**Phishing for Nazis** Lev Topor,2022-12-30 Phishing for Nazis is an evidence-based, undercover study of neo-Nazi communities on anonymous communication platforms that helps to shine a light on the dark web. It unveils how hatred and conspiracies spread and thrive online and how white supremacy is becoming prominent as extremists find shelter in the online dank underbelly of society. Phishing for Nazis explains how online manifestations of hate radicalize people into taking “real-world” action, such as shooting sprees. Methodologically, this book is unique, as it incorporates undercover cyberethnography, a method frequently used by law enforcement and intelligence agencies, unlike traditional academic studies of racism or social behavior that rely on secondary sources or surveys. With a particular interest on how race issues translate online, the book presents the true phenomenon of racism without relying on political correctness or whitewashing. It contributes to the field of cyber communication, as it details why and how people communicate and manage entire communities without knowing one another. The book also contributes to public policy, regulators, and technology companies as they deal with the practice of online anonymity and extremism.

**Discovering Vermeer** Helen Topor,2023-07 When Helen visits New York, the last thing she expects is to fall in love with a dead man. Recovering from a painful divorce, Helen is wary about getting involved again, yet she agrees to travel with Peter, a man she's recently met online. Peter is very much alive.The object of her passion is the Dutch Golden Age painter Johannes Vermeer. Her interest is aroused when she experiences some of his paintings in the Metropolitan Museum of Art. Her desire for more encounters takes Helen and Peter to the Frick Collection, also in Fifth Avenue. At the Frick the painter of enigmatic women, luminous light and pearl earrings touches her bruised soul so profoundly that she takes refuge in the furthest corner of the shop to hide her confusion. How do you tell someone about a transcendent experience you yourself don't quite understand it and without them thinking you're crazy?Peter senses Helen's craving to know more about Vermeer and his art, and he suggests they search for all Vermeer's paintings in the world. But more than one challenge lies at the heart of his idea to travel together. Although she longs for adventure and renewal, Helen's desire for an authentic and joyous life collides with her fear of commitment. The passionate quest tries both travellers as tensions and obstacles beset them. Their journeys of discovery reveal Peter's deepest need; and Helen begins to make sense of the 'New York madness'. Both become open to the healing role that art and love can play in life.

**Nationalist Love** Jakub Topor,2021-05-26T02:00:00+02:00 When Zapsky and Byro meet during a right-wing nationalist march, their joint escape from the police results in an unexpected and violent outburst of passion. Their initial euphoria quickly turns into doubt and fear—after all, if their buddies found out about them, the consequences would be terrible... But now that they’ve come together, will they be able to simply forget and move on with their lives? Or is it something more lasting, despite the risk it represents for both? Nationalist Love is the third graphic novel by Jakub Topor, nominated for the graphic novel of the year award at the Lodz Comics Festival.

Therein lie the thousands of variations which depend not only on different personalities, but also on the external circumstances and locations for love.
