Of Gold and Dust Samantha Wills,2021-03-02 Breakout star' The New York Times 'A tycoon of her time' The Sydney Morning Herald 'Wills is not afraid to talk about the challenges she faced ... the good and the bad' Forbes I tried so hard to find balance between my creative career and my personal life, but the more I tried to separate them, the more balance eluded me. It was only when I began to fuse the two that I realised there is no such thing as having a creative career and a personal life - there is only a creative life. That realisation, and the freedom it gave me, remains one of the most significant of my life. Samantha Wills started her self-titled jewellery company on the kitchen table of her share house in the eastern suburbs of Sydney when she was just 21 years old. While her rise to the global stage looked meteoric to many, Samantha has said 'It took me twelve years to become an overnight success.' Following Samantha's journey, from being named a breakout star by The New York Times to barely being able to breathe on a hotel room floor, Of Gold and Dust is so much more than a business memoir. In her unique, confessional tone, Samantha tells the intimate details of her life and business, sharing her truths with a rare rawness and vulnerability. Funny, down-to-earth, revealing and heartfelt,

The School of Greatness Lewis Howes, 2015-10-27 When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

Manifestation Destiny Tasaria Gaines,2017-08-04 You get it when you believe you have it, remarked Jim Carrey in an interview. Jim Carrey has said on multiple occasions, in many interviews, that he is a true believer in the Law of Attraction. It's hard not to be when he recounts the story of how he had written himself a \$10 million check for acting services rendered, post-dated it 10 years and kept it in his wallet. This was in 1985. In 1994, Carrey's father was buried with the check in his casket. Carrey's payday in 1994 for Dumb & Dumber? Ten-million dollars. That is simply one example of how the Law of Attraction can make a profound impact on the quality of your life, and what you can accomplish. Any bad and negative experiences you went to in the past were manifested by your attitude and mindset at the time. You are responsible for whatever you manifest in your life. Whatever you have in your life right now is all your doing. You attract those things: money, success, relationships, friends, employment, and so on. That's why you should always strive to be positive, gracious, and optimistic about life as the Universe will be working in your favor. The whole principal might be new to you, where your thoughts influence your physical world. You probably find it hard to believe in the Law of Attraction. That is perfectly fine. The Law of Attraction isn't magic. It's a mindset change. It's biology.
