammar Check consists of explanations and examples followed by exercises that not only help learners understand grammatical concepts but also apply them in various situations. • Listener's Lap develops the listening skills of the learners through interesting texts, short poems, anecdotes, etc. along with the exercises based on these texts. • Speaking Track paves the way for the learners to participate in dialogue, role-play, choral speaking and other activities to enhance their communicative skills. • Pen Down includes different types of creative writing exercises used in everyday communication. • Finish Line at the end of every lesson, focuses on cooperative and collaborative activities that the learners may use in real-life situations Goyal Brothers Prakashan

Research in Building Physics and Building Engineering Paul Fazio, Hua Ge, Jiwu Rao, Guylaine Desmarais, 2020-11-26 Buildings influence people. They account for one third of energy consumption across the globe and represent an annual capital expenditure of 7%-10% of GNP in industrialized countries. Their lifetime operation costs can exceed capital investment. Building Engineering aims to make buildings more efficient, safe and economical. One branch of this discipline, Building Physics/Science, has gained prominence, with a heightened awareness of such phenomena as sick buildings, the energy crisis and sustainability, and considering the performance of buildings in terms of climatic loads and indoor conditions. The book reflects the advanced level and high quality of research which Building Engineering, and Building Physics/Science in particular, have reached at the beginning of the twenty-first century. It will be a valuable resource to: engineers, architects, building scientists, consultants on the building envelope, researchers and graduate students.

The Ethics of Teaching Patricia Keith-Spiegel, Bernard E. Whitley, Jr., Deborah Ware Balogh, David V. Perkins, Arno F. Wittig, 2003-01-30 The Ethics of Teaching provides a frank discussion of the most frequently encountered ethical dilemmas that can arise in educational settings, as well as tips on how to avoid these predicaments and how to deal with them when they do occur. The goal is to stimulate discussion and raise faculties' consciousness about ethical issues. Ethical dilemmas are presented as short, engaging case scenarios, most of which are based on actual situations, so as to furnish more realistic and interesting stimuli for individual reflection and group discussion. These scenarios offer the opportunity to consider the subtle complexities inherent in the social and psychological contexts in which educator-student interactions occur and the effects of those complexities on ethical decision making. Each case is followed by a detailed analysis and advice. The book's 195 cases are grouped into 22 chapters representing topics, such as the controversial classroom presentations and assignments, debatable testing and grading practices, problematic student-faculty interactions, dual-role relationships with students, collegial conflicts, managing very difficult students, and confidentiality dilemmas. The Ethics of Teaching: A Casebook, Second Edition: *focuses on commonly encountered ethical gray areas that have no clear solution; *includes questions to stimulate discussion of related ethical issues; *concludes with a chapter on prevention, peer mentoring, and intervention; and *serves as excellent assigned reading to stimulate group discussion in teaching workshops and faculty development programs. The first edition of this book evolved by collecting a variety of teaching situations that commonly occur in college and university settings. The authors then created responses to the situations and circulated both the cases and the responses to reviewers from a number of departments across the country. As a result, the vast majority of the cases are discipline free. The second edition features many new cases to reflect recent trends and events related to academic ethics. Questions were added to stimulate discussion and to further elaborate the issues. The Ethics of Teaching: A Casebook is ideal for college and university faculty, graduate assistants, and administrators involved in workshops, graduate teaching assistant courses, and faculty development and new faculty orientation programs. As a result of the book's cross-disciplinary development, it will be beneficial to faculty from a broad spectrum of disciplines.

Against Race- and Class-Based Pedagogy in Early Childhood Education Stephanie C. Smith, 2016-04-29 This book examines differing classroom pedagogies in two early childhood programs serving vulnerable populations in Chicago, one program Reggio Emilia-inspired, while the other uses a more didactic pedagogy. The structure of classroom pedagogies is defined using Basil Bernstein's theories of visible and invisible pedagogy.
