School, sure, school of hard knocks and I got plenty of lumps to prove it. I would hop on trains and have been from the east coast to the west coast about 25 times and I do know all the trains in between. Ive been known to have sticky fingers. I pick not only locks but old stogies, you know, cigarette buds off the ground and Ive done it all from pushing broom to pot washing and digging graves but I rather not talk about that cos I never heard of dumping 3 or 4 bodies into the same pit. If you see me coming step aside cos if you dont I will send you to the promise land. Hey enjoy Roger Miller he too is a hobo like me, a King Of The Road, ciao Jimmy

Tube Ritual Brian G. Johnson, 2018-10-02 A successful YouTuber shares his strategic system for growing a channel—and going from zero to thousands of subscribers. You have to start with no videos, views, or subscribers. Furthermore, more than four hundred minutes of content is uploaded to YouTube each minute. To say that it's challenging to grow a channel is an understatement! In fact, less than three percent of YouTube channels ever gain more than ten thousand subscribers. Yet, in a one-year period, Brian G. Johnson gained 10,623 subscribers and drove over half a million video views. Truly beginning from zero, Brian had no previous YouTube success to draw from and had to learn the nuances of camera settings, editing options, and technical details that often become roadblocks. Furthermore, he did it in a small and competitive niche, the YouTube video marketing niche. How, you ask? By researching, testing, and tweaking various video growth methods over a

one-year period in order to identify why the YouTube algorithm promotes one video over another. Ultimately, this led to the creation of a video ritual based on his findings—a series of actions according to a prescribed order. More than a mere guide, Tube Ritual is a one-year case study with the goal of driving more views and converting more viewers into subscribers. For those already creating videos or who want to in the future, Tube Ritual contains detailed, step-by-step information that plain works. Covering topics from branding to thumbnails, video structure, YouTube SEO, video calls to action, playlist strategies, channel strategies, and more, Tube Ritual leaves no stone unturned.
