More Readings From One Man's Wilderness John Branson,2012-02-07 Throughout history, many people have escaped to nature either permanently or temporarily to rest and recharge. Richard L. Proenneke, a modern-day Henry David Thoreau, is no exception. Proenneke built a cabin in Twin Lakes, Alaska in 1968 and began thirty years of personal growth, which he spent growing more connected to the wilderness in which he lived. This guide through Proenneke's memories follows the journey that began with *One Man's Wilderness*, which contains some of Proenneke's journals. It continues the story and reflections of this mountain man and his time in Alaska. The editor, John Branson, was a longtime friend of Proenneke's and a park historian. He takes care that Proenneke's journals from 1974-1980 are kept exactly as the author wrote them. Branson's footnotes give a background and a new understanding to the reader without detracting from Proenneke's style. Anyone with an interest in conservation and genuine wilderness narratives will surely enjoy and treasure this book.

A Route 66 Companion David King Dunaway,2012-02-20 A literary history of America's most storied highway, featuring work from Raymond Chandler, Joan Didion, John Steinbeck, Sylvia Plath, and more. Even before there was a road, there was a route. Buffalo trails, Indian paths, the old Santa Fe trace—all led across the Great Plains and the western mountains to the golden oasis of California.

America's insatiable westering urge culminated in Route 66, the highway that ran from Chicago to Los Angeles. Opened in 1926, Route 66 became the quintessential American road. It offered the chance for freedom and a better life, whether you were down-and-out Okies fleeing the Dust Bowl in the 1930s or cool guys cruising in a Corvette in the 1960s. Even though the interstates long ago turned Route 66 into a by lane, it still draws travelers from around the world who long to experience the freedom of the open road. A Route 66 Companion gathers fiction, poetry, memoir, and oral history to present a literary historical portrait of America's most storied highway. From accounts of pioneering trips across the western plains to a sci-fi fantasy of traveling Route 66 in a rocket, here are stories that explore the mystique of the open road, told by master storytellers ranging from Washington Irving to Raymond Chandler, Joan Didion, Sylvia Plath, Leslie Marmon Silko, and John Steinbeck. Interspersed among them are reminiscences that, for the first time, honor the varied cultures—Native American, Mexican American, and African American, as well as Anglo—whose experiences run through the Route 66 story like the stripe down the highway. So put the top down, set the cruise control, and "make that California trip" with A Route 66 Companion. "Route 66 has a long and interesting history, and Dunaway . . . has done a fantastic job selecting works of literature about 'America's Main Street' to tell its dynamic story, supplemented by the editor's own invaluable commentary. . . . [An]all-around remarkable anthology." —Publishers Weekly "A Route 66 Companion is a great read and should find its way to the hands of any armchair traveler or lover of the history of the American West." —Oral History Review

One Man's Wilderness Richard Proenneke,Sam Keith,2013-03 To live in a pristine land, unchanged by man; to roam a wilderness through which few other humans pass; to choose an idyllic site, cut trees and build a log cabin; to be a self-sufficient craftsman, making what is needed from materials available; to be not at odds with thye world, but content with one's own thoughts and company. Thousands have had such dreams but Richard Proenneke lived them. He found a place, built a cabin and stayed to become part of the country. [This] is a simple account of the day-to-day explorations and activities he carried out alone and the constant chain of nature's events that kept him company--Publisher's description.

Big Day Coming Jesse Jarnow, 2012-06-05 The first biography of Yo La Tengo, the massively influential band who all but defined indie music. Yo La Tengo has lit up the indie scene for three decades, part of an underground revolution that defied corporate music conglomerates, eschewed pop radio, and found a third way. Going behind the scenes of one of the most remarkable eras in American music history, *Big Day Coming* traces the patient rise of husband-and-wife team Ira Kaplan and Georgia Hubley, who—over three decades—helped forge a spandex-and-hairspray-free path to the global stage, selling millions of records along the way and influencing countless bands. Using the continuously vital Yo La Tengo as a springboard, *Big Day Coming* uncovers the history of the legendary clubs, bands, zines, labels, record stores, college radio stations, fans, and pivotal figures that built the infrastructure of the now-prevalent indie rock world. Journalist and freeform radio DJ Jesse Jarnow draws on all-access interviews and archives for a mesmerizing trip through contemporary music history told through one of its most creative and singular acts.

German Crime Dramas from Network Television to Netflix Sunka Simon, 2022-12-15 *German Crime Dramas from Network Television to Netflix* approaches German television crime dramas to uncover the intersections between the genre's media-specific network and post-network formats and how these negotiate with and contribute to concepts of the regional, national, and global. Part I concentrates on the ARD network's long-running flagship series *Tatort* (Crime Scene 1970-). Because the domestically produced crime drama succeeded in interacting with and competing against dominant U.S. formats during 3 different mediascapes, it offers strategic lessons for post-network television. Situating 9 *Tatort* episodes in their televisual moment within the Sunday evening flow over 38 years and 3 different German regions reveals how producers, writers, directors, critics, and audiences interacted not only with the cultural socio-political context, but also responded to the challenges aesthetically, narratively, and media-reflexively. Part II explores how post-2017 German crime dramas (*Babylon Berlin*, *Dark*, *Perfume*, and *Dogs of Berlin*) rework the genre's formal and narrative conventions for global circulation on Netflix. Each chapter concentrates on the dynamic interplay between time-shifted viewing, transmedia storytelling, genre hybridity, and how these interact with projections of cultural specificity and continue or depart from established network practices. The results offer crucial information and inspiration for producers and executives, for creative teams, program directors, and television scholars.

Return of the Hustle Eric Sheinkop, 2016-03-11 Has a commercial ever brought you to tears? Has a movie ever inspired you so much you change your way of life? Has the series finale of a television show ever broken your heart? Has a video game ever altered your perception of reality? If you're like most consumers, you answered 'yes' to at least one of those questions. Whether you remember it or not, the music of that ad, film, show or game probably played a big role in influencing your emotional response during that experience. In fact, music is included in media specifically for the purpose of connecting with audiences on a deeper level that visuals alone cannot access. A strong music strategy is fundamental to the success of television, film, brands and video games. Because of higher expectations for audiovisual content, it will take more than clever animation or a celebrity cameo to connect with consumers in an authentic, organic way. By providing audiences with a genuine music experience, whether with an exclusive song through an artist partnership or by featuring new music from an emerging band, you can build a bond that extends far beyond product experience. Music touches us emotionally in a way that words seldom do. We feel it – we remember it. In *Return of The Hustle*, a leading music and marketing industry insider discusses the diverse audio touchpoints for four key industries and shows how marketers, storytellers, and advertisers can use music to effectively guide audiences along the customer journey from passive consumers to brand advocates. *Return of The Hustle* provides readers with a blueprint for music strategy that professionals at any level in any industry can use to attract consumers, immerse them into the content, and extend relationships between them and the brand long after the commercial ends or the credits roll. With detailed case studies, exhaustive interviews, and thorough research, *Return of the*

Hustle gives readers the playbook to use the marketing power of music to drive business results.

Sense8 Deborah Shaw, Rob Stone, 2021-05-20 This collection explores the many ways in which the Netflix series *Sense8* transcends television. As its characters transcend physical and psychological borders of gender and geography, so the series itself transcends those between television, new media platforms and new screen technologies, while dissolving those between its producers, stars, audiences and fans. *Sense8* united, inspired and energized a global community of fans that realized its own power by means of online interaction and a successful campaign to secure a series finale. The series' playful but poignant exploration of globalization, empathy, transnationalism, queer and trans aesthetics, gender fluidity, imagined communities and communities of sentiment also inspired the interdisciplinary range of contributors to this volume. In this collection, leading academics illuminate *Sense8* as a progressive and challenging series that points to vital, multifarious, contemporary social, political, aesthetic and philosophical concerns. *Sense8: Transcending Television* is much more than an academic examination of a series; it is an account and analysis of the way that we all receive, communicate and consider ourselves as participants in global communities that are social, political and cultural, and now both physical and virtual too.

A Traitor to Memory Elizabeth George, 2009-03-24 When Eugenie Davies is killed by a driver on a quiet London street, her death is clearly no accident. Someone struck her with a car and then deliberately ran over her body before driving off, leaving nothing behind but questions. What brought Eugenie Davies to London on a rainy autumn night? Why was she carrying the name of the man who found her body? Who among the many acquaintances in her complicated and tragic life could have wanted her dead? And could her murder have some connection to a twenty-eight-year-old musical wunderkind, a virtuoso violinist who several months earlier suddenly and inexplicably lost the ability to play a single note? For Detective Inspector Thomas Lynley, whose own domestic life is about to change radically, these questions are only the first in an investigation that leads him to walk a fine line between personal loyalty and professional honor. Assigned to the case by his superior, Superintendent Malcolm Webberly, Lynley learns that Webberly's first murder investigation as a DI over twenty years ago involved Eugenie Davies and a sensational criminal trial. Yet what is truly damaging is what Webberly already knows and no doubt wants Lynley to keep concealed. Now the pressure is on Lynley to find Eugenie Davies' killer. For not only is he putting his own career into jeopardy, but he is also attempting to safeguard the careers of his longtime partners Barbara Havers and Winston Nkata. Together, they must untangle the dark secrets and darker passions of a family whose history conceals the truth behind a horrific crime.
