I Love Jesus, But I Want to Die Sarah J. Robinson,2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Daniel John F. Walvoord,1989 A detailed, systematic analysis of the book of Daniel with emphasis on studying and refuting non-biblical views.

The Prophecy That Is Shaping History Jon Mark Ruthven,Jon Ruthven,2003 Millions of Jews, Christians, and Muslims believe that a 2,500-year-old prophecy is about to be fulfilled: a global, apocalyptic jihad of many nations against the tiny state of Israel, whose recent re-emergence in its traditional land has sparked unrelenting rage and attack. Repeated resolutions passed in the United Nations reflect world-wide and nearly unanimous hostility against the so-called Zionist entityeven to the point of denying its right to exist. Most news media and political analysts seem unaware of the ancient prophecy that not only predicts this apocalyptic war, but also, amazingly, how this prophecy by Ezekiel (chapters 36-44) provides the scenario for numerous best-selling books in both the English-speaking and Muslim worlds! These best sellers not only describe this great conflagration, but actually also motivate their readers to prepare for it! *The Prophecy That Is Shaping History* represents a major advance in research and scholarship in examining the historical and contemporary impact of Ezekiel's prophecy on world events. This academic monograph also offers a wealth of new evidence in tracing the identities, origins, and ultimate destinies of the key nations of Ezekiel's prophecy who are seen to participate in what millions believe will be the most horrific battle the world will ever witness.

TIP 35: Enhancing Motivation for Change in Substance Use Disorder Treatment (Updated 2019) U.S. Department of Health and Human Services,2019-11-19 Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the

counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and compassionate way.

Prophetic Divination Martti Nissinen, 2019-10-08 Prophecy was a wide-spread phenomenon in the ancient world - not only in ancient Israel but in the whole Eastern Mediterranean cultural sphere. This is demonstrated by documents from the ancient Near East, that have been the object of Martti Nissinen's research for more than twenty years. Nissinen's studies have had a formative influence on the study of the prophetic phenomenon. The present volume presents a selection of thirty-one essays, bringing together essential aspects of prophetic divination in the ancient Near East. The first section of the volume discusses prophecy from theoretical perspectives. The second sections contains studies on prophecy in texts from Mari and Assyria and other cuneiform sources. The third section discusses biblical prophecy in its ancient Near Eastern context, while the fourth section focuses on prophets and prophecy in the Hebrew Bible/Old Testament. Even prophecy in the Dead Sea Scrolls is discussed in the fifth section. The articles are essential reading for anyone studying ancient prophetic phenomenon.

Brands of Faith Mara Einstein, 2007-09-14 In a society overrun by commercial clutter, religion has become yet another product sold in the consumer marketplace, and faiths of all kinds must compete with a myriad of more entertaining and more convenient leisure activities. Brands of Faith argues that in order to compete effectively faiths have had to become brands – easily recognizable symbols and spokespeople with whom religious prospects can make immediate connections Mara Einstein shows how religious branding has expanded over the past twenty years to create a blended world of commerce and faith where the sacred becomes secular and the secular sacred. In a series of fascinating case studies of faith brands, she explores the significance of branded church courses, such as Alpha and The Purpose Driven Life, mega-churches, and the popularity of the televangelist Joel Olsteen and television presenter Oprah Winfrey, as well as the rise of Kaballah. She asks what the consequences of this religious marketing will be, and outlines the possible results of religious commercialism – good and bad. Repackaging religion – updating music, creating teen-targeted bibles – is justifiable and necessary. However, when the content becomes obscured, religion may lose its unique selling proposition – the very ability to raise us above the market.

The Adult Learner Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, Petra A. Robinson, 2020-12-21 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. Gilgamesh Epic and Old Testament Parallels Alexander Heidel, 1949 Cuneiform records made some three thousand years ago are the basis for this essay on the ideas of death and the afterlife and the story of the flood which were current among the ancient peoples of the Tigris-Euphrates Valley. With the same careful scholarship shown in his previous volume, The Babylonian Genesis, Heidel interprets the famous Gilgamesh Epic and other related Babylonian and Assyrian documents. He compares them with corresponding portions of the Old Testament in order to determine the inherent historical relationship of Hebrew and Mesopotamian ideas.
