Brad Steiger

Atlantis Rising T. A. Barron, 2013-09-26 From T.A. Barron, the New York Times bestselling author of the Merlin Saga, comes a new fantasy world about the origins of Atlantis, perfect for fans of The Lord of the Rings, Eragon, The Beyonders and Percy Jackson and the Olympians. In a magical land called Ellegandia, a young boy named Promi scrapes by, stealing pies, cakes and sweets to survive. But little does he know that his country is a pawn in an ages-old war between good and evil, battled both in the spirit realm and in the human world. Harboring secrets of his own, Promi teams up with a courageous girl named Atlanta and the two vow to save their land—and each other—no matter the cost. But their vow has greater repercussions than they ever could imagine—in fact, it may just bring about the creation of Atlantis, an island cut off from the rest of the world, where magic reigns supreme. With his trademark action, adventure, and poignancy, master of fantasy, T.A. Barron explores a new mythology—the origin of the legendary isle of Atlantis. This book is perfect for fans of Rick Riordan, Brandon Mull, Christopher Paolini and, of course, T. A. Barron's Merlin Saga. Praise for T. A. Barron's novels: "Brilliant, significant, and illuminating . . . an intense and profoundly spiritual adventure."—Lloyd Alexander "A crescendo of miracles."—Madeleine L'Engle "Interesting and august . . . compelling."—The New York Times "In the best tradition . . . classic."—Parents Magazine

Atlantis Rising Patricia Cori, 2008 Describes the unrecorded history of humanity with a particular emphasis on Atlantean civilization; presents a vision of our true destiny as guardians of Earth and free-willed, conscious participants of our evolving world--Provided by publisher.

Atlantis Rising Alyssa Day, 2007-03-06 Eleven thousand years ago, before the seas swallowed the Atlanteans, Poseidon assigned a few chosen warriors to act as sentinels for humans in the new

world. There was only one rule—desiring them was forbidden. But rules were made to be broken... Riley Dawson is more than a dedicated Virginia Beach social worker. She's blessed with a mind link that only Atlanteans have been able to access for thousands of years. Being an "empath" may explain her wistful connection to the roiling waves of the ocean, the sanctuary it provides, and the sexual urges that seem to emanate from fathoms below... Conlan, the High Prince of Atlantis, has surfaced on a mission to retrieve Poseidon's stolen trident. Yet something else has possessed Conlan: the intimate emotions—and desires—of a human. Irresistibly drawn to the uncanny beauty, Conlan soon shares more than his mind. But in the midst of a battle to reclaim Poseidon's power, how long can a forbidden love last between two different souls from two different worlds?

The Rise and Fall of Atlantis J S Gordon, 2012-01-01 Could the lost civilization of Atlantis provide the answer to the origins of human existence? In his controversial new study, John Gordon examines the evidence and makes some startling discoveries. Though many have dismissed Plato's account of the vanished continent and its people as fantasy, Gordon argues that not only is the story true, but it's a brilliant and complex metaphor for cosmic creation. Gordon's research leads him to oppose modern scientific orthodoxy on a range of accepted ideas from the Big Bang theory to Darwinian evolution. He questions the concept that humans emerged relatively recently; the notion that dinosaurs became extinct due to an asteroid impact; and the belief that present-day global warming has a human cause. It's an eye-opening look at our world.

Atlantis and the Ten Plagues of Egypt Graham Phillips, 2003-07-23 Shows how a desecrated tomb in the Valley of the Kings holds the key to the true history of the destruction of Atlantis • Reveals that Tomb 55 in the Valley of the Kings was designed not to keep intruders out, but to trap something inside • Provides forensic evidence proving that the mask believed to be the face of

Tutankhamun is actually that of his elder brother Smenkhkare In Atlantis and the Ten Plagues of Egypt, Graham Phillips explores the excavation of a mysterious and ritually desecrated tomb in the Valley of the Kings, Tomb 55, which he contends holds the key to the true history of the destruction of Atlantis. Unlike other Egyptian tombs designed to keep intruders out, Tomb 55 was constructed to keep something imprisoned within, specifically Smenkhkare, the older brother of Tutankhamun who was deemed responsible for the ten plagues in Egyptian history, to prevent such tragedies from ever happening again. The forensic findings from this tomb coupled with compelling new evidence from the polar ice caps provide sensational evidence that the parting of the Red Sea, the deaths of the first born, and the other plagues that afflicted Egypt were all actual historical events. Core samples from the polar ice caps indicate that a gigantic volcanic eruption took place in the eastern Mediterranean around the time of Amonhotep's reign. Other research suggests this to have been the time of the eruption that destroyed the Greek island of Thera, one of the likely locations of Atlantis, and that the subsequent cataclysm may explain the unusual lack of resistance to the new religion installed by Amonhotep's son, Akhenaten, when he took power several years later.

The History of Atlantis Lewis Spence, 1930

Atlantis Rising Brad Steiger, 1973 Discusses various theories about the lost continent of Atlantis.

Earth's Catastrophic Past and Future William Hutton, Jonathan Eagle, 2004-08 Edgar Cayce, America's best documented psychic, gave upwards of 44 readings that dealt with lost continents, geophysical changes to Earth beginning 1958-1998, and a pole shift due to begin about now. In this book, geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes. They

also seek scientifically to test readings' predictions of catastrophic Earth changes, all the while investigating the following fascinating subjects: * Development and calibration of a comprehensive pole-shift model * The countries predicted to be most affected by a sudden, 1° pole shift. * The geologic trend for a mineralized gold vein at Bimini, Bahamas. * The authors' discoveries of correlations between: - a 2002 arctic earthquake and the eruption of torrid-area volcanoes, - the dropping of atom bombs in 1945 and a significant increase in sunspots following, and - the peaceable nature of Europe in 1645-1715 and the period's near total lack of sunspots. (Cayce readings implied or predicted all three phenomena.) * The first-ever analysis of the sources of Cayce's channeled readings, including a ranking of the veracity and reliability of the most important Earth changes and pole-shift readings. * Moralistic reasons for future catastrophic geophysical changes to Japan, China, and America. * Locations of post-pole-shift safety lands in Canada and America. * Locations of the records of the Atlantean civilization, to be found when Earth changes begin. * How to awaken to the New Cycle presently opening before humanity. * Evidence for Atlantis in the mid-Atlantic ridge area and for Lemuria (or Mu) in the Pacific. * The consuming religious war in which we find ourselves, and an answer to world conditions today. * Visions of an imminent Age-ending fire, as found in a Cayce reading, in a channeled book by Phyllos the Tibetan, and in the 1960s visions of girls at Garabandal, Spain. * Doubtful interpretations of Earth-changes and pole-shift readings advanced by managers and writers of Cayce's legacy organization, the Association for Research and Enlightenment, Inc. From the Foreword by the Editor: The acid test of pole shift and other Earth change predictions is their scientific credibility. If true, momentous societal and political changes are imminent. The geopolitical map of the world will be redrawn. The authors are exploring the transition from the end of one Age to the beginning of another.

Atlantis Rising Gloria Crow, 2015-01-06 When a strange man told me I'm in danger because I'm a descendant of Atlantis, I thought he was crazy. Now I know he wasn't. But he left me with a warning. I'm being hunted by someone who will hurt, maybe even kill, those I love in order to control me. So I've been hiding in plain sight, walking the halls of Fillmore High like a ghost. Now, two new students, Ian and Brandy, have discovered my secret. They've offered to teach me how to defend myself, but they want something in return...something I'm not sure I can give. And though I'm drawn to Ian, I can't act on my feelings. I might lose focus if I do. The only thing I'm certain of is that I'm tired of hiding. It's time for the hunted to become the hunter. The Atlantis Rising series is best enjoyed in order. Reading Order: Book #1 Atlantis Rising Book #2 Atlantis Quest Book #3 Atlantis Reborn

Rise and Demise of Atlantis Helena Petrovna Blavatsky, et al.,2019-03-10

Atlantis was a global configuration of islands covering what is now the mid-Atlantic Ocean, as well as portions of the Pacific, and had islands even in the Indian Ocean. Europe and America were connected by a land passage, of which Iceland, Madeira, and the other Atlantic islands are remnants.

Atlantis and its illustrious “Fourth Race” inhabitants sunk 856,000 years ago, coinciding with the elevation of the Alps.

Titans and Cyclopes of old belonged to that Root-Race. Progressively, the human frame consolidated and symmetrised. Two front eyes developed but the “seers” sinned and lost the third. After the separation of the sexes, Karman forced the creative gods to incarnate in mindless men. Then, sight and speech developed, for language is coeval with reason. Humanity had passed the middle point in the Great Cycle. The door for further monads entering the human kingdom closed and the balance struck. Many of us are now working off the effects of the evil karmic causes produced by us in Atlantean bodies.

Prometheus is the pre-eminent Atlantean hero and philanthropist. He bestowed to animal man divine mind. But the gift was abused and became a curse. The mystery of the Fourth Race “falling” into matter explained: Angels fell but not Man.

Eminent Atlanteans are still kindling the Promethean fire. Zoroaster, Ulysses, Noah, Kabiri, Telchines, and other heroic figures are none other than mankind's divine instructors and true benefactors.

Atlantis was a land of beautiful and strong giants. Their initiates commemorated images of the five Races in stone for the instruction of future generations. Though perfected in materiality, they degenerated in spirituality. Black magic, bestiality, selfishness, and self-adoration spelled the demise of that proud race.

The History Of Atlantis Lewis Spence, 2013-11-26 The History of Atlantis may, in the light of our present knowledge of Plato 's sunken island, appear as a somewhat presumptuous title for a work, the object of which is to present a general outline of what is known concerning Atlantean civilisation. Yet the author placed this study upon a scientific basis, and in so doing he has attached the description of history to this work in the hope that the mere invocation of such a name will endow it with the spirit which should inspire all histories a desire to arrive at fundamental truth by every available means. Rise of Atlantis Robert Estape, 2021-09-27 Zach is a brilliant teen and much more than meets the eye. He's actually a demigod and the newest member of a secret sect of technologically enhanced young men and women called Olympians. They follow in the footsteps of the extraterrestrial mythological gods of ancient Greece who terraformed and colonized planet Earth. Zach and his fellow divine descendants must continue the work of the ancients to save the planet from ecological disasters and intervene in human affairs, preserving all life at home and in the galaxy. However, Zach is a teenager, and he still struggles with teenage problems like infatuation and dealing with an overprotective mother. In the face of environmental and other calamities, these gods, transhumans, cyborgs, and artificial intelligence work behind the scenes in anonymity to save humanity. However, will there come a time when a madman or woman, a fed up god, or an unfeeling AI, or an alien decides humanity isn't worth saving? Zach and his cohorts must keep that from happening.
