Birdhouses of the World Anne Schmauss, 2019-12-15 View a stunning collection of beautiful birdhouses, plus design specifications and tips to buy your own and what your future feathered tenants will need. Birds love houses as much as humans do. Well, not all birds—mainly the cavity nesters, which are just as comfortable inside a “house” hanging from a branch or mounted on a pole in someone’s backyard as they are inside the trunk of a tree. In *Birdhouses of the World*, author Anne Schmauss offers readers a collection of beautiful, whimsical, fantastical, stop-you-in-your-tracks-amazing birdhouses created by designers and bird lovers around the world. Schmauss starts off with a brief history of human-made birdhouses, then moved right into descriptions and photos of more than forty birdhouses found in the United States, Canada, England, Denmark, the Netherlands, Germany, Egypt, Turkey, Lebanon, and Japan. Most important in her selection is the wow factor. These birdhouses are spectacular in their creativity, ingenuity, and sheer originality. With styles ranging from sleek and modern to elaborate Victorian to hobbit style, they’re as varied as human houses and illustrate the variety of designs found throughout the world. Also included are specifications for each birdhouse, a nesting chart listing the most common cavity nesters in North America and their birdhouse needs, and a guide to what to look for when buying a good birdhouse. *Birdhouses of the World* offers a captivating look at the creativity that can result when a functional structure is infused with a love

birds. Praise for Birdhouses of the World "[Author Anne] Schmauss searched the world to showcase the "coolest" birdhouses and tell their stories. And what birdhouses she has found." –Los Angeles Times "A fascinating, "stop-you-in-your-tracks" tour of birdhouses crafted by designers and bird enthusiasts all around the world." –Mother Nature Network "To judge from the imaginative birdhouses in Birdhouses of the World, some birds are inhabiting stylish architecture of the sort most of us can only dream about." –The Santa Fe New Mexican

The Feather Birdhouse Robin Carpenter, 2021-07-14 The Feather Birdhouse or *Birds On The Move* is a coming-of-age adventure story about a bird named Squawky (a great-grackle) who keeps getting into trouble. His friends, the four Wend sisters (starlings), the Doves, and Pidge (an inexperienced rock pigeon), can't help. Luckily, Uncle Motley, the old cowbird is there to give advice to all. This is a great book for young readers interested in imaginative stories about birds, nature, and caring about the environment. The book contains 22 color illustrations and information to learn more about birds. It challenges the reader to create a nature journal, story, or bird record of their own to answer the question - What's in Your Birdhouse World? Based on real birds, people, places, and events, the Feather Birdhouse is an outdoor birdhouse world in the city. Squawky, an orphan raised by doves, sets out on a troubled quest to find a girlfriend and figure out where he fits into the bird world. Meanwhile, environmental and human factors, unknown to the birds, threaten everything. Will the Feather Birdhouse be destroyed? Who will save the day? Squawky navigates through difficult situations including being bullied by the Grackle Gang and being made fun of by Brassy and the Beauty Birds. But in the end, he gets through all his troubles and reminds us that it's tough to be a bird!
