Straight On Till Morning Liz Braswell,2020-02-04 What if Wendy first traveled to Neverland...with Captain Hook? Sixteen-year-old Wendy Darling's life is not what she imagined it would be. The doldrums of an empty house after her brothers have gone to school, the dull parties where everyone thinks she talks too much, and the fact that her parents have decided to send her away to Ireland as a governess—it all makes her wish things could be different. Wendy's only real escape is in writing down tales of Never Land. After nearly meeting her hero, Peter Pan, four years earlier, she still holds on to the childhood hope that his magical home truly exists. She also holds on to his shadow. So when an opportunity to travel to Never Land via pirate ship presents itself, Wendy makes a deal with the devil. But Never Land isn't quite the place she imagined it would be. Unexpected dangers and strange foes pop up at every turn, and a little pixie named Tinker Bell

seems less than willing to help. But when Captain Hook reveals some rather permanent and evil plans for Never Land, it's up to the two of them to save Peter Pan—and his world.

Greybark and other Twisted Tales Steven James Foreman, 2019-10-04 Greybark is a collection of published short stories that previously appeared in both print and online publications, all brought together now in one book. Here you will find short stories of horror and hauntings, tales of strange beings and vampires and talking trees, accounts of death and destruction, fatal encounters with ghosts and monsters and mythical creatures, and crime mysteries with unexpected twists in the tales. This is a book to keep by your bedside for a quick read before lights out, or to take with you when travelling, to dip into at random whenever you have half-an-hour to fill or do not have the time to read a full-length novel. Don't leave home without it! Several of the stories in this book originally appeared in the anthologies *Beneath the Surface* and *Trips to the Dark Side*, both published by Gypsy Shadow Publishing and currently out of print. *Beneath the Surface* was voted third out of the 64 books considered by the Predators and Editors Poll 2012 in the Anthologies category.

Twisted Tails III J. Richard Jacobs, 2008-04
Those who have read other books in the Twisted Tails series already know that genre is not the driving force behind them. There is a general theme, sure, but no specific limits to where a story can take off from or a destination to which it should travel. We thrive on surprise and that is what makes the Twisted Tails books unique. Each story ends in the unexpected. Sometimes that's a little subtle, but most of the time the reader is cautioned to be careful of his/her footing. The authors of these little whiplash generators are masters at providing the required back-wrenching twist, so do be mindful of your step and we bid you welcome. In this book, *Twisted Tails III*, we are dredging up fear and wallowing in it as if it were something to be played with, cuddled and fingers lovingly run through its fur like a

cherished pet. What we're doing here is tinkering with terror of the primal kind. You know what I mean, the sort of fright that lies coiled and ready to spring from the dark corners of the mind with no warning. It awaits all, lurking in the deeper shadows of consciousness. No one is immune and, frequently, there is no cure, you just sink into its roiling depths and are no more. If you do manage to escape, life will no longer be what it was before and you will find yourself glancing nervously over your shoulder whenever you hear something strange in the darkness or see a shadow move in the night.or day. Enjoy..

A Twisted Tail of Infamy Juan Jesus Valdez, 2023-12-21
About the Book
At an early age, Juan Jesus Valdez has to learn how to fight to survive. With two older brothers at home constantly punching and taunting him, he eventually learned to fend off their attacks by

educating himself in both mind and body in self-defense mechanisms. These years of fighting and learning led Juan down a brutal path, from attacks at a naval base by other sailors to his home biker gang tossing threats his way when refusing to commit. Juan has led a life few have traveled down, and he persevered through his most challenging moments to find success in education, career, and love. His story is proof that different and varied life experiences can turn a boy into a man, and a successful one at that. About the Author Juan Jesus Valdez enjoys writing short stories and posting them on social media. He also enjoys woodworking, horses, and saving homeless dogs.

Twisted Tails VIII J. Richard Jacobs,2016-01-20
ParaAbnormal? Come on, you made that one up,
right? What's that supposed to mean? Well, it
means you're about to read stories featuring
paranormal beings and things that
are...um...abnormal. You know, things that go bump
in the night because they keep tripping over
stuff. You are going to meet people...er...things
that are just a little over the line. Just beyond
the unreal side of the sanity line. Try to picture
in your mind what it would be like being a ghost.
That's simple enough, right? Now, suppose you are
a ghost that can't walk through things like walls
or anything else solid. Any normal ghost can cross
the street without looking both ways because that
big truck approaching will just go right through
it. No harm done. Now, suppose our ghost can't
walk through walls and if that monster truck hits

it, then it's toast. No ghost, just ethereal matter spread as a thin film on the pavement. A dead ghost. It can't get into a house unless someone opens a door or a window. It can, through expending a lot of energy, open a door for itself but afterward it is visible for awhile-until it has rested and its energy returns. That, my friend, is an abnormal ghost. A ParaAbnormal critter. With an imagination like yours, I'm sure you can see where this is leading. Think up any paranormal critter, then give it a debility and you have an abnormal paranormal whatsit. Got the picture? Our abnormal authors, all of them certifiable, have dreamed up a batch of the weirdest critters that ever graced a page and they've done it beautifully. I must advise you, though, the Twisted Tails series is based upon rug tugging endings that are designed to give you a jolt of surprise. Sometimes a bit subtle. Most of the time, powerful, neck snapping sudden. I, and all the authors, hope you have a good time while you're here. If you haven't read others in the Twisted Tails series, please do. I know you'll be happy you did. Also, it is true that without this gang of warped authors, there would be no Twisted Tails. It is equally true that, without you, there would also be no Twisted Tails. Thank you for picking us up.

To stop the power-mad ruler, Aladdin and the deposed princess Jasmine must unite the people of Agrabah in rebellion. But soon their fight for freedom threatens to tear the kingdom apart in a costly civil war. What happens next? A Street Rat becomes a leader. A princess becomes a revolutionary. And readers will never look at the story of Aladdin in the same way again.

Part of Your World Liz Braswell, 2018-09-04 What if Ariel had never defeated Ursula? It's been five years since the infamous sea witch defeated the little mermaid... and took King Triton's life in the process. Ariel is now the voiceless queen of Atlantica, while Ursula runs Prince Eric's kingdom on land.
