

Tom Venuto Gold 1678

Joanna Shupe

Opera in Seventeenth-Century Venice Ellen Rosand,2007-10-09 In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness.—Andrew Porter This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general.—Lorenzo Bianconi

The Ranuzzi Manuscripts Maria Xenia Zevelechi Wells,University of Texas at Austin. Humanities Research Center,1980

Burn the Fat, Feed the Muscle Tom Venuto,2013-12-10 A smart, energizing program to help you shed fat, build muscle, and achieve your ideal body in just 30 days! A huge success as a self-published ebook, *Burn the Fat, Feed the Muscle* is the bible of fat loss that will allow any reader to get his or her dream body. Tom Venuto has created a program using the secrets of the world's leanest people,although it's not about getting ripped; it is about maximizing your fat loss through nutrient timing and strategic exercise. This totally revised and 25% new book includes a never-before-shared plan that will make it even easier for readers to achieve amazing results.

Florentine Patricians and Their Networks Elisa Goudriaan,2017-10-02 A comprehensive

overview of the cultural world and diplomatic strategies of Florentine patricians by revealing their contribution to the court culture of the Medici and the mechanisms behind their brokerage activities.

Musicians' Mobilities and Music Migrations in Early Modern Europe Gesa zur Nieden, Berthold Over, 2016-10-31 During the 17th and 18th century musicians' mobilities and migrations are essential for the European music history and the cultural exchange of music. Adopting viewpoints that reflect different methodological approaches and diversified research cultures, the book presents studies on central scopes, strategies and artistic outcomes of mobile and migratory musicians as well as on the transfer of music. By looking at elite and non-elite musicians and their everyday mobilities to major and minor centers of music production and practice, new biographical patterns and new stylistic paradigms in the European East, West and South emerge.

Divination on stage Folke Gernert, 2021-02-08 Magicians, necromancers and astrologers are assiduous characters in the European golden age theatre. This book deals with dramatic characters who act as physiognomists or palm readers in the fictional world and analyses the fictionalisation of physiognomic lore as a practice of divination in early modern Romance theatre from Pietro Aretino and Giordano Bruno to Lope de Vega, Calderón de la Barca and Thomas Corneille.

History of the Rise of the Huguenots Henry M. Baird, 2020-07-30 Reproduction of the original: History of the Rise of the Huguenots by Henry M. Baird

The Mechanization of Natural Philosophy Sophie Roux, 2012-09-26 The Mechanisation of Natural Philosophy is devoted to various aspects of the transformation of natural philosophy during the 16th and 17th centuries that is usually described as mechanical philosophy . Drawing the border between the old Aristotelianism and the « new » mechanical philosophy faces historians with a delicate task, if not an impossible mission. There were many natural philosophers who actually crossed the border

between the two worlds, and, inside each of these worlds, there was a vast spectrum of doctrines, arguments and intellectual practices. The expression mechanical philosophy is burdened with ambiguities. It may refer to at least three different enterprises: a description of nature in mathematical terms; the comparison of natural phenomena to existing or imaginary machines; the use in natural philosophy of mechanical analogies, i.e. analogies conceived in terms of matter and motion alone. However mechanical philosophy is defined, its ambition was greater than its real successes. There were few mathematisations of phenomena. The machines of mechanical philosophers were not only imaginary, but had little to do with the machines of mechanics. In most of the natural sciences, analogies in terms of matter and motion alone failed to provide satisfactory accounts of phenomena. By the same authors: *Mechanics and Natural Philosophy before the Scientific Revolution* (Boston Studies in the Philosophy of Science 254).

The Stars of Galileo Galilei and the Universal Knowledge of Athanasius Kircher Roberto Buonanno, 2014-01-31 In this fascinating book, the author traces the careers, ideas, discoveries, and inventions of two renowned scientists, Athanasius Kircher and Galileo Galilei, one a Jesuit, the other a sincere man of faith whose relations with the Jesuits deteriorated badly. The Author documents Kircher's often intuitive work in many areas, including translating the hieroglyphs, developing sundials, and inventing the magic lantern, and explains how Kircher was a forerunner of Darwin in suggesting that animal species evolve. Galileo's work on scales, telescopes, and sun spots is mapped and discussed, and care is taken to place his discoveries within their cultural environment. While Galileo is without doubt the "winner" in the comparison with Kircher, the latter achieved extraordinary insights by unconventional means. For all Galileo's fine work, the author believes that scientists do need to regain the power of dreaming, vindicating Kirchner's view.

The Egyptian Sûdân, Its History and Monuments Sir Ernest Alfred Wallis Budge, 1907

Mogul Joanna Shupe, 2017-01-31 "A rapid-fire plot and a smoldering love story produce Gilded Age gold."—Kirkus Reviews The privileged members of the Knickerbocker Club can never climb too high up the social ladder. But for one charming New York bachelor, does the ascent take precedence over love? As owner of a well-respected national newspaper, Calvin Cabot has the means to indulge his capricious taste for excess—and the power to bring the upper crust of society to its knees. So when a desperate heiress from his past begs for help, Calvin agrees . . . as long as she promises to stay out of his way. But like the newsman, this willful beauty always gets what she wants . . . Lillian Davies lives a life brimming with boundless parties, impressive yachts, and exotic getaways. But when her brother disappears, Lily knows that blood runs thicker than champagne and she'll spare nothing to bring him back alive. Unfortunately, the only man who can help her is the one she never wanted to see again. Can Lily keep Calvin at arm's length long enough to save her brother and protect her name . . . even when the tenacious powerbroker turns out to be absolutely irresistible? "The dialogue is engaging and sexy . . . each intimate moment is powerful."—Publishers Weekly Raves for Magnate "Original and captivating."—Publishers Weekly (starred review) "Intense, poignant, and powerfully written."—RT Book Reviews (4 1/2 Stars - TOP PICK) "Engaging . . . opulent."—Library Journal (starred review)

Varieties of Seventeenth- and Early Eighteenth-century English Radicalism in Context

Ariel Hessayon, David Finnegan, 2011 The essays in this collection explore significant questions regarding the terms 'radical' and 'radicalism' in early modern England. They investigate whether we can speak of a radical tradition, and whether radicalism was a local, national or transnational phenomenon. It looks at the role of migration and exchange of ideas, images and texts in the history

of supposedly radical events, ideologies and movements (or moments). Offering a timely reassessment of the subject, it reflects the latest research on seventeenth-century British and Irish radicalism.

The Magic and Science of Jewels and Stones Isidore Kozminsky,1922

Sacred Power, Sacred Space Jeanne Halgren Kilde,2008-07-21 Jeanne Halgren Kilde's survey of church architecture is unlike any other. Her main concern is not the buildings themselves, but rather the dynamic character of Christianity and how church buildings shape and influence the religion. Kilde argues that a primary function of church buildings is to represent and reify three different types of power: divine power, or ideas about God; personal empowerment as manifested in the individual's perceived relationship to the divine; and social power, meaning the relationships between groups such as clergy and laity. Each type intersects with notions of Christian creed, cult, and code, and is represented spatially and materially in church buildings. Kilde explores these categories chronologically, from the early church to the twentieth century. She considers the form, organization, and use of worship rooms; the location of churches; and the interaction between churches and the wider culture. Church buildings have been integral to Christianity, and Kilde's important study sheds new light on the way they impact all aspects of the religion. Neither mere witnesses to transformations of religious thought or nor simple backgrounds for religious practice, church buildings are, in Kilde's view, dynamic participants in religious change and goldmines of information on Christianity itself.

Hall Marks on Gold & Silver Plate William Chaffers,1922

Ancient Marbles in Naples in the Eighteenth Century Eloisa Dodero,2019-09-16 In *Ancient Marbles in Naples in the Eighteenth Century* Eloisa Dodero aims at documenting the history of numerous

private collections formed in Naples during the 18th century, with particular concern for the “Neapolitan marbles” and the circumstances of their dispersal.

Johann Michael Wansleben's Travels in the Levant, 1671-1674 Alastair

Hamilton, 2018-04-03 Johann Michael Wansleben's Travels in the Levant, 1671-1674, is an account of the travels in Syria, Turkey and Egypt by one of the best known scholar-travellers of his day who collected manuscripts and antiquities and made some major archaeological discoveries.

Sonnets William Shakespeare, 2014-12-16 Among the most enduring poetry of all time, William Shakespeare's 154 sonnets address such eternal themes as love, beauty, honesty, and the passage of time. Written primarily in four-line stanzas and iambic pentameter, Shakespeare's sonnets are now recognized as marking the beginning of modern love poetry. The sonnets have been translated into all major written languages and are frequently used at romantic celebrations. Known as “The Bard of Avon,” William Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare's innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of dialogue have become part of everyday speech. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Shakespeare and the Emblem Writers Henry Green, 2020-05-20 Few only are the remarks absolutely needed by way of introduction to a work which within itself sufficiently explains and carries out a new method of illustration for the dramas of Shakespeare. This book is the results of genuine

study. The results arrived at, though imperfect, are also grounded on real similitudes between Shakespeare and his predecessors and contemporaries; and those similitudes, parallelisms, or adaptations of thought, by whichever name distinguished, often arose from the actual impression made on his mind and memory by the Emblematisers whose works he had seen, read, and used.

Christian-Muslim Relations. A Bibliographical History. Volume 7 Central and Eastern Europe, Asia, Africa and South America (1500-1600) David Thomas, John A. Chesworth, 2015-08-17 Christian-Muslim Relations. A Bibliographical History, volume 7 (CMR 7) is a history of all the known works on relations from Central and Eastern Europe, Asia, Africa and South America in the period 1500-1600. Its detailed entries contain descriptions, assessments and comprehensive bibliographical details on individual works.
