

The Second Coming Of Christ By Larkin 10

Isaac Massey Haldeman

The Second Coming of Christ Clarence Larkin, 2010-01-01 The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1918 work outlines exactly what the Bible predicts for the end of mankind's reign on Earth, and the return of the Christian savior, with a special emphasis on who is to be saved, and why. Numerous charts and illustrations depict the Judgment Seat of Christ, The Stages of the Second Coming, the Failure of Man, and more. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.

The Second Coming of Christ (Illustrated) Clarence Larkin, 2017-02-21 This edition of The Second Coming of Christ is complete with the charts for which the author was famous, together with his other original illustrations. A devotional classic of the early 20th century, this book contains Larkin's investigations of the resurrection of Jesus Christ. Based on his studies, Larkin concluded that the Second Coming was impending and that the events in Christianity hitherto - including the First Coming of Christ in Israel - happened in preparation for this great event. Larkin supports his thesis with a close analysis of Biblical scripture and other sources, which he supplements with a series of illustrations and charts which pictorially demonstrate the validity of his arguments. Various recurring themes in Christianity, such as the conflict between the church and the Kingdom of God, and the nature of the spiritual world from which Christ will return, are

discussed. Clarence Larkin was a preacher and theologian who wrote a number of books which sought to explain the more obscure or mystical elements of the Holy Bible. His investigations were exhaustive, with every sentence and passage analyzed, explained and clarified for the lay Christian audience. Most notable of all is Larkin's profound influence upon visual representations of the Bible: his self-penned charts, often large in size and intricate, were printed and circulated separately from the books in which they had been appended. As *The Second Coming of Christ* is one of Larkin's shorter works, it may be used as an introduction both to his style of writing, and to his unique use of charts. Readers should note that as many of the charts are very large, the small print may require use of a magnifying glass to fully absorb the annotations.

The Book of Revelation Clarence Larkin, 2007-12-01 The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1919 book serves as a study guide for the Book of Revelation, the Bible's prophetic final chapter. Larkin explains the concepts of the Beast and the False Prophet, the Seven Seals and the Seven Trumpets, and the importance of the Book of Daniel in understanding the Rapture. Charts and illustrations depict the Pale Horse Rider, Daniel's Four Wild Beasts, Egyptian Plagues Compared, and more. Also available from Cosimo Classics: Larkin's *The Spirit World*, *Rightly Dividing the Word*, and *The Second Coming of Christ*. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological

matters.

The Book of Daniel (Illustrated) Clarence Larkin,2017-02-17 This superb and time-tested analysis and study by Clarence Larkin examines in detail, and explains with the truest clarity, the Biblical Book of Daniel. Having spent his life in service of God as a minister, and much of his time deeply vested in contemplation and study of the Biblical canon, Clarence Larkin placed

himself in a prime position to evaluate and explain some of the more complex passages of the scripture. Naturally blessed with a readable and flowing style of writing, Larkin enlightened countless thousands of Christians during his lengthy career. In this book, we receive a passage-by-passage, line-by-line examination of the Book of Daniel. No detail or phrase is passed over, and the reader may be assured that Larkin pays the closest attention in explaining this important yet difficult to understand part of the Holy Bible. Larkin was moved to author this and several other books after receiving word from his flock and fellow believers of the difficulties they had reading and interpreting such texts. The chapters are divided into the major episodes underpinning the Book of Daniel. Events such as the dream of Nebuchadnezzar and the calamitous Fall of Babylon receive close narration, while the famous image of Daniel in the Lion's Den benefits greatly from the clarifying commentary of Larkin. This edition of Larkin's Book of Daniel includes all of the intricate charts and illustrations for which the author became famous. Several of these are very large and detailed images with large, small and tiny instances of text, and it is doubtless necessary to use a magnifying glass to fully scrutinize them. Vital to Larkin's explanations, they set out visually the principles that this book exists to clarify for the reader.

In fact, Larkin's charts have been called "the gold standard" of pre-tribulation knowledge. A trained draftsman, Larkin diagrammed what he read during his Bible studies. From his drawings and charts, the study of God's Word has enriched generations of those who seek illumination and clarification regarding history, prophecy, and the future of mankind. The Last 10 1/2 Years. Kenneth Allan Clark, 2021-06-19 Will it happen in our time? Author Kenneth Allan Clark takes us through his comprehensive study of biblical prophecy to present what the Bible tells us, about events to happen, here on earth, during the last ten-and-a-half-years before the second coming of Jesus Christ. Regardless of whether Jesus Christ returns in 10 years, 100 or 1,000 years; we can expect certain things to happen in the last ten-and-a-half-years before His return.
