Everything about Timeshares Wayne C Robinson, 2018-10-30 Are you a timeshare owner who is DISAPPOINTED with your purchase because the program doesn't work out the way you expected or were told? Have you been spending HOURS on timeshare user forums, i.e. redweek.com, tug2.com, timeshare resale sites, and reading headline news about how to get rid of a timeshare, and are not sure of what to do? Have you been contacted by timeshare attorneys or timeshare solutions companies that promise to get rid of your timeshare - FOR A HEFTY FEE? LEARN THE TRUTH ABOUT HOW TO GET RID OF YOUR TIMESHARE How to easily sue a resort developer for breach of contract and get some or all of your money returned including damages. How some owners are getting the resorts to buy back their timeshare How to walk away from your timeshare without any legal ramifications or credit issues no matter where you bought The secrets that resorts, timeshare attorneys, and timeshare solutions and news reporters are not sharing with you that affect your timeshare ownership and usage How to best use your timeshare and travel around the world despite your past experiences Why you should never buy a timeshare while on vacation, or at a resort AND MUCH MORE... The information provided by timeshare attorneys, timeshare solutions companies, and timeshare resale sites, and many resorts are irrelevant and misleading. Many charge big bucks for something you can do yourself. Most of those have never worked in the timeshare industry. How much could they possibly know? Some timeshare forums charge membership fees and include frivolous discussions on what people think they know what goes on behind the scenes, and everybody has his or her own opinions. Who do you believe? Most of those have never worked in the timeshare industry. How much could they possibly know? Some timeshare forums charge membership fees and include frivolous discussions on what people think they know what goes on behind the scenes, and everybody has his or her own opinions. Who do you believe? Moreover, timeshare attorneys within the U.S. know very little, if anything, about timeshares in another state or in foreign countries. In fact, if one is a licensed attorney for one state, he or she cannot legally represent you in all states, or in other countries. BUT THEY WILL GUARANTEE THAT THEY CAN GET YOU OUT OF A TIMESHARE NO MATTER WHERE IT IS. WHY DO YOU THINK THAT IS? Just because one has the title of attorney and an attractive website, do you think that this prevents them from lying to get your money? Oh that's right. Attorneys don't lie. Many will use a sales tactic called a take away, and tell you up front that they are not sure whether they can assist you. Then, later, they will tell you that they can - FOR A FEE. Hmmm. Did you know that if you are a foreigner and you own a timeshare in Mexico or any other foreign country, at any time, you can just walk away without any legal issues or affecting your credit? Why? Because your timeshare contract only applies in that country, and if there is any litigation, it can only be applied to that country. A RIGHT TO USE PURCHASE DOES NOT FOLLOW YOU IN YOUR HOME TURF. Some foreign timeshares are not legal in the countries in which you purchased, for the following reasons: The contract states the any legal issues must be taken up in Panama or some other offshore tax haven The timeshare company doesn't own the resorts they are selling in, even if they are included in the RCI or I.I. resort directories The timeshare company that sold you the timeshare is operating illegally behind the skirts of the resort, a completely separate entity, and in many cases, do not own inventory at any of the resorts, which is why members are frustrated that they cannot get in. This is the only source that you will ever need to know everything about the timeshare industry, and how you can get rid of your timeshare for free. No more spending hours on forums, speaking to attorneys and surfing the Internet.

However there are loopholes that have been exploited by the unscrupulous and complaints about long term holiday clubs have grown dramatically. The Commission is seeking to address these problems with proposals for a broader directive. This report considers that directive's strengths and weaknesses.

You question, with the down economy is it a worthy investment at all? Or maybe you've already invested on timeshare property that you meant to use for vacation getaways but it's nowadays, most of the time, not in use and yet you keep paying for the monthly and annual fees. More importantly, you can really obtain a hefty profit from it when you sell the property or rent it out. This book will give out some of the following tips and more:1. Foresight in location is important. We all know that in real estate, properties in major tourist destinations are pricey. This way, you've saved a lot of money in buying the property but earn a hefty return by the time you want to sell or rent out.2. Do your research.
