**Fierce Attachments** Vivian Gornick, 2005-09-14 In this deeply etched and haunting memoir, Vivian Gornick tells the story of her lifelong battle with her mother for independence. There have been numerous books about mother and daughter, but none has dealt with this closest of filial relations as directly or as ruthlessly. Gornick's groundbreaking book confronts what Edna O'Brien has called the principal crux of female despair: the unacknowledged Oedipal nature of the mother-daughter bond. Born and raised in the Bronx, the daughter of urban peasants, Gornick grows up in a household dominated by her intelligent but uneducated mother's romantic depression over the early death of her husband. Next door lives Nettie, an attractive widow whose calculating sensuality appeals greatly to Vivian. These women with their opposing models of femininity continue, well into adulthood, to affect Gornick's struggle to find herself in love and in work. As Gornick walks with her aged mother through the streets of New York, arguing and remembering the past, each wins the reader's admiration: the caustic and clear-thinking daughter, for her courage and tenacity in really talking to her mother about the most basic issues of their lives, and the still powerful and intuitively-wise old woman, who again and again proves herself her daughter's mother. Unsparing, deeply courageous, *Fierce Attachments* is one of the most remarkable documents of family feeling that has been written, a classic that helped start the memoir boom and remains one of the most moving examples of the genre.

Influenced by Thailand, California, and everywhere in between, Pepper’s mouthwatering recipes and sharp sense of humor will satisfy anyone craving a taste of something sensational, whether that’s a peek into America’s most-talked-about family’s kitchen or a rich and spicy spoonful of Massaman Beef Curry.

*Uninvested* Bobby Monks, 2015-08-04 Bobby Monks is blowing the whistle on Wall Street, giving middle class Americans the low down on how they’re being fleeced of their retirement money—and what they can do about it Every month our financial statements arrive, and every month we glance at them, trying to understand, hoping that we’ll come out ahead. But most of us have no idea what’s really going on or the costs involved. According to Bobby Monks—who has been a banker and borrower, investor and entrepreneur—financial firms and money managers have complicated the investing process to keep us in the dark, profiting from our ignorance. Having dealt with the financial sector throughout his career, Monks has seen it all. In *Uninvested*, he reveals how, when, and why the relationship between us and our money managers became corrupted—and what we can do to fix it. Monks shows how the system works not only against us as individuals but also against society at large. Without our knowledge or approval, our money is diverted into the pockets of CEOs and misappropriated, promoting business practices that contribute to economic inequality, political dysfunction, and environmental woe. Monks’ experiences give him a unique perspective on how we got to this point. Drawing on original research and interviews with key figures such as Vanguard founder Jack Bogle, legendary investor Carl Icahn, and former congressman Barney Frank of the Dodd-Frank Act, Monks teaches us how to take back ownership and control of our money. As he writes: Even in the decades preceding the most recent downturn, very few investors enjoyed financial success equal to that of their money managers. Given this, I have long wondered why investors don’t pull their money out of the system en masse. I suspect that it is because most feel powerless. Unaware of the implications of their investments and unable to penetrate the excruciating complexity of the system that facilitates them, many seem to seek refuge in their money managers’ aura of sophistication, pretense of competence, and projection of certainty. It seems to me that most investors are simply sleepwalking through the investing process. They have become uninvested. When we outsource our investing, we sacrifice control—but not responsibility. My goal in writing this book is to convince you that the best

(and only) way to fix this broken system is to awaken a critical mass of engaged investors and recruit them to participate more fully in the investing process.

**Memorial Drive** Natasha Trethewey,2020-07-28 An Instant New York Times Bestseller A New York Times Notable Book One of Barack Obama's Favorite Books of 2020 Named One of the Best Books of the Year by: The Washington Post, NPR, Shelf Awareness, Esquire, Electric Literature, Slate, The Los Angeles Times, USA Today, and InStyle A chillingly personal and exquisitely wrought memoir of a daughter reckoning with the brutal murder of her mother at the hands of her former stepfather, and the moving, intimate story of a poet coming into her own in the wake of a tragedy At age nineteen, Natasha Trethewey had her world turned upside down when her former stepfather shot and killed her mother. Grieving and still new to adulthood, she confronted the twin pulls of life and death in the aftermath of unimaginable trauma and now explores the way this experience lastingly shaped the artist she became. With penetrating insight and a searing voice that moves from the wrenching to the elegiac, Pulitzer Prize-winning poet Natasha Trethewey explores this profound experience of pain, loss, and grief as an entry point into understanding the tragic course of her mother’s life and the way her own life has been shaped by a legacy of fierce love and resilience. Moving through her mother’s history in the deeply segregated South and through her own girlhood as a “child of miscegenation” in Mississippi, Trethewey plumbs her sense of dislocation and displacement in the lead-up to the harrowing crime that took place on Memorial Drive in Atlanta in 1985. Memorial Drive is a compelling and searching look at a shared human experience of sudden loss and absence but also a piercing glimpse at the enduring ripple effects of white racism and domestic abuse. Animated by unforgettable prose and inflected by a poet’s attention to language, this is a luminous, urgent, and visceral memoir from one of our most important contemporary writers and thinkers.

*The Sommelier's Atlas of Taste* Rajat Parr,Jordan Mackay,2018-10-23 Winner of the prestigious André Simon Drink Book Award The first definitive reference book to describe, region-by-region, how the great wines of Europe should taste. This will be the go-to guide for aspiring sommeliers, wine aficionados who want to improve their blind tasting skills, and amateur enthusiasts looking for a straightforward and visceral way to understand and describe wine. In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis, or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting-edge of trends, this book explains how to understand the wines of the world not in the classical way, but in the modern way--appellation by appellation, soil by soil, technique by technique--making it an essential reference and instant classic.
