The Binary Options Blog, Gabriel Wagner

Trading Binary Options for Fun and Profit José Manuel Moreira Batista, 2013-10-24 Which one of the following two offers is more appealing to you? Making a 70% return on an easy to understand, short time investment; Joining a coin-tossing game in which when you lose you pay 1 euro and when you win you gain 70 cents. Most people take the first offer and stay away from the second one. And yet ... they are basically the same! Welcome to the wonderful dual world of Binary Options! You can play binary options merely for entertainment and have great fun. You might even win a lot of money, provided that you get lucky and do not stay long, just like in Vegas... Or, you can trade binary options for fun and profit. This is what this book is about: it is a practical step-by-step guide that shows you how to trade systematically, how to identify profitable trading strategies, and how to select and use a sound money management system. In short, how to have fun and make money! Trading Binary Options for Fun and Profit: A Guide for Speculators walks you through what you need to know and do to trade binary options profitably. Since this it is not a work of fiction you will not be shown the magic formula that will make you rich in the blink of an eye. Rather you will gain the fundamental knowledge and tools needed to become a successful trader. You will learn to develop your own strategies for trading binary options profitably. Actually, a lot of what is covered here is easily adaptable to other types of trading such as the stock and Forex markets and even to sports betting. That said you do not need to have any prior knowledge of binary options, trading or math. Just start reading at the beginning and proceed sequentially. All what you will need to know is clearly spelled out. If you happen to have previous knowledge of a topic you can proceed directly to the next one without losing context. However if you are in doubt it is better to read through. This book is fluff free so it won't waste your time. Trading Binary Options for Fun and Profit: A Guide for Speculators starts by defining what a binary option is and how it works, the main types of trades available and the criteria you may want to consider when selecting a binary options broker. Then it proceeds to explain why using trading strategies makes sense and where you can find ideas to create or adapt them. Ultimately you will want to know if your trading strategy makes money so it also shows you how to calculate the magic number that tells it all: its Expectancy. Since trading strategies are built upon technical indicators a very brief overview of Technical Analysis follows and some very common indicators are presented. Next explains the MetaTrader platform and shows you how it can serve as your own cost-free research assistant and trading signal provider. It then goes over the details of developing and improving a trading strategy using Excel and Expert Advisors (no programming knowledge needed). Money Management comes next: you will get to know several systems and in the process learn how easy it is to do a Monte Carlo simulation to test them (or to test anything else). The book ends with an overview of the complete methodology and leaves you with some final trading suggestions. Finally, in the Appendixes you will find several resources that are made available for free to the buyers of this book: Six spreadsheets containing templates for the Martingale, Paroli, D'Alembert, Fibonacci, Percentage of Bankroll and Kelly money management systems; Examples of trading strategies that backtested with winning percentages above 60%; An Expert Advisor that pops-out an alert window and plays a sound on MetaTrader each time a new trade is opened.

Trades having ONLY 55% winning ratio will give you a whopping 185% ROI in one month ALL THIS IS DEMONSTRATED IN THE BOOK PROCEEDINGS AND SUPPORTING STUDIES

Binary Options Alex Nekritin, 2012-12-06 The first comprehensive guide to trading a unique class of options to manage risk and make smarter bets during volatile trading Providing savvy market players with a way to react quickly to event-driven opportunities and trends, exchange traded binary options are a unique type of derivative instrument offering fixed risk and reward. Available on four asset classes—stock index futures, commodity futures, Spot Forex and economic data releases—they are distinctly different from regular put/call options in that their pay-out structure offers only two potential outcomes, or settlement values: 0 or 100. The first

guide focussing exclusively on this fast-growing sector of the options market, Trading Binary Options examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data. Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument. Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns.

Binary Options Alan C. Sedar, 2014-02-05 This book provides a step by step process on how to earn an income using a little known investment vehicle called a Binary Option, a recently developed investment instrument. This tool can offer the not so rich person an opportunity to make money on their own time from the comforts of their own home, or anywhere they have access to a computer and internet connection. The beauty of this system is that, unlike many work from home programs, there is no need to build a website, sell to your family and friends, pay for advertising, sell products, carry inventory, and all of the baggage that comes with other income opportunities. This is a simple trading system. After learning the process, the investor can make intelligent decisions on the price of an investment whereby they can earn anywhere from a potential 70% return and up on their money. Using the model built around a 1-minute time period, the investor has the potential to make quite a bit of money in a relatively short period of time.

Binary Options Trading Techniques for Accurate Price Direction Emegha Omoruyi Emmanuel, 2014-07-16 Binary Options Trading Techniques For Accurate Price Direction is an ebook that will be of great help to both the binary options traders and forex traders. The ebook contains a vivid explanation and description of different proven binary option trading strategies and the same strategies also work well in the forex market. Binary Option trading is a form of trading where the binary trader is expected to predict the direction of price in the binary option market and secure a win trade. Trading Binary Options Abe Cofnas, 2011-11-07 An essential guide to the fast growing area of binary options. Long the province of professional traders, binary options are now offered to retail investors through the North American Derivative Exchange (Nadex) and a growing group of online brokerages. Now, with this new book, author Abe Cofnas explains how independent traders and investors can use binary options to speculate on price movements and global events. The great appeal of binary options is that they are less complex than conventional options and provide a simple method to trade based on an opinion of where the market is headed over a certain period of time. Engaging and informative, this reliable guide reveals how binary options work, what are the best binary options trading strategies, and when to use them. Identifies the various markets in which binaries are available. Offers insights on how binary options allow for opportunities to speculate on the direction of a market and receive a substantial payout. Provides suggestions as to which markets provide the best liquidity and lowest trade execution expenses. As the first book solely devoted to this topic, Binary Options will provide retail traders with an authoritative guide to trading this exciting new market.

Binary Options Trading for Beginners Benjamin Sharp, 2015-05-08 Relative to most other types of financial investing, binary option trading is a newer phenomenon which is rapidly gaining in popularity. One of the features that make this type of trading so popular is the potential to make money at a much faster rate. While

normal stock investment involves the actual purchase of a stock that can then be sold for a profit after gaining value, binary options trading operates like a simple contract. The purchaser of a binary option agrees to two things: (a) a time frame and (b) whether a stock is going to go up or down in value. To be successful in binary options trading, you must be able to accurately predict whether a stock price will end up trading at a higher price, or a lower price, over a given period of time. Binary options trading can also be conducted based on the performance of a specific fund, currency, or index. If you want to find success in binary options trading, you need to develop skills in order to analyze and predict market trends, so that you end up getting paid out more than you lose. This book provides a step-by-step approach to profiting in binary options trading, including a multitude of tips and tricks that will help you keep your trades in the money. Let's get started!

Winning Binary Options Trading Strategy Stephen Benjamin, 2018-07-04 Trading binary options is not very difficult if you have a trading edge. The edge defines what you are looking for in the market and gives you the signal to buy or sell. In this book, you will find one major strategy that is very profitable when combined with a good money management principle to help you make consistent money from the binary options market. I strongly believe that if you can implement the strategy in this eBook, It will help you to trade successfully.

Make Money with Binary Options Jose Manuel Moreira Batista, 2015-11-03 A SIMPLE, YET AMAZINGLY EFFECTIVE SYSTEM TO MAKE MONEY WITH BINARY OPTIONS If you're looking to trade binary options then this book is for you. It presents an easy-to-follow, complete system to successfully trade with binary options. This system is based on a simple yet extremely powerful idea: what worked in the past is more likely than not to work again in the future. The system trades only once a month and always uses the same type of binary option. Setting up a trade takes a couple of minutes at most: You just look up in a table if the asset you have chosen is expected to go above or fall below a certain value and how much you should bet. You then log into your binary options broker's platform and enter those parameters. No further action is needed until the end of the month. The author of Make Money with Binary Options: The Calends Strategy has over 25 years of trading experience and has taught courses in finance, accounting and real estate. His results-oriented books and courses blend experience with a sound theoretical foundation to deliver practical, easy-to-follow knowledge that brings immediate benefits to readers and students. Make Money with Binary Options: The Calends Strategy describes a complete plug-and-play trading system, meaning one that comprises both a trading strategy and a money management system. The book starts by describing how the trading strategy is built. It also explains the concept of expectancy and how to use it to gauge if a strategy is worth trading and to rank strategies. The rationale of money management comes next, followed by a detailed explanation on how to place the monthly trade. GET THIS BOOK RIGHT NOW: START TRADING CONFIDENTLY AND ACHIEVING SOLID RETURNS! What readers say: This is a great read for anyone who want to get into the market. - Pukanecz I have had some good success with this and I have made some good money. - Matthew You need to read this if you want to do some trading with binary options. - Laura Groff This is an excellent book for anyone wanting to learn how to get into trading using Binary options - DC7113 The book contains valuable information about the system trades and binary options. - Bookreader

Binary Options Andrew Johnson, 2017-07-04 Strategies on How to Excel at Binary Options Trading Binary options occupy a unique space in the equities markets in that they require less from the trader when it comes to making the trade, yet are no less complicated when it comes to whether or not that trade makes money. In fact, as they are simply a yes/no proposition, binary options trading can actually make it easier to lose money if you aren't careful about the choices you make. If you are familiar with the basics of binary options and are looking for a way to take your trading game to the next level then Binary Options: Strategies on How to Excel Trading Binary Options is the book that you have been waiting for. Millions of people around the world are making a profit through trading binary options by simply choosing put or call and there is no reason that you can't be one of them. If you have ever dreamed of being a professional trader then it is time to take that goal out of the realm of idle fancy and put it to work in the real world today. Stop dreaming about financial stability and start working towards it. Inside you will find: The pros and cons of using a pure momentum strategy. Trading Binary Options Strategy Alan Newton, 2021-09-13 If you want to make money from trading without exposing yourself to unlimited losses, then keep reading... Are you looking to branch out from trading stocks or options? Do you prefer to know your potential profit or loss ahead of time, so there won't be any unpleasant surprises? Do you want to add some exciting and fast-paced trading to your day? Why don't you give binary options a try? All you need to figure out is whether a particular outcome will happen at a particular time or not. If you guess right, you get \$100. If not, you get nothing. Really simple, right? But wait, doesn't that sound like gambling? If you're going into it randomly and just taking your best guess at anything, then yes, it's a lot like gambling, and more often than not, you'll get it wrong. The real binary options traders-the ones who make consistent money from it-approach it differently. They're deliberate, patient and knowledgeable. They do their research, study the markets and use logic and reason, rather than emotion, in decision-making. If you want to be like them, you will have to begin with the fundamentals of binary options and build up from there. This guide to binary options trading gives you a great starting point by covering the basics, explaining the principles and methods, and providing you with the understanding you need to start trading. In Trading Binary Options Strategy, you will discover: A straightforward explanation about binary options and how to make money from trading them Why trading binary options can be a great starting point for new traders The diverse markets you can trade with binary options, including one that's not offered by any other trading instrument The lazy way to make winning trades without having to do any research or analysis What to watch out for when looking for a broker to protect yourself from shady scams Beginner-friendly trading strategies ranging from conservative to more aggressive methods What you should focus on achieving with each trade instead of an arbitrary dollar amount The #1 reason why binary options traders lose their money, and how you can avoid being one of them And much more. In trading, there's no such thing as a sure win. No matter how good you are at predicting outcomes, you're never going to get it right 100% of the time. But although you can't control price movements, there are things you can do to increase your chances of winning and reduce your risk. Don't go into something as risky as binary options without first getting the proper knowledge about it. Give yourself the best chance for success and start building your binary options foundation today. If you're looking to make a winning start in binary options trading, then scroll up

Call Or Put Dennis Preston,2016-09-09 In this book, I go into detail about how I achieved success in trading. By the end of the book, you'll know exactly what I do on a day-to-day basis. (Everything trading related at least!) I'm not going to give you a load of vague information about how the market is a force of nature or tell you how there are a million different factors that affect the market before trying to explain each one. You want to know how I actually make profit. In this book I share with you exactly that. I don't even go on about world events, economics or ambiguous/intangible theories etc. My one goal from this book is to help you make more profit after reading it. If this book doesn't help you do that, then I've failed. So I am going to tell you exactly what I'm doing right now to make money trading binary options. Are you ready?
