A Sociolinguistic History of British English Lexicography Heming Yong,Jing Peng,2021-09-15 A Sociolinguistic History of British English Lexicography traces the evolution of British English dictionaries from their earliest roots to the end of the 20th century by adopting both sociolinguistic and lexicographical perspectives. It attempts to break out of the limits of the dictionary-ontology paradigm and set British English dictionary-making and research against a broader background of socio-cultural observations, thus relating the development of English lexicography to changes in English, accomplishments in English linguistics, social and cultural progress, and advances in science and technology. It unfolds a vivid, coherent and complete picture of how English dictionary-making develops from its archetype to the prescriptive, the historical, the descriptive and finally to the cognitive model, how it interrelates to the course of the development of a nation's culture and the historical growth of its lexicographical culture, as well as how English lexicography spreads from British English to other major regional varieties through inheritance, innovation and self-perfection. This volume will be of interest to students and academics of English lexicography, English linguistics and world English lexicography.

The Butterfly Elizabeth Wright,2015-12-07 Do you want God to transform you and your entire life? Perhaps you have tried time and time again to have an eternal life-changing transformation in life and nothing emerged. Today, God desires to give you a spiritual make-over, that is, one that you'll never forget, and one that transcends everything you've ever known. God will change you from the inside-out. In Elizabeth's new book *The Butterfly*, she shares her deepest writings as she journeys through the different stages of the metamorphosis of a butterfly as it may be similar to our spiritual transformation experienced in Christ. So, keep your eyes opened, ears unclogged, and hear what the spirit is saying to the church. Included in this refreshing new Book are 50 devotionals, some of the writings are as though the prophets, disciples, and Jesus are speaking directly to you. These writings were written during a time of complexity, illness, and enduring faith. Elizabeth shares her experiences and gives further details about how Jesus shows up when you least expect him, that is, in despair, loneliness, sickness, times when it seems like hope is gone, and when he is calling you into another dimension of his glory. These readings will help you discover purpose and transformation in your life, as you are guided by the spirit of the living God, because Life without God (i.e. Jesus Christ) is no life at all.

Embodiment and the Arts: Views from South Africa Jenni Lauwrens,2022-11-21 About the publication Embodiment and the Arts: Views from South Africa presents a diversity of views on the nature and status of the body in relation to acting, advertisements, designs, films, installations, music, photographs, performance, typography, and video works. Applying the methodologies of phenomenology, hermeneutic phenomenology, embodied perception, ecological psychology, and sense-based research, the authors place the body at the centre of their analyses. The cornerstone of the research presented here is the view that aesthetic experience is active and engaged rather than passive and disinterested. This novel volume offers a rich and diverse range of applications of the paradigm of embodiment to the arts in South Africa. Table of Contents List of figures List of tables Acknowledgments Notes on contributors PART 1 Conceptualising embodiment and the arts Chapter 1 Embodiment and the arts in context Jenni Lauwrens 1 Plotting a course 2 Embodiment 3 Aesthetic embodiment 4 The sensorium 5 Too deep for words? 6 Overview of chapters Chapter 2 Enactive cognition in improvising musical ensembles: A South African perspective Marc Duby 1 Introduction 2 The promise of embodied cognition 3 4E cognition: A brief overview 4 Musicking and enactive cognition 5 Conclusion PART 2: Sensory scholarship Chapter 3 Sight/site-specific recording: Embodiment and absence Marc Röntsch 1 Introduction 2 Background 3 Embodiment and artistic research 4 Jazz ensemble playing 5 Blinding 6 On absence 7 Conclusion Chapter 4 The art of touch in remote online environments Jenni Lauwrens 1 Introduction 2 The significance and boundaries of touch 3 Out of touch 4 Holding hands over the internet: Telepresence, co-presence and the promise of digital touch 5 Chasing the Holy Grail of touch 6 Haptic visibility and the memory of touch 7 Conclusion Chapter 5 Outer space and sensory deprivation (or why is outer space so bland?) Some One Needs to Tell the Truth Michael J. Hall, This document includes questions and answers on political, racial, religious, and constitutional issues in the communities, country, and the world, through observation, commentary, and resolution.

Oxford Thesaurus of English Maurice Waite,2009-08-13 The leading single-volume English thesaurus explores the richness of the English language with hundreds of thousands of synonyms and antonyms, and thousands of example sentences drawn from the Oxford English Corpus; finds the word you need quickly with carefully chosen and arranged synonyms; broadens your vocabulary and finds solutions to word puzzles and crosswords with hundreds of thematic word lists; and helps express yourself more accurately with hundreds of 'Choose the Right Word' boxes exploring the difference between similar words. --Book Jacket.

Equality, Diversity and Inclusion at Work Mustafa Ezbilgin,2009-01-01 Equality, Diversity and Inclusion at Work is certainly a recommended read for EDI scholars interested in both established and novel perspectives on the field. . . Practitioners, whether directly involved with diversity management or not, can also use this volume to gain significant insight into the variety of perspectives

on diversity management and training. Florence Villesèche, Management This collection can serve as a mirror for all of us who spend much of our lives in work organizations. From diverse vantage points, the authors help us see and understand the dynamics through which workplaces are gendered to the advantage of some and the disadvantage of others. For those of us wanting to transform those dynamics and create organizational cultures characterized by fairness, support, and cooperation, this book is a must-read. Jay Coakley, University of Colorado, Colorado Springs, US Equality, Diversity and Inclusion at Work, edited by Mustafa F. Özbilgin is a fascinating and useful collection of articles that cover varied perspectives on this thriving topic. Theoretical issues and policy problems, equal opportunity and diversity management, sociological and psychological approaches, history and present management and trade union efforts, and much more are all covered. I particularly appreciated the inclusion of several articles on men, masculinities, equality and diversity, a refreshing recognition of the importance of men and masculinities in the success or failure of equality and diversity efforts. Although the collection covers the UK in the most detail, chapters on the US, Germany, South Africa, and Japan provide a multinational perspective. It is the kind of book I'd like to have at hand when I'm writing about organizations, gender, equality and diversity. Joan Acker, University of Oregon, US With over thirty chapters, this book offers a truly interdisciplinary collection of original contributions that are likely to influence theorization in the field of equality, diversity and inclusion at work. Many chapters in the book offer comparative perspectives through cross-national and multi-level analyses. The volume adopts a critical perspective as it focuses on relations of power in exploring equality, diversity and inclusion at work. Specifically, the authors examine areas such as cultural conflict, gender inequity and politics, work life balance, affirmative action, trade unions and diversity and diversity interventions and change. This timely book with chapters that are contributed by internationally eminent scholars will prove to be an invaluable resource for researchers, policy makers and students in this field.

The SAGE Encyclopedia of Corporate Reputation Craig E. Carroll, 2016-05-04 What creates corporate reputations and how should organizations respond? Corporate reputation is a growing research field in disciplines as diverse as communication, management, marketing, industrial and organizational psychology, and sociology. As a formal area of academic study, it is relatively young with roots in the 1980s and the emergence of specialized reputation rankings for industries, products/services, and performance dimensions and for regions. Such rankings resulted in competition between organizations and the alignment of organizational activities to qualify and improve standings in the rankings. In addition, today's changing stakeholder expectations, the growth of advocacy, demand for more disclosures and greater transparency, and globalized, mediatized environments create new challenges, pitfalls, and opportunities for organizations. Successfully engaging, dealing with, and working through reputational challenges requires an understanding of options and tools for organizational decision-making and stakeholder engagement. For the first time, the vast and important field of corporate reputation is explored in the format of an encyclopedic reference. The SAGE Encyclopedia of Corporate Reputation comprehensively overviews concepts and techniques for identifying, building, measuring, monitoring, evaluating, maintaining, valuing, living up to and/or changing corporate reputations. Key features include: 300 signed entries are organized in A-to-Z fashion in 2 volumes available in a choice of electronic or print formats Entries conclude with Cross-References and Further Readings to guide students to in-depth resources. Although organized A-to-Z, a thematic "Reader's Guide" in the front matter groups related entries by broad areas A Chronology provides historical perspective on the development of corporate reputation as a discrete field of study. A Resource Guide in the back matter lists classic books, key journals, associations, websites, and selected degree programs of relevance to corporate reputation. A General Bibliography will be accompanied by visual maps noting the relationships between the various disciplines touching upon corporate reputation studies. The work concludes with a comprehensive Index, which—in the electronic version—combines with the Reader's Guide and Cross-References to provide thorough search-and-browse capabilities

The SAGE Dictionary of Qualitative Inquiry Thomas A. Schwandt, 2014-12-19 In this Fourth Edition of The SAGE Dictionary of Qualitative Inquiry Thomas A. Schwandt provides a guide to the terms and phrases that help shape the origins, purpose, logic, meaning, and methods of the practices known as qualitative inquiry. This edition features 20 additional terms as well as a restructured Reader's Guide. Key references have been updated and select terms and phrases from previous editions have been reorganized and greatly expanded. Together, the dictionary entries provide a guide to the methodological and epistemological concepts and theoretical orientations of qualitative inquiry. This one-of-a-kind resource is ideal for readers who are navigating various perspectives on qualitative inquiry, working on a qualitative dissertation, or are launching their own investigations into the issues covered.

A Dictionary of Journalism Tony Harcup, 2014-05 This dictionary includes over 1,400 entries covering terminology related to the practice, business, and technology of journalism, as well as its concepts and theories, institutions, publications, and key events. An essential companion for all students taking courses in Journalism and Journalism Studies, as well as related subjects.

The SAGE Handbook of Research in International Education Mary Hayden, Jeff Thompson, Jack Levy, 2007-01-03 "The editors of the SAGE Handbook of Research in International Education have brought together an impressive array of scholars whose cutting edge research addresses the growing field of international education, from the experiences of K-12 schools around the world to the field of teacher education. This book raises important questions and should be read by a broad audience" - Kenneth Cushner, Executive Director of International Affairs and Professor of Education, Kent State University "The editors of this admirable handbook have set out to produce a report on international education. Their consummate success in doing so gives those of us working in the field a new and invaluable resource. The editors may be academics but this is a book largely written by, about and for those whose job it is to teach "internationally". No-one working in international education will fail to be provoked, challenged or inspired by the compelling arguments advanced within this authoritative volume" - Peter MacKenzie, Principal, Hiroshima International School "The book is well organized in carefully integrated sections and chapters and the references alone are a valuable bibliographical tool. An indispensable work highly recommended for education reference collections and the libraries of individual researchers" - J.B. Thomas, Emeritus Professor of Educational Studies, Loughborough University Interest in the field of international education has never been more intense than at present. There are a rapidly increasing number of schools worldwide set up specifically to meet the demands of those parents who, through their own professional activities, wish to have their sons and daughters educated in schools that offer programmes based on international values. Such schools have embraced the promotion of international education as one of their major goals and, consequently, an increasing number of organisations currently offer curricula that claim to be international in nature. Such global movements have created a parallel increase in the incorporation of forms of international education within national school systems throughout the world. This has resulted in wider forms of collaboration between schools in the public and private sectors, nationally and internationally, generating a much more substantial base of professional experience in the implementation of schemes for international education than had previously existed. This book analyses the origins, contributions and interpretations of international education. The authors identify approaches to research that will progress our knowledge and understanding of the field, and extend and even redraw it, on the basis of the research evidence presented. Content includes: - A historical overview of the ways in which the term international education has been interpreted - The theoretical interpretation of international education in its current context - International education in practice: exploration of the issues in terms of students, curricula, pedagogies and organising formal institutions - Conceptual challenges for international education in the future This handbook is an essential resource for those who are involved in the practice and academic study of international education. It will be of particular interest to researchers and teachers in universities, governmental and private curriculum development agencies,

examination authorities, administrators and teachers in schools. 'This volume is another valuable SAGE contribution to the expanding literature on international education. Not all handbooks are described as essential reading but this one will be, and will become an indispensable work of reference highly recommended for education libraries (both academic and governmental) and for the bookshelves of individual researchers and all involved in international education...the three editors and their fellow authors can take a collective pride in having given us an excellent volume which very successfully completes a chronological and theoretical journey through the issues, practices and future questions presented by international research and practice in international education' - Journal of Research in International Education

English Synonyms And Antonyms, With Notes On The Correct Use Of Prepositions James Champlin Fernald,2022-10-26 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The SAGE Dictionary of Sociology Steve Bruce,Steven Yearley,2006-01-05 Undoubtedly the most accessible, readable and downright interesting - even amusing - dictionary of its type. In being all of those things - and more - the dictionary does not sacrifice on quality. There are many well-chosen entries and they are quite informative. A useful addition to any scholar's library while at the same time being an excellent resource for both graduate and undergraduate students - George Ritzer, University of Maryland This is a delightful and comprehensive dictionary. The authors write in an engaging and lively style that brings alive the ideas of sociology not only for existing practitioners, but also for a whole new generation of students - Tim May, University of Salford With over 1000 entries on key concepts and theorists, The SAGE Dictionary of Sociology provides full coverage of the field, clarifying the technical use of apparently common words, explaining the fundamental concepts and introducing new and unfamiliar terms. This book provides: authoritative, reliable definitions accessible 'digests' of key arguments contemporary, appealing illustrations of points readability. This is not just another dry guide to the discipline. Engagingly written with its audience firmly in mind, it will be the definitive and chosen companion to established textbooks and teaching materials in sociology.

The Coding Manual for Qualitative Researchers Johnny Saldana,2012-10-04 The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis -demonstrates the writing of analytic memos -discusses available analytic software - suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of qualitative inquiry, this book is essential reading across the social sciences.

Oxford American Writer's Thesaurus ,2012 Features more than three hundred thousand synonyms and ten thousand antonyms, as well as nearly two hundred collections of nouns to add detail to writing and quick guides to easily confused words.

The SAGE Dictionary of Criminology Eugene McLaughlin,John Muncie,2012-11-30 Now in its third edition, this bestselling reference text has established itself as the authoritative source covering the key concepts, theories, and methods in criminology and criminal justice. Edited by two of the leading figures in the field, the book is: Comprehensive: with now over 300 entries, the third edition has been updated to include new entries and an expanded editorial introduction Definitive: concepts are precisely defined so students have a clear understanding of the history and development of each topic and debate Student-focused: each entry maps connections across various fields and issues and includes further reading to extend students' knowledge throughout their studies International: contributions from internationally renowned academics and practitioners ensure that this book is global and comparative throughout This wide-ranging reference and research tool will be an essential companion for students and academics within criminology, criminal justice and legal studies and related fields including sociology, social policy, psychology and cultural studies.

The Skinny on Discipleship Katie Edwards,Ken Castor,2015-05-28 Life-shaping discipleship isn't a random event. It's an intentional adventure, and teenagers need someone who's walking with them on the journey and helping them grow as a disciple of Jesus Christ. Jesus modeled this for us through relationship with his closest disciples. He spent time with them, shared life with them, taught them to obey, shared experiences with them, gave them direction, and promised to be with them. This is what we are called to as youth workers—the model for us to follow. The Skinny on Discipleship will become a practical guide in your role as a disciple-maker. You'll discover innovative insights and powerful encouragement for knowing Jesus, loving him, and placing him at the center of your life—and then helping teenagers along on that same journey. When it comes to discipleship, there are no shortcuts, there's no handbook for teenagers, and there's no timeline on what it will take to help each teenager draw closer to Jesus. But you can follow the model of Jesus, rely on the truth that he's with you, and remember that ultimately he loves teenagers even more than you do.

Dimitrie Cantemir, Salvation of the Sage and Ruin of the Sinful World Ioana Feodorov,Yulia I. Petrova,Virgil Cîndea,2016-03-11 This is a thoroughly revised and expanded version of the first edition of the Arabic version of Dimitrie Cantemir's The Divan or the Sage's Dispute with the World (Ṣalāḥ al-ḥakīm wa-fasād al-ʿālam al-ḡamīm) (Iași, 1698), his first printed book, the earliest ethical treatise in Romanian literature and a testimony to his wide knowledge, reading, and proficiency in foreign languages. Completed in 1705 by Athanasius III Dabbās, Patriarch of the Antiochian Church (1684-1694, 1720-1724), the Arabic text is accompanied by the first translation into a modern language, English. Book III contains Cantemir's version of the Latin work Stimuli virtutum, fraena peccatorum (Amsterdam, 1682) by the Unitarian Andzrej Wyszowaty (Andreas Wissovatius) of Raków (Poland), a chief representative of the Polish Brethren. Thus, in the space of twenty-three years Central-European Protestant ideas reached the Arab Christians of Ottoman Syria, by way of Greek and Arabic.
