Think and Grow Rich Napoleon Hill, 2005-08-18 The bestselling success book of all time—now revised and updated for the 21st century. Think and Grow Rich has been called the “Granddaddy of All Motivational Literature.” It was the first book to boldly ask, “What makes a winner?” The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent “a fortune and the better part of a lifetime of effort” to produce the “Law of Success” philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

Think and Grow Rich Napoleon Hill, 2016-03-29 This is the large print, complete and unabridged edition of the original classic – Think and Grow Rich. It's 16 point Garamond, on 60# white paper in a large 8x10 format. IN EVERY chapter of this book, mention has been made of the moneymaking secret which has made fortunes for more than five hundred exceedingly wealthy men whom I have carefully analyzed over a long period of years. The secret was brought to my attention by Andrew Carnegie, more than a quarter of a century ago. The canny, lovable old Scotsman carelessly tossed it into my mind, when I was but a boy. Then he sat back in his chair, with a merry twinkle in his eyes, and watched carefully to see if I had brains enough to understand the full significance of what he had said to me. When he saw that I had grasped the idea, he asked if I would be willing to spend twenty years or more, preparing myself to take it to the world, to men and women who, without the secret, might go through life as failures. I said I would, and with Mr. Carnegie's cooperation, I have kept my promise. – From Author's Preface

The New Think & Grow Rich Ted Ciuba, 2008 Why Write A New Think and Grow Rich? At first exposure the very idea of rewriting the greatest success classic of all time sounds like some fruit from California announcing he's re-written the Bible. However, looking at it correctly, wouldn't it be amazing if a how-to manual didn't need updating after 70 years of service? What other body of knowledge and practice has not progressed dramatically in the intervening years?! Can the science of personal achievement be any different? So what kinds of changes can you expect? Certainly modern advances in neuro-science, motivation, NLP, and quantum reality make it easier to grasp the secret, and have been included. Also, those uncomfortable isms of an antique age have been eliminated. You no longer have to be a white American male to achieve success..thus the language, quotes, examples and stories include, while retaining much of the familiar work, women, other races and nationalities. More accessible for young people, who need it most!

Think and Grow Rich Napoleon Hill, 2014-04-09 Think and Grow Rich – The Thirteen Steps to Riches – The Complete Edition by Napoleon Hill – Brand New Copy – Think and Grow Rich is a 1937 motivational personal development and self-help book by Napoleon Hill and inspired by a suggestion from Scottish-American businessman Andrew Carnegie. While the title implies that this book deals with how to get rich, the author explains that the philosophy taught in the book can be used to help people succeed in all lines of work and to do or be almost anything they want. Jim Murray (sports writer) wrote that Think and Grow Rich was credited for Ken Norton's boxing upset of Muhammad Ali in 1973. The Reverend Charles Stanley writes, I began to apply the principles of (Think and Grow Rich) to my endeavors as a pastor, and I discovered they worked! The book was first published during the Great Depression. At the time of Hill's death in 1970, Think and Grow Rich had sold more than 20 million copies and by 2011 over 70 million copies had been sold worldwide. It remains the biggest seller of Napoleon Hill's books. BusinessWeek Magazine's Best-Seller List ranked it the sixth best-selling paperback business book 70 years after it was published. Think and Grow Rich is listed in John C. Maxwell's A Lifetime Must Read Books List. The text of Think and Grow Rich is founded on Hill's earlier work The Law of Success, the result of more than twenty years of research based on Hill's close association with a large number of individuals who achieved great wealth during their lifetimes. At Andrew Carnegie's bidding, Hill studied the characteristics of these achievers and developed 16 laws of success meant to be applied by people to achieve success. Think and Grow Rich condenses these laws further and provides the reader with 13 principles in the form of a philosophy of personal achievement. International Speaker Mark Victor Hansen says time has proven 2 of the laws/principles

to be most important: 1) The MasterMind principle/process and 2) Know very clearly where you want to go. It is noted in the book that an individual with desire, faith and persistence can reach great heights by eliminating negative energy and thoughts and focusing on the greater goals in hand. The 13 steps listed in the book are: 1. Desire 2. Faith 3. Autosuggestion 4. Specialized Knowledge 5. Imagination 6. Organized Planning 7. Decision 8. Persistence 9. Power of the Master Mind 10. The Mystery of Sex Transmutation 11. The Subconscious Mind 12. The Brain 13. The Sixth Sense
