

# **The White House 10**

**Thomas F. Pendel**

A Mormon in the White House? Hugh Hewitt, 2007-03-12 According to author and radio personality Hewitt, Mitt Romney-billionaire venture capitalist, consummate family man, gifted and media-savvy politician-would be unstoppable in the coming presidential race were it not for one niggling line on his resumé: he's a Mormon. Hewitt attempts to refute the claim that no Mormon could get elected President (along with any other claim that might be made against Romney) while analyzing the former Massachusetts governor's biography and burnishing his conservative and leadership credentials. Hewitt is an agreeable writer, wise enough to take detours (such as an edifying primer on Mormon history and thought) that stave off tedium. He spends far more time extolling Romney than excoriating his Republican and Democratic opponents.

*Ten Blocks from the White House* Ben W. Gilbert, 1969

*Real Life at the White House* John Whitcomb, Claire Whitcomb, 2002 An irresistible chronological overview of daily life in the presidential residence. Divided into 42 chapters representing each succeeding administration, this survey is brimming with fun facts, tantalizing tidbits, and memorable anecdotes detailing two centuries of domestic bliss and strife in the White House. From George Washington, who chose the sight and initiated work on the presidential mansion, to Bill Clinton, whose well-documented White House escapades titillated and scandalized the nation, each individual president has contributed to the mystique of the most readily recognized home in the U.S. Together with scores of drawings, portraits, and photographs, the breezy text chronicles the significant physical, social, and emotional changes wrought by each First Family as they sought to personalize daily life in the White House.

*Predicting the Next President* Allan J. Lichtman, 2012 In *Predicting the Next President* political analyst and historian Allan J. Lichtman presents thirteen historical factors, or keys (four political, seven performance, and two personality), that determine the outcome of presidential elections. In the chronological, successful application of these keys to every election since 1860, Lichtman dispels much of the mystery behind electoral politics and challenges many traditional assumptions. An indispensable resource for political junkies who want to get a head-start on calling Decision 2012.

The White House Patrick Phillips-Schrock, 2015-03-21 Formerly known as the President's House, then the Executive Mansion, and now for a long time the White House, this famous structure has a fascinating architectural history of ongoing change. The white painted façade of James Hoban's original structure has been added to and strengthened for more than 200 years, and its interior is a repository of some of America's greatest treasures. Artists such as Benjamin Latrobe, Pierre-Antoine Bellangé, the Herter Brothers, Louis Tiffany, Charles McKim, Lorenzo Winslow, Stéphane Boudin, Edward Vason Jones, and a host of others fashioned interiors that welcomed and inspired visitors both foreign and domestic. This meticulous history, featuring more than 325 photographs, diagrams and other illustrations, captures each stage of the White House's architectural and decorative evolution.

Art in the White House William Kloss, Doreen Bolger, 2008 This book presents the White House collection of paintings, drawings, and sculptures. Works by Jacob Lawrence, George Bellows, Gilbert Stuart, Norman Rockwell, and Georgia O'Keeffe are among the nearly 50 recent acquisitions included in this edition. The art selections are accompanied by an art historical essay.

**The Trump White House** Ronald Kessler, 2018-04-03 The unvarnished and unbiased inside story of President Donald Trump and his White House by New York Times bestselling author Ronald Kessler Based on exclusive interviews with the president and his staff, *The Trump White House: Changing the Rules of the Game* tells the real story of what Donald Trump is like, who influences him, how he makes decisions, what he says about the people around him, and how he operates when the television lights go off, while portraying the inside story of the successes that have already brought solid results as well as the stumbles that have turned off even longtime supporters and undercut his agenda. The Trump White House

reveals: • Trump aides Ivanka Trump and her husband Jared Kushner have been responsible for Trump's most disastrous decisions. Trump is aware that his daughter and son-in-law are problems and has hinted to them that they should go back to New York. Seeing Jared on TV, Trump said, "Look at Jared, he looks like a little boy, like a child." • First Lady Melania Trump has a tremendous impact on policy and strategy. She sits in on meetings and is widely admired by aides for her judgment. • Kellyanne Conway is the No. 1 White House leaker. • Trump's Secret Service Director Randolph "Tex" Alles proposed withdrawing protection from some Trump family members and aides to save money. Horrified White House staffers shot down the idea. • Trump has told friends that billionaires are constantly asking him to fix them up with longtime Communications Director Hope Hicks, a former model, but he says he refuses. • Trump calls certain reporters directly, feeding them stories attributed to "a senior White House official," creating the impression that the White House leaks even more than it already does. Never before has an American president had so much impact on the country and the world in so short a time as Donald Trump. Yet no president has stirred so much controversy, dominating media coverage and conversation both pro and con. Months after Trump took office, consumer confidence hit a seventeen-year high, unemployment plummeted to the lowest level in seventeen years, and the stock market zoomed to repeated record highs. At the same time, ISIS was nearly defeated, Arab countries banded together to stop financing terrorists and promoting radical Islamic ideology, and Trump's decision to send missiles into Syria because of its use of chemical weapons and his strident warnings to North Korean leader Kim Jong-un made it clear to adversaries that they take on the United States at their peril. Yet for all the media coverage, Trump remains a cipher. Ronald Kessler has known Trump and First Lady Melania Trump for two decades and understands him better than any other journalist. The book includes an exclusive interview with Trump, the only interview he says he has given or will give for a book as president. Crammed with media-grabbing revelations. The Trump White House is the unvarnished and unbiased inside story that answers the question: Who is Donald Trump?

**A Colored Man's Reminiscences of James Madison** Paul Jennings, 1865

**White House** Julie Murray, 2003-09-01 An introduction to the home of the United States president, including its history and design and construction.

*Entertaining at the White House*, 2019-10-15

**A Budget for a Better America**, 2019

*Thirty-Six Years in the White House* Thomas F. Pendel, 2008 The autobiographical story of the White House doorkeeper from the Lincoln presidency to the administration of Theodore Roosevelt.

**The White House in Miniature** Gail Buckland, 1994 Yet while the White House remains one of the country's most popular tourist spots, most Americans will never have the opportunity to visit and experience the thrill of history in the making..

**If the Walls Could Talk** Jane O'Connor, 2004-09-01 In case you've ever wondered, the walls at 1600 Pennsylvania Avenue have eyes and ears -- and, what's more, they don't miss a thing. Now, listen up because the walls have a thing or two to tell you! During President John Tyler's presidency, the White House was such a mess that it was called the Public Shabby House. President William Howard Taft was so large that he had to have a jumbo-size bathtub installed -- one big enough for four people. President Andrew Jackson's open door policy at the White House resulted in 20,000 people showing up for his inauguration party. (The new president escaped to the quiet of a nearby hotel!) President Abraham Lincoln didn't mind at all that his younger sons, Tad and Willie, kept pet goats in their White House bedrooms. Children all across the country sent in their own money to build an indoor swimming pool for wheelchair-bound President Franklin D. Roosevelt so that he could exercise. President Harry S. Truman knew it was time to renovate the White House after a leg on his daughter's piano broke right through the floor. Hear these funny, surprising stories and more

about the most famous home in America and the extraordinary families who have lived in it.

***Presidents' Most Wanted***<sup>™</sup> Nick Ragone, 2008-01-01 The presidency is a special office. Along with the vice president, the victorious candidate is our only nationally elected official, and the position has come to symbolize American government worldwide. In many ways, the office is greater than the people who have occupied it. In the 200-plus years of our nation's history, the presidency has grown and evolved dramatically. With the exception of Abraham Lincoln and Andrew Jackson, the nineteenth-century office holders exerted little executive power and mostly deferred to Congress on domestic affairs. Teddy Roosevelt began to change all that, and FDR completed the transformation with his New Deal, laying the foundations for the modern presidency. With the onset of the Cold War, the "imperial" presidency was in full bloom, and after a brief lull, the government's response to the war on terror has given the office new and unprecedented powers. Undoubtedly now the presidency is not only the most powerful and important job in the United States, but arguably in the world. *Presidents' Most Wanted*<sup>™</sup> celebrates the office, the people who inhabited it, and the process of winning it, with thirty-five chapters packed full of all sorts of presidential trivia. It covers everything from elections to first ladies to blunders and triumphs, and gives the reader an in-depth look at the most powerful person in the world.

**White House, Inc.** Dan Alexander, 2020-09-22 An in-depth investigation into Donald Trump's business—and how he used America's top job to service it. *White House, Inc.* is a newsmaking exposé that details President Trump's efforts to make money off of politics, taking us inside his exclusive clubs, luxury hotels, overseas partnerships, commercial properties, and personal mansions. Alexander tracks hundreds of millions of dollars flowing freely between big businesses and President Trump. He explains, in plain language, how Trump tried to translate power into profit, from the 2016 campaign to the ramp-up to the 2020 campaign. Just because you turn the presidency into a business doesn't necessarily mean you turn it into a good business. After Trump won the White House, profits plunged at certain properties, like the Doral golf resort in Miami. But the presidency also opened up new opportunities. Trump's commercial and residential property portfolio morphed into a one-of-a-kind marketplace, through which anyone, anywhere, could pay the president of the United States. Hundreds of customers—including foreign governments, big businesses, and individual investors—obliged. The president's disregard for norms sparked a trickle-down ethics crisis with no precedent in modern American history. Trump appointed an inner circle of centimillionaires and billionaires—including Ivanka Trump, Jared Kushner, Wilbur Ross, and Carl Icahn—who came with their own conflict-ridden portfolios. Following the president's lead, they trampled barriers meant to separate their financial holdings from their government roles. *White House, Inc.* is a page-turning, hair-raising investigation into Trump and his team, who corrupted the U.S. presidency and managed to avoid accountability. Until now.

**Mormon in the White House?** Hugh Hewitt, 2010-05 This book was written when Mitt Romney's star had risen as the 2008 presidential campaign got off to its very early start. With the higher profile have come the inevitable and necessary questions about Romney, a Mormon, answered by this book: What role did his father's failed presidential campaign play in shaping Romney? What is the 'Bain Way,' and what's that got to do with Romney? Does leadership of the Olympic Games really matter in politics? What about his family? Was he a success as gov.' Is he really pro-life? Did he fight the good fight on marriage? What are his advantages as the campaign for the presidency begins? What are the handicaps? Those are the first 9 questions, and then there is the 10th question: 'What about the Mormon Problem?'

*The White House Fellowships* President's Commission on White House Fellowships (U.S.), 1976

**The Black History of the White House** Clarence Lusane, 2013-01-23 The *Black History of the White House* presents the untold history, racial politics, and shifting significance of the White House as experienced by African Americans, from the generations of enslaved people who helped to build it or were forced to work there to its first black First Family, the Obamas. Clarence Lusane juxtaposes significant events in White House history

with the ongoing struggle for democratic, civil, and human rights by black Americans and demonstrates that only during crises have presidents used their authority to advance racial justice. He describes how in 1901 the building was officially named the “White House” amidst a furious backlash against President Roosevelt for inviting Booker T. Washington to dinner, and how that same year that saw the consolidation of white power with the departure of the last black Congressman elected after the Civil War. Lusane explores how, from its construction in 1792 to its becoming the home of the first black president, the White House has been a prism through which to view the progress and struggles of black Americans seeking full citizenship and justice. “Clarence Lusane is one of America’s most thoughtful and critical thinkers on issues of race, class and power.”—Manning Marable Barack Obama may be the first black president in the White House, but he's far from the first black person to work in it. In this fascinating history of all the enslaved people, workers and entertainers who spent time in the president's official residence over the years, Clarence Lusane restores the White House to its true colors.—Barbara Ehrenreich Reading *The Black History of the White House* shows us how much we DON'T know about our history, politics, and culture. In a very accessible and polished style, Clarence Lusane takes us inside the key national events of the American past and present. He reveals new dimensions of the black presence in the US from revolutionary days to the Obama campaign. Yes, 'black hands built the White House'—enslaved black hands—but they also built this country's economy, political system, and culture, in ways Lusane shows us in great detail. A particularly important feature of this book its personal storytelling: we see black political history through the experiences and insights of little-known participants in great American events. The detailed lives of Washington's slaves seeking freedom, or the complexities of Duke Ellington's relationships with the Truman and Eisenhower White House, show us American racism, and also black America's fierce hunger for freedom, in brand new and very exciting ways. This book would be a great addition to many courses in history, sociology, or ethnic studies courses. Highly recommended!—Howard Winant The White House was built with slave labor and at least six US presidents owned slaves during their time in office. With these facts, Clarence Lusane, a political science professor at American University, opens *The Black History of the White House*(City Lights), a fascinating story of race relations that plays out both on the domestic front and the international stage. As Lusane writes, 'The Lincoln White House resolved the issue of slavery, but not that of racism.' Along with the political calculations surrounding who gets invited to the White House are matters of musical tastes and opinionated first ladies, ingredients that make for good storytelling.—Boston Globe Dr. Clarence Lusane has published in *The Washington Post*, *The Miami Herald*, *The Baltimore Sun*, *Oakland Tribune*, *Black Scholar*, and *Race and Class*. He often appears on PBS, BET, C-SPAN, and other national media.

**Confidence Man** Maggie Haberman, 2022-10-05 From the Pulitzer Prize-winning New York Times reporter who has defined Donald J. Trump’s presidency like no other journalist: a magnificent and disturbing reckoning that chronicles his life and its impact, from his rise in New York City to his tortured postpresidency. All of Trump’s behavior as president had echoes in what came before. In this revelatory and news-making book, Haberman brings together the events of his life into a single mesmerizing work. It is the definitive account of one of the most norms-shattering and consequential eras in American political history.

Thank you for reading **The White House 10**. As you may know, people have look numerous times for their chosen readings like this *The White House 10*, but end up in infectious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some harmful virus inside their computer.
