

Tom And Jerry Rig A Bridge

Larry Bond

Dangerous Ground Larry Bond,2007-04-01 The USS Memphis, a dilapidated submarine that that should have been mothballed decades ago, has been given one last mission by the newly elected president. The task: To sneak illegally into Russia's coastal waters and recon the leaking nuclear fuel containers hidden on the floor of the Arctic Ocean. More than just an environmental nightmare, this radioactive burial ground houses enough nuclear capability to destroy most of America's major cities. Lowell Hardy: The Memphis's commander, who had been looking forward to flag rank and pleasant duty upon the sub's decommissioning. Now he is trapped in an inconceivably dangerous and illegal mission which could easily end his career, if not his life and the lives of his crew. But it's the crew who feel Hardy's tension as he tyrannizes everyone on board to ensure they'll be ready for anything. Jerry Mitchell: A former naval pilot with political connections, he is a novice submariner, unprepared for his demanding job as a weapons officer. Central to the Memphis's mission, Mitchell may be its greatest liability . . . or its ultimate salvation. Dr. Joanna Patterson: The senior civilian scientist, appointed by and reporting to the president, she is a world-class expert on nuclear fuel contamination--and every bit as demanding as Hardy. Patterson and her partner, Dr. Emily Davis, soon find themselves battling flaring tempers, faulty machinery, lethal radioactivity, and the raging arctic seas. The submariners: Seething with rage at their Captain Bligh-like commander and the equally domineering Joanna Patterson, they are also at war with Jerry Mitchell, and one another. Like the captain, they feel they deserve better, not this antiquated relic, not this hostile scientist, not this novice weapons officer, and definitely not this disastrously dangerous mission. Nor is the mission what it seems. Lurking beneath the frigid, black, radioactive waters is a secret far more deadly than anything naval command could imagine--a secret so menacing the Russian Fleet is hell-bent on destroying the Memphis and all who sail in her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Seekers John Densmore,2021-11-16 The iconic drummer of The Doors investigates his own relationship with creativity and explores the meaning of artistry with other artists and performers in this compelling and spellbinding memoir. Whether it's the curiosity that blossoms after we listen to our favorite band's newest record, or the sheer admiration we feel after watching a knockout performance, many of us have experienced art so pure-so innovative-that we can't help but wonder afterwards: How did they do that? And yet, few of us are in a position to be able to ask those memorable legends where their inspiration comes from and how they translated it into something fresh and new. Fortunately for us, this book is here to offer us a bridge. In *The Seekers*, John Densmore-the iconic drummer of The Doors and author of the New York Times bestseller *Riders on the Storm*-digs deep into his own process and draws upon his privileged access to his fellow artists and performers in order to explore the origins of creativity itself. Weaving together anecdotes from the author's personal notebooks and experiences over the past fifty years, this book takes readers on a rich, thought-provoking journey into the soul of the artist. By understanding creativity's roots, Densmore ultimately introduces us to the realm of everyday inspirations that imbue our lives with meaning. Inspired by the classic spiritual memoir *Meetings with Remarkable Men*, this book is fueled by Densmore's abundant collection of transformative experiences-both personal and professional-with everyone from Ravi Shankar to Patti Smith, Jim Morrison to Janis Joplin, Bob Marley to Gustavo Dudamel, Lou Reed to Van Morrison, Jerry Lee Lewis to his own dear, late Doors bandmate Ray Manzarek. Ultimately, the result is not only a look into the hearts and minds of some of the most important artists of the past century-but a way for readers to identify and ignite their own creative spark, and light their own fire.

Popularity: A Bridge between Classical and Behavioral Finance Roger G. Ibbotson,Thomas M. Idzorek,Paul D. Kaplan,James X. Xiong,2018 Classical and behavioral finance are often seen as being at odds, but the idea of “popularity” has been introduced as a way of reconciling the two approaches. Investors like or dislike various characteristics of securities for rational reasons (as in classical finance) or irrational reasons (as in behavioral finance), which makes the assets popular or unpopular. In the capital markets, popular (unpopular) securities trade at prices that are higher (lower) than they would be otherwise; hence, the shares may provide lower (higher) expected returns.This book builds on this idea and expands it in two major ways. First, it introduces a rigorous asset pricing model, the popularity asset pricing model (PAPM), which adds investor preferences for security characteristics other than the risk and expected return that are part of the capital asset pricing model. A major conclusion of the PAPM is that the expected return of any security is a linear function of not only its systematic risk (beta) but also of all security characteristics that investors care about. The other major contribution of the book is new empirical work that, while confirming the well-known premiums (such as size, value, and liquidity) in a popularity context, supports the popularity hypothesis on the basis of portfolios of stocks based on such characteristics as brand value, sustainable competitive advantage, and reputation. Popularity unifies the factors that affect price in classical finance with those that drive price in behavioral finance, thus creating a unifying theory or bridge between classical and behavioral finance.

Bookseller ,1891 Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

The Bookseller and the Stationery Trades' Journal ,1891 Official organ of the book trade of the United Kingdom.

Red Storm Rising Tom Clancy,1987-07-01 From the author of the Jack Ryan series comes an electrifying #1 New York Times bestseller—a standalone military thriller that envisions World War 3... A chillingly authentic vision of modern war, *Red Storm Rising* is as powerful as it is ambitious. Using the latest advancements in military technology, the world's superpowers battle on land, sea,

and air for ultimate global control. It is a story you will never forget. Hard-hitting. Suspenseful. And frighteningly real. “Harrowing...tense...a chilling ring of truth.”—TIME
