The Political Pope George Neumayr,2017-05-02 The untold story of the left's efforts to politicize the Vatican and the battle to stop it-before the Catholic Church as we know it is destroyed. Pope Francis is the most liberal pope in the history of the Catholic Church. He is not only championing the causes of the global Left, but also undermining centuries-old Catholic teaching and practice. In the words of the late radical Tom Hayden, his election was more miraculous, if you will, than the rise of Barack Obama in 2008. But to Catholics in the pews, his pontificate is a source of alienation. It is a pontificate, at times, beyond parody: Francis is the first pope to approve of adultery, flirt with proposals to bless gay marriages and cohabitation, tell atheists not to convert, tell Catholics to not breed like rabbits, praise the Koran, support a secularized Europe, and celebrate Martin Luther. At a time of widespread moral relativism, Pope Francis is not defending the Church's teachings but diluting them. At a time of Christian persecution, he is not strengthening Catholic identity but weakening it. Where other popes sought to save souls, he prefers to save the planet and play politics, from habitual capitalism-bashing to his support for open borders and pacifism. In THE POLITICAL POPE, George Neumayr gives readers what the media won't: a bracing look at the liberal revolution that Pope Francis is advancing in the Church. To the radical academic Cornel West, Pope Francis is a gift from heaven. To many conservative Catholics, he is the worst pope in centuries.

**Laudato Si** Pope Francis, 2015-07-18 “In the heart of this world, the Lord of life, who loves us so much, is always present. He does not abandon us, he does not leave us alone, for he has united himself definitively to our earth, and his love constantly impels us to find new ways forward. Praise be to him!” – Pope Francis, *Laudato Si'* In his second encyclical, *Laudato Si': On the Care of Our Common Home*, Pope Francis draws all Christians into a dialogue with every person on the planet about our common home. We as human beings are united by the concern for our planet, and every living thing that dwells on it, especially the poorest and most vulnerable. Pope Francis' letter joins the body of the Church's social and moral teaching, draws on the best scientific research, providing the foundation for “the ethical and spiritual itinerary that follows.” *Laudato Si'* outlines: The current state of our “common home” The Gospel message as seen through creation The human causes of the ecological crisis Ecology and the common good Pope Francis' call to action for each of us Our Sunday Visitor has included discussion questions, making it perfect for individual or group study, leading all Catholics and Christians into a deeper understanding of the importance of this teaching.

**Power Hungry** Robert Bryce, 2011-04-26 The promise of green jobs and a clean energy future has roused the masses. But as Robert Bryce makes clear in this provocative book, that vision needs a major revision. We cannot--and will not--quit using carbon-based fuels at any time in the near future for a simple reason: they provide the horsepower that we crave. The hard reality is that oil, coal, and natural gas are here to stay. Fueling our society requires that we make good decisions and smart investments based on facts. In *Power Hungry*, Bryce crushes a phalanx of energy myths, showing why renewables are not green, carbon capture and sequestration won't work, and even--surprise!--that the U.S. is leading the world in energy efficiency. *Power Hungry* delivers a clear-eyed view of what's needed to transform the gargantuan global energy sector.

**The End of Umno? Essays on Malaysia's Former Dominant Party** Bridget Welsh, 2022-12-06 What is the future of Malaysia's former dominant party, the United Malays National Organisation or UMNO? With the loss of government in the May 2018 General Election (GE14) after 61 years in government, the party faces a different, more uncertain future. It is grappling with its new role in the national political opposition and continued questions about the leadership of former prime minister Najib Tun Razak. This collection is an expanded edition of the original 2016, *The End of UMNO?* It includes the original five essays (including the foreword by current Foreign Minister in the Pakatan Harapan government and former UMNO Supreme Council member Saifuddin Abdullah), as well as new post-GE14 epilogue essays by each of the contributors – John Funston, Clive Kessler, James Chin and Bridget Welsh, all prominent and established scholars studying Malaysian politics. It also includes a new foreword by veteran UMNO leader, Tengku Razaleigh Hamzah, who contested for the party presidency in the June 2018 party elections. The contributors in this collection study developments in Malaysia's dominant party, the United Malays National Organisation (UMNO) and discuss the question of whether UMNO is in fact at an end. The answers to its future lie in part with a better understanding of its past and present. The authors draw attention to issues of party identity, leadership, membership, governance, institutional change, party financing, internal divisions and its relations with different communities and the public at large. The new and expanded edition draws attention to the factors that contributed to UMNO's loss of government in GE14 and potential steps ahead. Not only does this book fill an important gap in the scholarly research on UMNO, this book offers different perspectives on the party's contemporary challenges. This book aims to contribute to understanding, broaden public debate and stimulate further research on arguably one of

Malaysia's most important political institutions.
