Bergren, 2011-06-01 Mom touched my underdress--a gown made six hundred years before--and her eyes widened as she rubbed the raw silk between thumb and forefinger. She turned and touched Lia's gown. Where did you get these clothes? In *Cascade*, the second book in the River of Time Series, Gabi knows she's left her heart in the fourteenth century and she persuades Lia to help her to return, even though they know doing so will risk their very lives. Hunt,2012-11-05 When Elison Hart was seven years old, she lost everything with a big bang; her parents, her little sister Aless, and her home Keynan, the land of magicians, a floating island in the sky which would never soar again. Only approximately eight years later, a week before her fifteenth birthday, Elison discovers that her sister still lives, only she's living with Mildred, Sister of Death and sister of the Master of Death himself, Meldrick, a seemingly ancient foe now long defeated. As the only magician left in planet Cascade, Elison is one of the three CCO members, along with Kale Dillans and Tyson Smith, prophesied to save the world from an unearthly darkness. After defeating Meldrick and returning the light to four of many lands of Cascade, the CCO begin their second adventure to reconnect the shattered planet, as each of its lands float scattered in the endless abyss of space. With the help of their new friends, Merlin the Magician, Cindy, and Viviane Lady of the Lake, Elison realizes she isn't the last of her kind as the CCO take charge to battle against the Sister of Death, who wants revenge against them for murdering her brother, and will do absolutely anything to get what she wants. In order to defeat this new threat, Elison might have to defeat her long-lost sister as well. What if you had to murder your own sister, after already losing her for eight years?

Ryan Cawdor and his group survive the trek there, only to be drugged, robbed and left for the slave trade. Escaping their captors leaves them alive but stripped of their prized gear: their weps, J. B. Dix's glasses, Dr. Mildred Wyeth's medical kit and, worse, her secret codex. The companions must rely on each other to challenge their enemy and settle the score.

So, when a character from that very campaign shows up on his doorstep, begging for his help in saving her world, it was only responsible for Jordon to step up and save it, right? With his Outcasts behind him, Jordon descends through the Cadinari Stream and into a world of his own creation, finding that the life of an Adventurer is much more than improv and dice rolls. And Taldora, that world he had only seen in his dreams, was full of more wonders and mystery than even he had imagined.
