

Traffic Reloaded Review Nickx

Kenneth C. Laudon,Jane Price Laudon

Zaprudered Øyvind Vågnes,2012-08-24 Winner, Peter C. Rollins Book Award, 2012 As the fiftieth anniversary of the Kennedy assassination approaches, the traumatic aspects of the tragedy continue to haunt our perceptions of the 1960s. One reason for this lies in the home movie of the incident filmed by Abraham Zapruder, a bystander who became one of the twentieth century's most important accidental documentarians. The first book devoted exclusively to the topic, Zaprudered traces the journey of the film and its effect on the world's collective imagination. Providing insightful perspective as an observer of American culture, Norwegian media studies scholar Øyvind Vågnes begins by analyzing three narratives that are projections of Zapruder's images: performance group Ant Farm's video The Eternal Frame, Don DeLillo's novel Underworld, and an episode from Seinfeld. Subsequent topics he investigates include Dealey Plaza's Sixth Floor Museum, Zoran Naskovski's installation Death in Dallas, assassin video games, and other artifacts of the ways in which the footage has made a lasting impact on popular culture and the historical imagination. Vågnes also explores the role of other accidental documentarians, such as those who captured scenes of 9/11. Zapruder's footage has never yielded a conclusive account of what happened in Dealey Plaza. Zaprudered thoroughly examines both this historical enigma and its indelible afterimages in our collective imagination.

A1 - The Great North Road ,2020 A1 - The Great North Road' was Paul Graham's first book, published in 1983. Despite the UK having a vibrant photographic scene at the time, there were only handful of monographic books - Chris Killip and Martin Parr had one each - and no dedicated publishers or distributors. Graham had to self-publish A1, but as the first colour book, it had a startling impact on British photography. Uniting the tradition of social documentary with the fresh approach of new colour, A1 - The Great North Road was transformative on photography in the UK and paved the way for a new generation of British colour photographers to emerge, from Nick Waplington to Anna Fox, Richard Billingham to Tom Wood.

Digital Games as History Adam Chapman,2016-05-05 This book provides the first in-depth exploration of video games as history. Chapman puts forth five basic categories of analysis for understanding historical video games: simulation and epistemology, time, space, narrative, and affordance. Through these methods of analysis he explores what these games uniquely offer as a new form of history and how they produce representations of the past. By taking an inter-disciplinary and accessible approach the book provides a specific and firm first foundation upon which to build further examination of the potential of video games as a historical form.

Bark Lorrie Moore,2014-02-25 A new collection of stories by one of America's most beloved and admired short-story writers, her first in fifteen years, since Birds of America ("Fluid, cracked, mordant, colloquial . . . Will stand by itself as one of our funniest, most telling anatomies of human love and vulnerability." —The New York Times Book Review, cover). These eight masterly stories reveal Lorrie Moore at her most mature and in a perfect configuration of craft, mind, and bewitched spirit, as she explores the passage of time and summons up its inevitable sorrows and hilarious pitfalls to reveal her own exquisite, singular wisdom. In "Debarking," a newly divorced man tries to keep his wits about him as the United States prepares to invade Iraq, and against this ominous moment, we see—in all its irresistible wit and darkness—the perils of divorce and what can follow in its wake . . . In "Foes," a political argument goes grotesquely awry as the events of 9/11 unexpectedly manifest themselves at a fund-raising dinner in Georgetown . . . In "The Juniper Tree," a teacher visited by the ghost of her recently deceased friend is forced to sing "The Star-Spangled Banner" in a kind of nightmare reunion . . . And in "Wings," we watch the inevitable unraveling of two once-hopeful musicians, neither of whom held fast to their dreams nor struck out along other paths, as Moore deftly depicts the intricacies of dead-ends-ville and the workings of regret . . . Here are people beset, burdened, buoyed; protected by raising teenage children; dating after divorce; facing the serious illness of a longtime friend; setting forth on a romantic assignation abroad, having it interrupted mid-trip, and coming to understand the larger ramifications and the impossibility of the connection . . . stories that show people coping with large dislocation in their lives, with risking a new path to answer the desire to be in relation—to someone . . . Gimlet-eyed social observation, the public and private absurdities of American life, dramatic irony, and enduring half-cracked love wend their way through each of these narratives in a heartrending mash-up of the tragic and the laugh-out-loud—the hallmark of life in Lorrie-Moore-land. This eBook edition includes a Reading Group Guide.

Niceville Carsten Stroud,2012-06-12 Something is wrong in Niceville. . . A boy literally disappears from Main Street. A security camera captures the moment of his instant, inexplicable vanishing. An audacious bank robbery goes seriously wrong: four cops are gunned down; a TV news helicopter is shot and spins crazily out of the sky, triggering a disastrous cascade of events that ricochet across twenty different lives over the course of just thirty-six hours. Nick Kavanaugh, a cop with a dark side, investigates. Soon he and his wife, Kate, a distinguished lawyer from an old Niceville family, find themselves struggling to make sense not only of the disappearance and the robbery but also of a shadow world, where time has a different rhythm and where justice is elusive. . . .Something is wrong in Niceville, where evil lives far longer than men do. Compulsively readable, and populated with characters who leap off the page, Niceville will draw you in, excite you, amaze you, horrify you, and, when it finally lets you go, make you sorry you have to leave. Read the first thirty-five pages. Find out why Harlan Coben calls Carsten Stroud the master of "the nerve-jangling thrill ride." Now with an excerpt from Carsten Stroud's next book, The Homecoming.

The Great Gatsby F. Scott Fitzgerald,2023-10-04 Reproduction of the original. The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision.

Ground Anchors and Anchored Systems Federal Highway Administration,U. S. Department of Transportation,2006-08-01 This book presents state-of-the-practice information on the design and installation of cement-grouted ground anchors and anchored systems for highway applications. The anchored systems discussed include flexible anchored walls, slopes supported using ground anchors, landslide stabilization systems, and structures that incorporate tiedown anchors. This book draws extensively in describing issues such as subsurface investigation and laboratory testing, basic anchoring principles, ground anchor load testing, and inspection of construction materials and methods used for anchored systems. This book provides detailed information on design analyses for ground anchored systems. Topics discussed include selection of design earth pressures, ground anchor design, design of corrosion protection system for ground anchors, design of wall components to resist lateral and vertical loads, evaluation of overall anchored system stability, and seismic design of anchored systems. Also included in this book are two detailed design examples and technical specifications for ground anchors and for anchored walls.

The Matrix Larry Wachowski,2001

Spearhead of Logistics Benjamin King,Richard C. Biggs,2016-02-25 Spearhead of Logistics is a narrative branch history of the U.S. Army's Transportation Corps, first published in 1994 for transportation personnel and reprinted in 2001 for the larger Army community. The Quartermaster Department coordinated transportation support for the Army until World War I revealed the need for a dedicated corps of specialists. The newly established Transportation Corps, however, lasted for only a few years. Its significant utility for coordinating military transportation became again transparent during World War II, and it was resurrected in mid-1942 to meet the unparalleled logistical demands of fighting in distant theaters. Finally becoming a permanent branch in 1950, the Transportation Corps continued to demonstrate its capability of rapidly supporting U.S. Army operations in global theaters over the next fifty years. With useful lessons of high-quality support that

validate the necessity of adequate transportation in a viable national defense posture, it is an important resource for those now involved in military transportation and movement for ongoing expeditionary operations. This text should be useful to both officers and noncommissioned officers who can take examples from the past and apply the successful principles to future operations, thus ensuring a continuing legacy of Transportation excellence within Army operations. Additionally, military science students and military historians may be interested in this volume.

Wireshark Network Security Piyush Verma,2015-07-29 Wireshark is the world's foremost network protocol analyzer for network analysis and troubleshooting. This book will walk you through exploring and harnessing the vast potential of Wireshark, the world's foremost network protocol analyzer. The book begins by introducing you to the foundations of Wireshark and showing you how to browse the numerous features it provides. You'll be walked through using these features to detect and analyze the different types of attacks that can occur on a network. As you progress through the chapters of this book, you'll learn to perform sniffing on a network, analyze clear-text traffic on the wire, recognize botnet threats, and analyze Layer 2 and Layer 3 attacks along with other common hacks. By the end of this book, you will be able to fully utilize the features of Wireshark that will help you securely administer your network.

The Cruel Stars John Birmingham,2019-08-20 In this epic sci-fi adventure for fans of The Expanse and Battlestar Galactica, five intrepid heroes must unite to save civilization after a long-dormant enemy awakens and strikes a devastating blow “This jarring, engrossing story of a species-wide fight for survival is recommended for all science fiction readers.”—Publishers Weekly (starred review) The galaxy was once terrorized by the Sturm, a group of “species purists” intent on destroying any human with genetic or cybernetic enhancements. Fashioning themselves as the one true “Human Republic,” the Sturm cut a bloody swath across the stars, killing billions before finally being defeated and driven into the far reaches of Dark Space. Centuries of peace bred complacency. Everyone believed the Sturm had died out in the Dark. They were wrong. The enemy has returned and, with a brutal and decisive attack, knocks out almost all of humanity’s defenses. Now on the brink of annihilation, humankind’s only hope is a few brave souls who survived the initial attack: Commander Lucinda Hardy, thrust into uncertain command of the Royal Armadalen Navy’s only surviving warship. Booker3, a soldier of Earth, sentenced to die for treason, whose time on death row is cut short when the Sturm attack his prison compound. Princess Alessia, a young royal of the Montanblanc Corporation, forced to flee when her home planet is overrun and her entire family executed. Sephina L’trel, the leader of an outlaw band who must call on all of her criminal skills to resist the invasion. And, finally, Admiral Frazer McLennan, the infamous hero of the first war with the Sturm hundreds of years ago, who hopes to rout his old foes once and for all—or die trying. These five flawed, reluctant heroes must band together to prevail against a relentless enemy and near-impossible odds. For if they fail, the future itself is doomed. “Frenetic action viewed in a black fun-house mirror.”—Kirkus Reviews

Film Review ,2006

The Russian Way of War Department of Department of the Army,2019-07-17 PRINTED IN COLOR - The Russian Way of War - Force Structure, Tactics, and Modernization of the Russian Ground Forces Published by the U.S. Army Training and Doctrine Command G2's Foreign Military Studies Office in 2016, this book picks up where the FM 100-2 series left off and discusses Russian military structure, capabilities, and future development. Includes July 2019 BONUS materials on the following: *1K17 Szhatie (1K17 Сжатие) Russian Stiletto Laser Tank *Combat Laser System (Peresvet) Russian Laser Cannon *T-14 Armata Main Battle Tank *T-15 Heavy Infantry Combat Vehicle *Kurganets-25 Light Tracked Armored Vehicle *2S35 Koalitsiya-SV 152-mm Self-Propelled Howitzer *VPK-7829 Bumerang Modular Infantry Wheeled Fighting Vehicle Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a SDVOSB. <https://usgovpub.com>

Management Information Systems Kenneth C. Laudon,Jane Price Laudon,2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.

Dark Alliance Gary Webb,2011-01-04 Major Motion Picture based on Dark Alliance and starring Jeremy Renner, Kill the Messenger, to be released in Fall 2014 In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled “Dark Alliance,” revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras. Gary Webb pushed his investigation even further in his book, Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion. Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities. Webb’s own stranger-than-fiction experience is also woven into the book. His excoriation by the media—not because of any wrongdoing on his part, but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story—had been all but predicted. Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job when, years before, he had stumbled onto the germ of the “Dark Alliance” story. And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb, he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight. He died in 2004.

Hamlet's Hit Points Robin D. Laws,2010-08-05 See Your Stories Like Never BeforeHamlet's Hit Points presents a toolkit that helps make storytelling in any RPG easier and more fun by classifying story beats and letting you track their ups and downs from hope to fear and back.Armed with these tools, you'll be equipped to lay compelling track for an emotional roller-coaster that will keep everyone at your game table involved, excited, riveted.In these pages, you'll find definitions of nine critical story beats. You'll read about the relationships between those beats. You'll also find complete analyses of three stories you know alreadyHamlet, Casablanca, and Dr. Noto show you how the system works.Written with roleplayers in mind, Hamlet's Hit Points is an indispensable tool for understanding stories, in games and everywhere else.

The Thorn Birds Colleen McCullough,2010-05-11 One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. The Thorn Birds is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.
