A Social Contract with Business as the Basis for a Postmodern MBA in a World of Inclusive

Globalisation Jopie Coetzee, 2009 In *A Social Contract with Business as the Basis for a Postmodern MBA in a World of Inclusive Globalisation*, Jopie Coetzee places the MBA qualification on the centre stage of the 21st century's global challenges facing humanity. He makes three substantial and original contributions to the field of Business Leadership. Firstly, he introduces a new research methodology, termed critical metasynthesis. Secondly, he presents a new model, termed The Social Contract with Business as the *raison d'être* for postmodern business. Thirdly, he develops a new educational context, a new vocabulary, as well as guidelines for a new canon of knowledge for business education and curriculum design for the postmodern MBA.

Digital Body Language Erica Dhawan, 2021-05-11 An instant Wall Street Journal Bestseller The definitive guide to communicating and connecting in a hybrid world. Email replies that show up a week later. Video chats full of “oops sorry no you go” and “can you hear me?!” Ambiguous text-messages. Weird punctuation you can't make heads or tails of. Is it any wonder communication takes us so much time and effort to figure out? How did

we lose our innate capacity to understand each other? Humans rely on body language to connect and build trust, but with most of our communication happening from behind a screen, traditional body language signals are no longer visible -- or are they? In *Digital Body Language*, Erica Dhawan, a go-to thought leader on collaboration and a passionate communication junkie, combines cutting edge research with engaging storytelling to decode the new signals and cues that have replaced traditional body language across genders, generations, and culture. In real life, we lean in, uncross our arms, smile, nod and make eye contact to show we listen and care. Online, reading carefully is the new listening. Writing clearly is the new empathy. And a phone or video call is worth a thousand emails. *Digital Body Language* will turn your daily misunderstandings into a set of collectively understood laws that foster connection, no matter the distance. Dhawan investigates a wide array of exchanges—from large conferences and video meetings to daily emails, texts, IMs, and conference calls—and offers insights and solutions to build trust and clarity to anyone in our ever changing world.

The Book of Trust Yoram Solomon, 2020-01-14 In The Book of Trust, 13-times author and founder of the Trust Building Institute Dr. Yoram Solomon shows you how to build the most important quality you can have: your trustworthiness. A trustworthy salesperson can sell the same product for 29.6% higher price. A trustworthy leader can increase

productivity by 64%. Trustworthy CEOs generate 286% better shareholder returns. Yet, trust is deteriorating rapidly in our country. We have lost trust in the government, the media, major brands, our companies, and in each other. This book explains the seven laws of trust: Law #1: Trust is Continuous. Law #2: Trust is Contextual. Law #3: Trust is Personal. Law #4: Trust is Asymmetrical. Law #5: Trust is Transferable. Law #6: Trust is Reciprocal. Law #7: Trust is Two-sided. The model in this book demonstrates how to build your trustworthiness through six components: competence, shared values, fairness/symmetry, positivity, time, and intimacy. This model is based on more than a decade of research done by the author, decades of experience as an executive and board member of multiple organizations, from startups to multi-billion dollar entities, as an elected official, and as a member of the Israeli Defense Forces 35th Airborne Paratroopers brigade. This book is not theoretical. While based on research, it offers a strong action plan that helps you identify and build the habits that will make you trustworthy. It is accompanied by a series of mini-books that include specific, one-page habits that would address any trustworthiness issue you might have in any relationship, professional or personal.
