Jerry Heaster's Guide to Kansas City Golf Jerry Heaster, 2000

Shooting for Tiger William Echikson, 2009-05-05 While many parents encourage their children to become the next Einstein or Yo-Yo Ma, some push their kids to become the next Tiger Woods. No longer does an elite, elderly set dominate golf. A new class of driven teenaged players is transforming the game, and a series of high-profile, professionally-run tournaments determine which of these teens have a shot at reaching the top levels. In *Shooting for Tiger*, William Echikson takes us inside a spirited season of the American Junior Golf Association's elite tournaments. From the fairways, Echikson unveils a fascinating sub culture: kids who have foregone traditional childhoods, families determined to produce champions, and rigorous golf academies devoted to training the world's top prospects. Vividly told, *Shooting for Tiger* examines the real costs of professionalizing young players and offers an unforgettable portrait of athletic obsession.

Reckoning with Race Frederick Allen, 2023-08 *Reckoning with Race* is a firsthand account of race relations in America from award-winning journalist, author, and former CNN commentator, Rick Allen. Allen's collection of essays shows the progress our country has made—and how much further we have to go. In his fifty-year career as an award-winning journalist, CNN commentator, and author of multiple books, Rick Allen has had a front-row seat on dramatic change in race relations in America. In *Reckoning with Race*, a collection of eighteen essays, he explores his ongoing efforts to understand the struggle of black and white Americans to navigate a shared history at once wicked and intimate, full of love and hate, as they seek to level an uneven playing field. Allen examines issues from the era of

Reconstruction through Jim Crow, the Civil Rights movement, the rhythms of resistance and progress, into today's contentious debates over redlining, reparations, and critical race theory. Starting as a reporter with the Atlanta Constitution in 1972, Allen got to know and befriend legendary black political figures including Julian Bond, John Lewis, Andy Young, Hosea Williams, Maynard Jackson, Jesse Jackson, and Daddy King, the father of Martin Luther King, Jr. He also encountered ardent white segregationists, some of whom saw the light and others who took their racism to the grave. Drawing on his experience covering politics, he examines presidents from LBJ and Jimmy Carter to Obama and Trump. He explores the symbolism of Confederate flags, the controversy over Uncle Remus, the election of Atlanta's first black mayor, Maynard Jackson, and the tragic case of the Atlanta Child Murders. He has had first-hand encounters with white supremacy and violent black protest alike. Throughout *Reckoning with Race*, Allen is candid about his own shortcomings as a white native Northerner learning gradually about the complexities of race in his adoptive South. The essays highlight his continuing journey toward understanding the forces that both hinder and promote equality and harmony between the races.

Ride Free Willie G. Davidson, 2023-08 Willie G. Davidson likes to say that he was born with gasoline in his veins and a crayon in each hand. A designer at heart, Davidson combined his passions for art and motorcycles to extend a multi-generational unbroken thread from Harley-Davidson Motorcycle Company's birth in a wooden shed in the early twentieth century to today. The grandson of one of the company's founders and the son of one of its longtime presidents, Davidson created a series of iconic designs that defined Harley-Davidson "factory custom" bikes and cemented its standing as the premier

motorcycle company in the world. Davidson was instrumental in saving the company from bankruptcy and then helping it explode into a global phenomenon. For more than five decades, Davidson was more than a namesake of the founders; he was the heart and soul of Harley-Davidson and a personal connection to millions of riders around the world who knew him simply as “Willie G.” Throughout his life, Davidson has embodied a close-to-the-customer relationship by attending motorcycle rallies, rides, and races with his late wife, Nancy, the “First Lady of Motorcycling,” and son and daughter Bill and Karen Davidson who recently joined their famous parents by being inducted into the Sturgis Motorcycle Hall of Fame and play key roles in the Motor Company today. In *Ride Free*, Davidson recounts design, his memories of family, relationships, and events that defined his extraordinary life and legacy of power, passion, and purpose. Davidson gives readers a behind-the-scenes look at the planning, design, and conception of legendary bikes that inspired millions of riders over the past half-century; stories of his unforgettable rides around the world; the people he encountered while navigating thousands of miles on the roads; and the legacy that he and his family have created which will carry on the most famous name in motorcycles.

John Shippen & Oscar Bunn Allison Singh, 2021-07-16 John Shippen and Oscar Bunn were two of the most talented golfers of their time. In the summer of 1896, the two friends and fellow caddies found themselves in the middle of an international incident when the U.S. Open came to Shinnecock Hills Golf Club in Southampton, New York. What happened next speaks to the possibility, but ultimate limit, of talent in a segregated society.

Golfers Magazine ,1920

Golf's All-Time Firsts, Mosts, Leasts, and a Few Nevers Al Barkow, 2012-03-16 Here is the ultimate golf reference book, meant to feed golfers' insatiable hunger for the statistics and trivia of their game. This book answers such burning questions as who broke the most clubs during a single temper tantrum (Lefty Stackhouse, 14) and the rationale behind 18 holes (it was completely arbitrary). From the sublime to the ridiculous, these fun facts will thoroughly entertain from tee to green.

Tales from Pinehurst Robert Hartman, 2012-01-12 Pinehurst, a pinpoint on the map of North Carolina, is a 100-year-old course beloved by all true golf fans. In Pinehurst, golf is more than a game; it's a way of life. In *Tales From Pinehurst*, readers will experience historical tales and lore from those that have witnessed the growth of one of golf's most endearing playing fields—from the infamous Donald Ross creation No. 2 course, which has baffled professional golfers for decades, to the US Opens it has hosted.

Taylor on Golf John Henry Taylor, 1905

Club Life John Steinbreder, 2006-03-30 The golf club may be most commonly regarded as a place where men and women play that royal and ancient game, but truth be told, it also serves as a sort of Petri dish for some of the most outrageous, hysterical, and inane behavior found in modern society. You have hackers and stiffies. Flakes and dilettantes. Corporate big wigs and trust fund babies. They all exist in a kind of upper crust Animal House, where the denizens wear Burberry blazers instead of togas, and guzzle gin-and-tonics rather than beers. But the laughs, and the head shaking, are very much the same.

Golf Illustrated ,1923

The USA Today Golfer's Encyclopedia Sal Johnson,2009-04-07 An extensively researched statistical and biographical resource includes coverage of all golfers who have had a minimum of twenty starts on the PGA tour since 1958, in a guide that features special sections on the Masters, U.S. Open, British Open, and PGA championships. Original.

Golf Curse Cameron Roubique,2019-04-19 Ronnie has the perfect summer job at the Indian Hill Golf Course. All day he gets to ride around on mowers and golf carts, check out the beautiful drink cart girls, joke around with his best friend Mark, and get plenty of fresh air and sunlight. That all changes when a huge late spring hailstorm blows in one night, leaving the golf course in shambles. As they clean up all the limbs and downed trees, Ronnie and Mark learn about the Native American Kikawa tribe that was brutally massacred at the top of the hill near the seventeenth green, and the evil medicine man known as Chief Tomahawk who supposedly put a curse on the land. It seems that the curse may prove to be real as the golf course is dogged with bad luck, and a dark figure wearing a wooden Chief's mask and a black-feathered headdress is watching them from the shadows. Now, in preparation for the biggest golf tournament of the year, Ronnie and the maintenance crew have to come in and work through the night. They are about to find out that Chief Tomahawk has returned, and he wants revenge for his slaughtered people.

The Making of the Masters David Owen,2003-03-25 Played out across the rolling hills, the Masters is the first major golf tournament of the year. Owen tells the story of how this unlikely winter haven became one of the most famed locations on the sporting map. For the millions of fans who dream of April in Augusta, this is the best and most intimate

look at golf's ultimate rite of spring. 32 page photo insert.

Chick Evans' Golf Book Charles Evans, 1921

Making the Masters David Barrett, 2012-03-21 Contested the second weekend in April each year since 1934, the Masters is the world's most prestigious golf tournament and most-watched tournament on television. Tickets are in such demand that even the waiting list is closed, and players value the title above all others. In *Making the Masters*, award-winning golf writer David Barrett focuses his attention on how the Masters was conceived, how it got off the ground in 1934, and how it fully established itself in 1935. The key figure in the tournament's creation and success was Bobby Jones, who was a living legend after winning the Grand Slam in 1930 and immediately retiring at the age of twenty-eight. He went on to found Augusta National and sought a high-profile tournament for his new course. But nearly as important was Clifford Roberts, a banker friend of Jones who not only embraced Jones's vision but became his right-hand man in working to bring that vision to reality. Barrett explores how Jones and Roberts built the Masters from scratch, creating a golf institution embellished by the often surprising details of what that entailed as they were trying to establish a golf club and golf tournament in tough economic times. It also vividly chronicles the events of the 1934 and 1935 Masters, with Gene Sarazen's spectacular victory in 1935 providing the climax. Set against the backdrop of golf, and America, in the 1930s, the book provides an informative and entertaining read for fans of the Masters and students of golf history.

"Fore!" Seasons Dennis R. Floyd, 2019-09-09 Golfers will love this book. The stories will remind them of similar personal experiences with the game and their fellow golfers. All readers will relate to this dive into the human experiences that abound in a life of golf. Like a golf course with 18 holes of varying lengths and designs, this book offers 18 stories that can be enjoyed whenever time permits. Each story is connected to a golf experience of the author but the themes are much broader: from politicians to socialites, Augusta National to the Open, race relations to life lessons, sorrow to ecstasy. The prologue elucidates golf terminology and a comprehensive glossary assists neophytes in understanding this game that so captivates we golfers, whether hackers or pros.
