A Political Biography of the Indonesian Lesbian, Bisexual and Trans Movement Saskia Wieringa, 2024-04-04 Here, the history of the Indonesian LBT movement is charted, from invisibility, to visibility and now as it moves again into hiding. In the early 1980s, during the oppressive military dictatorship called the New Order in Indonesia, the first organizations of Lesbian, Bisexual and Trans persons were established. They were short-lived, but prepared the ground for a more comprehensive LBT rights movement after the democratic opening of society in 1998. From 2000 to 2015 the visibility of the movement grew, until a vicious state-sponsored backlash set in, driven by majoritarian, fundamentalist Islamist groups. Saskia Wieringa tracks the movement's progress and explores the persistence of the butch/femme model of relationships; the proliferations of identities; family violence and conversion therapy; religion; and the anti-LGBT campaign. In its insistence on the local dynamics of this movement, the book aims to debunk the idea that homosexuality is a Western import. Chapters deal with the many religious and secular phenomena that are linked with gender diversity and same-sex relations traditionally, and the erasure of many of these traditions is explained using the concept of postcolonial amnesia. *A Political Biography of the Indonesian Lesbian, Bisexual and Trans Movement* is also a contribution to the growing literature on decolonization studies, pointing out that its dynamics, its historical course and its present condition, different as they are from the dominant Western view on a global LGBT movement, needs to be considered as valuable as accounts of Western LGBT histories are.

Reinforcing multicultural Indonesia Yap Fu Lan,I.L. Madya Utama, S.J.,2021-02-17 We are grateful that the book in your hands now is eventually published after a prolonged process. It came through as a manifestation of longing and hope to share theological reflections of Indonesian Church with a wider community, especially with English-speaking readers. I am sure that the special and dynamic life context of Indonesian Church is the fertile soil for the seedling growth of rich theological reflections. If my memory serves me right, this is the first English book published by the Bishops' Conference of Indonesia. With the publishing of this book, we have confidence that Indonesian theologians will be encouraged to share the fruits of their experiences and thoughts with others across countries. Hopefully, this book will become impetus for more books to come. The availability of English books written by Indonesian theologians will allow Indonesian contextual theological sights to be recognized by and to give contribution to the world of theology in general. I would like to extend my gratitude to all contributors of this book. The theme of multiculturalism is chosen because it is the distinctiveness of Indonesia as well as the pluralistic reality of the world. I hope you gain many insights from the theological reflections that you read.

Legends of Scottish Saints Alan Denis Macquarrie, Rachel Butter, 2012 Scotland's first full-scale printed book is the Aberdeen Breviary, published in Edinburgh in 1510. It contains the only major collection of legends of Scottish saints. Many of the saints are of Irish origin, but the book also includes English, Welsh, Pictish, and Scandinavian saints. The Breviary of Aberdeen has not been edited for 150 years. The existing facsimile edition is rare and in places untrustworthy; it is very difficult to use, without index, translation, notes, or commentary. This edition is intended to make the

material more accessible to scholars, local historians, and general readers for future research. It is a reliable edition of a fascinating collection of legends of early saints, describing the development of their cult and also their heroic struggles, self-denial, and amazing miracles, in a scholarly book with detailed introduction, text, translation, and more.
