The Little Little Tiny Tiny Small Small House Barbara Winningham,2017-11-21 This picture book tells a story of a young lady who realizes the infrastructure of her time has changed from the beginning of civilization. The characters reveal the necessities of daily living. Old Hot George keeps the house warm. Busy Betsy cooks the food with Grandma Lillies help and Sudsy Suzy keeps her clean and refreshed. The story reveals to children that Booties grandparents reside in the little-little, tiny-tiny, small-small house and share their simple lives with her. In her book, author Barbara Winningham, captures a time when people were thankful for what they had; when people expressed enjoyment with hardships and had great respect for each other. As you read and look at the colorful illustrations, it becomes very evident that life was simple, uncluttered and happy. Bootie so enjoys the needs of everyday life in the unique characters of the book. Filled with vivid, colorful, easy-to-follow illustrations, The Little Little Tiny Tiny Small Small House presents to all readers a clear view of how modern conveniences, as we know them, could change at any given time. Viewed as a series, this story continues in the same vein of the authors first five published books- The Turtle Pit, My Kitty Dog, Chatters Nut House, The Mud Racing Contest At A Town Called Toad Suck and Shadow Chaser. We see many different pathways of information, guidance and inspiration revealed to the young readers mind.

**The Tiny Mansion** Keir Graff,2021-09-07 In this pitch-perfect middle grade adventure, twelve-year-old Dagmar must endure a summer living off-the-grid with her family in a tiny home. Now available in paperback! The last thing Dagmar wants is to spend her summer vacation squished into a tiny house with her dad, her stepmom, and her annoying five-year-old half brother. But after a sudden financial setback, her family is evicted from their Oakland apartment, and that's just where they end up, parked among the towering redwoods of Northern California. As Dagmar explores the forest around their new and (hopefully) temporary home, she discovers they are living next door to an eccentric tech billionaire and his very unusual extended family. There's his brother, a woodsman who sets dangerous booby traps all over the place, and his sister, a New Age animal lover who meditates to whale songs in an isolation tank. And then there's the billionaire's son, Blake, who has everything he could ever wish for--except maybe a friend. But when a wildfire engulfs the forest, everyone--rich and poor, kid and adult--will have to work together to escape. And with both families at risk of losing everything, it turns out it's not the size of the home but the people you share it with that matters.
