Neil Oliver

The Story of the British Isles in 100 Places Neil Oliver, 2018-09-20 Everyone should have two copies - one for the car and one for the house to plan journeys. . . a reminder to think more about the places you pass and less about your route, because every British journey is through rich history. (Edward Stourton) From much-loved historian Neil Oliver, comes this beautifully written, kaleidoscopic history of a place with a story like no other. The British Isles, this archipelago of islands, is to Neil Oliver the best place in the world. From north to south, east to west it cradles astonishing beauty. The human story here is a million years old, and counting. But the tolerant, easygoing peace we enjoy has been hard won. We have made and known the best and worst of times. We have been hero and villain and all else in between, and we have learned some lessons. The Story of the British Isles in 100 Places is Neil's very personal account of what makes these islands so special, told through the places that have witnessed the unfolding of our history. Beginning with footprints made in the sand by humankind's earliest ancestors, he takes us via Romans and Vikings, the flowering of religion, through civil war, industrial revolution and two world wars. From windswept headlands to battlefields, ancient trees to magnificent cathedrals, each of his destinations is a place where, somehow, the spirit of the past seems to linger.

Matthew: A Rabbinic Source Commentary And Language Bible Al Garza Phd, 2015-09-08 For the first time in print, the gospel of Matthew in KJV English, Greek (Majority Text) and Hebrew (Modern Hebrew) with Transliteration. Including a Rabbinic Source Commentary with almost every verse. This Language Study Bible will take you through the gospel of Matthew and the teachings of Yeshua Jesus in connection with the Rabbi's of his day and beyond. Discover the Jewish background of his teachings through the eyes of Rabbinic sources. This gospel of Matthew will take you back to the time of Yeshua Jesus and his Hebrew based parables.

The Story of Britain Roy Strong, 2018-06-14 THE CLASSIC HISTORY OF BRITAIN, FULLY UPDATED Roy Strong has written an exemplary introduction to the history of Britain, as first designated by the Romans. It is a brilliant and balanced account of successive ages bound together by a compelling narrative which answers the questions: 'Where do we come from?' and 'Where are we going?' Beginning with the earliest recorded Celtic times, and ending with the present day of Brexit Britain, it is a remarkable achievement. With his passion, enthusiasm and wide-ranging knowledge, he is the ideal narrator. His book should be read by anyone, anywhere, who cares about Britain's national past, national identity and national prospects.

Commanding the Red Army's Sherman Tanks Dmitri? Fedorovich Loza, 1996-01-01 Hero of the Soviet Union Dmitriy Loza has carefully crafted his World War II experiences with U.S.-provided Sherman tanks into a highly readable memoir. Between the fall of 1943 and August 1945, Loza fought in the Ukraine, Romania, Hungary, Czechoslovakia, and Austria. He commanded a tank battalion during much of this period and had three Shermans shot out from under him. Loza's unit participated in such well-known combat actions as the Korsun-Shevchenkovskiy Operation, the Jassy-Kishenev Operation, and the battles for Budapest, Vienna, and Prague. Following the German surrender, Loza's unit was sent to Mongolia, where it participated in the arduous trek across the Gobi Desert to attack the Japanese Kwantung Army in Manchuria. This is the first available detailed examination of the Red Army's exploitation of U.S. war materiel during World War II and one of the first genuine memoirs available from the Russian front. Loza also provides firsthand testimony on tactical command decisions, group objectives and how they were accomplished, and Soviet use of combat equipment and intelligence. Only after the collapse of the USSR and concomitant relaxing of prohibitions against publication of materials related to the Lend-Lease Program there could this account be made available. Dmitriy Loza served as an instructor at the Frunze Academy after the war, retiring in 1967 with the rank of colonel. He resides in Moscow. James F. Gebhardt, now a defense contractor at Fort Leavenworth, is a Vietnam veteran. He is the author of

Wisdom of the Ancients Neil Oliver,2020-09-17 THE PERFECT READ FOR TROUBLED TIMES From the bestselling author of *The Story of the British Isles in 100 Places* comes this inspiring and beautifully written meditation on the wisdom inherited from our ancestors. For all we have gained in the modern world, simple peace of mind is hard to find. In a time that is increasingly fraught with complexity and conflict, we are told that our wellbeing relies on remaining as present as possible. But what if the key to being present lies in the past? In *Wisdom of the Ancients*, Neil Oliver takes us back in time, to grab hold of the ideas buried in forgotten cultures and early civilizations. From Laetoli footprints in Tanzania to Keralan rituals, stone circles and cave paintings, Oliver takes us on a global journey through antiquity. A master storyteller, drawing on immense knowledge of our ancient past, he distils this wisdom into twelve messages that have endured the test of time, and invites us to consider how these might apply to our lives today. The result is powerful and inspirational, moving and profound.

A History of Ancient Britain Neil Oliver,2012 This text presents a history of ancient Britain and the indelible marks which thousands of years of human civilization have made upon the landscape.

A History Of Scotland Neil Oliver,2009-12-17 The dramatic story of Scotland - by charismatic television historian, Neil Oliver. Scotland is one of the oldest countries in the world with a vivid and diverse past. Yet the stories and figures that dominate Scottish history - tales of failure, submission, thwarted ambition and tragedy - often badly serve this great nation, overshadowing the rich tapestry of her intricate past. Historian Neil Oliver presents a compelling new portrait of Scottish history, peppered with action, high drama and centuries of turbulence that have helped to shape modern Scotland. Along the way, he takes in iconic landmarks and historic architecture; debunks myths surrounding Scotland's famous sons; recalls forgotten battles; charts the growth of patriotism; and explores recent political developments, capturing Scotland's sense of identity and celebrating her place in the wider world.

The January Man Christopher Somerville,2017-01-12 'Evocatively written and charming' - Countryfile 'The January Man is a book that makes you want to pull on your boots, grab a map and get out there' - Country Life The January Man is the story of a year of walks that was inspired by a song, Dave Goulder's 'The January Man'. Month by month, season by season and region by region, Christopher Somerville walks the British Isles, following routes that continually bring his father to mind. As he travels the country - from the winter floodlands of the River Severn to the lambing pastures of Nidderdale, the towering seabird cliffs on the Shetland Isle of Foula in June and the ancient oaks of Sherwood Forest in autumn - he describes the history, wildlife, landscapes and people he encounters, down back lanes and old paths, in rain and fair weather. This exquisitely written account of the British countryside not only inspires us to don our boots and explore the 140,000 miles of footpaths across the British Isles, but also illustrates how, on long-distance walks, we can come to an understanding of ourselves and our fellow walkers. Over the hills and along the byways, Christopher Somerville examines what moulded the men of his father's generation - so reticent about their wartime experiences, so self-effacing, upright and dutiful - as he searches for 'the man inside the man' that his own father really was.

Amazing Tales for Making Men Out of Boys Neil Oliver,2009-04-17 Stories of heroism, exploration, and sacrifice -- including Apollo XIII and Scott of the Antarctic -- that inspire boys to be courageous, selfless, and open to adventure Tales of brave and selfless deeds used to be part of every boy's education. We grew up sharing stories with our fathers, uncles, and grandfathers of how other men had lived their lives, met their challenges, reached their goals, and faced their deaths. Becoming a man was about comradeship and standing by your friends whatever the circumstances. And it meant

that sometimes it was more important to die a hero than live a coward's life. Through Neil Oliver's vivid, stirring accounts we can rediscover the stories that inspire men to perform acts greater than themselves. These are the epics that we should all know by heart; the tales of courage, endurance, and sacrifice that made men out of boys. *Amazing Tales for Making Men Out of Boys* is packed with classic stories of courage and heroism from around the world and includes four stories especially for the American edition: Omaha Beach, June 6th 1944; The Alamo; The Civil War Battle of Shilo; and The Revolutionary War Sea Battle of John Paul Jones and the Bon Homme Richard.

The Story of the World in 100 Moments Neil Oliver, 2021-09-16 'Oliver is an evocative storyteller, vividly bringing his tales to life' BBC History From Genghis Khan's domination on earth to Armstrong's first steps on the moon, discover the 100 moments that defined humanity and shaped our world forever. Neil Oliver takes us on a whistle-stop tour around the world and through a million years to give us this unique and invaluable grasp of how human history pieces together. From the east to the west, north to south, these 100 moments act like stepping stones allowing us to make sense of how these pivotal events have shaped the world we know today. Including many moments readers will expect - from the advent of the printing press to the birth of the internet - there are also surprises, and with them, some remarkable, unforgettable stories that give a whole new insight on our past. From the bestselling author of *The Story of the British Isles in 100 Places*, this is outstanding new history of how our world was made from 5000 BC to the present. ***** Praise for Neil Oliver 'Neil Oliver writes beautifully - bringing the past to life and letting us see ourselves in a new light.' - Professor Alice Roberts 'Brilliantly demonstrates Neil's mastery of the broad sweep of British history and landscape.' - Dan Snow 'Highly-crafted...a vivid, pungent history.' - TLS 'Compelling' - Daily Mail

The Master Key System Napoleon Hill, 2013-01-24 The Master Key System by Charles F. Haanel is the only clear, concise, comprehensive, definitive, distinctive, cogent, and scientific presentation of the Creative Power of Thought ever formulated by any one person at any one time.
