**The Life and Works of Celestine Ukwu** Richard C. Okafor, 1999

**The Propaganda Model Today** Joan Pedro-Carañana, Daniel Broudy, Jeffery Klaehn, 2018-10-25 While the individual elements of the propaganda system (or filters) identified by the Propaganda Model (PM) – ownership, advertising, sources, flak and anti-communism – have previously been the focus of much scholarly attention, their systematisation in a model, empirical corroboration and historicisation have made the PM a useful tool for media analysis across cultural and geographical boundaries. Despite the wealth of scholarly research, Herman and Chomsky's work has set into motion over the past decades, the PM has been subjected to marginalisation, poorly informed critiques and misrepresentations. Interestingly, while the PM enables researchers to form discerning predictions as regards corporate media performance, Herman and Chomsky had further predicted that the PM itself would meet with such marginalisation and contempt. In current theoretical and empirical studies of mass media performance, uses of the PM continue, nonetheless, to yield important insights into the workings of political and economic power in society, due in large measure to the model's considerable explanatory power.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Getting Life** Michael Morton, 2014-07-08 "A devastating and infuriating book, more astonishing than any legal thriller by John Grisham" (The New York Times) about a young father who spent twenty-five years in prison for a crime he did not commit...and his eventual exoneration and return to life as a free man. On August 13, 1986, just one day after his thirty-second birthday, Michael Morton went to work at his usual time. By the end of the day, his wife Christine had been savagely bludgeoned to death in the couple's bed—and the Williamson County Sheriff's office in Texas wasted no time in pinning her murder on Michael, despite an absolute lack of physical evidence. Michael was swiftly sentenced to life in prison for a crime he had not committed. He mourned his wife from a prison cell. He lost all contact with their son. Life, as he knew it, was over. Drawing on his recollections, court transcripts, and more than 1,000 pages of personal journals he wrote in prison, Michael recounts the hidden police reports about an unidentified van parked near his house that were never pursued; the bandana with the killer's DNA on it, that was never introduced in court; the call from a neighboring county reporting the attempted use of his wife's credit card, which was never followed up on; and ultimately, how he battled his way through the darkness to become a free man once again. "Even for readers who may feel practically jaded about stories of injustice in Texas—even those who followed this case closely in the press—could do themselves a favor by picking up Michael Morton's new memoir...It is extremely well-written [and] insightful" (The Austin Chronicle). Getting Life is an extraordinary story of unfathomable tragedy, grave injustice, and the strength and courage it takes to find forgiveness.
