Self Timesheet Manager Ivan Perilli,2020-10-17 Third Edition! Fully revamped and extended, with more examples, FAQs and tips!A motivational handbook? No. The Self Timesheet Manager (STM) is an extremely practical time-management method for a very productive week, in both quality and quantity. A regular, unstoppable week after week action... not for the faint of heart! With quality delivered in the long term, thanks to the mindset and the practical approach that the Self Timesheet Manager will provide, you will really enjoy working on your passions and goals, with no pressure and in your free time.I started properly designing the Self Timesheet Manager to allow myself to get my lifetime to-do list done as I was tired, frustrated and sad of seeing the list growing and growing in my mind and longer and longer in my notes, almost like taking real, tangible dust. It was painful to check my notes and realize I wrote down ideas that were still there, more than five years later. My STM is to achieve long term satisfaction, to seriously handle medium and long term goals. When something may need a year of weekly effort, the STM makes you shape it and gives you the way to deal with that time, not with inspirational quotes but with a trustworthy agreement with yourself.
