Jax (Cocky Cage Fighter Book 1) Lane Hart,2023-09-05 Fighting for love and freedom. MMA Middleweight World Champion, Jackson Jax Malone has just entered the fight of his life. Known for his viciousness in the cage, and his playboy ways out of it, Jax is arrested and charged with a brutal rape. The thought of spending decades in prison is one of the few things that actually scares the shit out of this cocky fighter. Newly admitted attorney Page Davenport is willing to do anything it takes to get out from under her father's thumb and finally prove herself in his law firm. Anything except representing the infamous miscreant, Jackson The Mauler Malone. Despite her protests, Page is powerless to avoid becoming the sacrificial lamb, the token female, who will be the face of the violent, angry Neanderthal's defense team. Jax is a bad boy with a temper, doing whatever the hell he wants in life while flipping the bird at all his haters. Page is the prim and proper rich debutante her parents want her to be. They've been pulling her strings, telling her what to do, where to go to school, what to wear, and even who she should marry. Page and Jax struggle to work together, engaging in a knock-down drag-out fight for dominance. When they finally stop taking swings at each other, they're both surprised to realize that sometimes first impressions are completely wrong. In fact, opposites really do seem to attract. However, there are lines that attorneys and their clients can never cross if Page wants to keep her license to practice law. Will Page risk it all and submit to the cocky fighter? Or will Jax's temper and jealousy prove too much for her to take on outside of the courtroom? Either way, one thing is for sure - neither Page nor Jax are going down without a fight. In the end, the secret for them to find heaven may be to battle their way through hell first.

The Whispering Molecules Raad Chalabi, PhD,2013-07 Ramiz Alkhishin, the author's alter ego, is a grocer. He has a passion for a life that is as independent as possible from its surroundings. To him the trendy' place to be in is the one to avoid, while the traditional' road to follow is the one to by-pass. He has already documented some of his thought-adventures in eight earlier books. The author, in his new book, *The Whispering Molecules*, listened to and recorded the whispers of a variety of inert composites. The result of this imaginary project was a series of forty six stand-alone story dialogues where these seemingly life-less objects express their human-like' observations as they go about undertaking their designated tasks. The author hopes that through these dialectic scenes the reader can enjoy a trip where absolutes are banned and doubt is a constant companion. When questioned why he dislikes absolutes so much, Ramiz responded by reciting the following dialogue he had overheard: Glass: You seem confused. What happened to you? Water: What do you mean? Glass: You were clear and transparent but no more so. Water: I paid the price for being naïve. Glass: How? Water: By thinking that a drop of ink is too small to affect me!

Fighting the Banana Wars and Other Fairtrade Battles Harriet Lamb,2008-12-02 It started very small and full of hope. But its daring campaigns have placed Fairtrade goods at the heart of the supermarket shelves. From bananas and coffee beans to cotton and chocolate, Fairtrade has grown to become an important global movement that has revolutionised the way we shop. As Harriet Lamb, Chief Executive of Fairtrade International, explains in this extensively revised and updated edition of her inspirational book, Fairtrade is about a better deal for workers and famers in the developing world. It's about making sure the food on our plates, and shirts on our backs, don't rob people in other countries of the means to feed or clothe themselves. She explores the journey, through an often unjust system, that Fairtrade items make from farm to consumer. And she uncovers the shocking cost of our demand for cheaper food. There is much still to be done. But by hard work and high ideals, Fairtrade is starting to transform the lives of over 7 million farmers, workers and their families, and is a powerful symbol of how extraordinary change can be achieved against all the odds - by us all.

With his help and cooking skills, I've been able to train harder and make weight easier. I was instantly amazed with how much food I was able to eat and still lose weight. Many of the recipes in this book are not only healthy, but they also look and taste great!" — Daniel Jacobs, current IBF world middleweight boxing champion and former WBA world middleweight boxing champion "This book helped me lean up and perform better during training and competition without feeling like I'm on a diet or having cravings. The recipes Chris give you are simple, delicious, and nutritious. It's an easy-to-follow lifestyle and the results have been amazing for me—and they'll be tremendous for you." — Aung La Nsang, professional MMA fighter and current ONE world middleweight champion and ONE world light heavyweight champion "Chris Algieri is one of the biggest and most fit boxers at his weight class and is a world champion. He makes me confident that not only will I make weight, but I will also perform at my peak performance. He made specific adjustments for my body type and has a great understanding of individual needs. This book will be a great resource for anybody." — Dennis Bermudez, retired UFC fighter "Chris has helped me with my diet for my entire 10-year career in mixed martial arts. He has helped with my day-to-day nutrition in and out of fight camps, my weight-cut protocol, and my rehydration program for after weigh-ins, which to me are the most important. Chris doesn't only tell you what to eat and when to eat it, but he also breaks down how every person's body is different and reacts to certain foods different and he explains why I should eat certain foods and why eating them at a specific time is so important. Having him on my team absolutely gave me a tremendous advantage over my competition. I wouldn't trust anyone else with my diet." — Ryan LaFlare, retired UFC fighter "I've been an athlete my entire life, but nutrition has always overwhelmed me. We live in a culture of fad diets. Consumers are taught to believe you need to starve in order to lose weight. As a result, the public, like me, gets overwhelmed and discouraged. We tend to starve ourselves to lose weight, and when we can't take it anymore, we binge. Chris's book has made it finally possible for me to break that cycle. I realize eating healthy doesn't mean I have to be hungry. It doesn't have to be boring. Not only do I notice a difference in my physical appearance, but the difference in my mood is also amazing. I can think clearer and feel generally happier just by finally finding a way to maintain healthy eating habits. I think this book serves value to not only those competing but also to anyone looking to make positive changes in their health!" — Sarah Thomas, 2018 New York Golden Gloves winner "Having known Chris and seeing the way he eats for a few years now, I've seen with my own eyes the superhuman capabilities it gives someone when they get their nutrition on point. I absolutely love that he's not only finally sharing a taste of his secret recipes but also a ton of educational content so one can make it relevant to their own lifestyle and delivered using a system that seems very simple to implement." — Avril Mathie, professional boxer and Miss Swimsuit USA International 2015
