Great Boss, Dead Boss Ray Immelman,2003 A riveting business novel on how to create a highly motivated and committed organization. Based on two decades of face-to-face interaction with managers in hundreds of companies around the world, it offers a radical new perspective on how great leaders motivate entire organizations - not individuals, to peak performance. One of the

richest men in America described as very to the point and other successful CEOs hailed it as a new perspective on how to coach, guide, and lead an organization that is sorely needed in the light of the recent antics of corporate America.

Confessions of a Puppetmaster Charles Band, Adam

Felber, 2021-11-16 “Confessions of a Puppetmaster is a fast, funny, wild ride through some wild times. Plus, Charlie compares me to Harrison Ford, so I’m all in!” —Bill Maher Renowned producer, director, and “B movie” showman Charles Band takes readers on a wild romp through Hollywood’s decidedly un-Oscar-worthy underbelly, where mayhem and zombies reign supreme, and cheap thrills and entertainment are king This book is a blast. It made me want to stay up all night and watch terrible movies.

—Peter Sagal One of the most entertaining film bios ever. —Larry Karaszewski Reads like a Tarantino film written by Hunter S. Thompson. —Booklist Zombies, aliens, a little skin, lots of gore—and even more laughs—the cinematic universe of Charles Band is legendary. From the toilet-invading creatures of Ghoulies to the time-travelling bounty hunter in Trancers to the pandemic-crashed Corona Zombies, Band has spent four decades giving B-movie lovers exactly what they love. In Confessions of a

Puppetmaster, this congenial master of Grindhouse cinema tells his own story, uncut. Born into a family of artists, Band spent much of his childhood in Rome where his father worked in the film industry. Early visits to movie sets sealed young Charlie's fate. By his twenties he had plunged into moviemaking himself and found his calling in exploitation movies—quick, low-budget efforts that exploit the zeitgeist and feed people's desire for clever, low-brow entertainment. His films crossed genres, from vampire flicks to sci fi to erotic musical adaptations of fairy tales. As he came into his own as a director, he was the first to give starring roles to household names like Demi Moore, Helen Hunt, and Bill Maher. Off set, Band's life has been equally epic. Returning to his beloved Italy, he bought both Dino De Laurentiis's movie studio and a medieval castle. After Romania's oppressive communist regime fell, he circumvented the U.S. State Department to shoot films in Dracula's homeland. He made—and then lost—a moviemaking fortune. A visionary, Band was also at the vanguard of the transition to home video and streaming, making and distributing direct-to-video movies long before the major studios caught on. In this revealing tell-all, Band details the dizzying heights and catastrophic depths of his four decades in showbiz. A candid and

engaging glimpse at Hollywood's wild side, *Confessions of a Puppetmaster* is as entertaining as the movies that made this consummate schlockmeister famous.

Strength & Honor Terry Garlock,2011-01-24 Decades ago, political struggles buried the truth about the Vietnam War in a tangle of myths, half-truths and lies, and the truth is still hard to find today. No matter which side of the argument you favor, the truth is not all that pretty, but the one constant was the faithful and capable service of the troops America sent to fight that war. They never received the nation's gratitude they had earned, and many kept their story and even their service to themselves since the American public believed the worst about them. By refusing to see how well these troops had served their country, America lost a generation of heroes. Rescuing Sprite Mark R. Levin,2008-09-04 In 1998, Mark and

his family welcomed into their lives a half-Border Collie/half-Cocker Spaniel they named Pepsi. Six years later, his wife and two children persuaded Mark to adopt a dog from the local shelter, a Spaniel mix, the most beautiful dog they'd ever seen. They named him Sprite. Their lives would never be the same. Sprite and Pepsi became fast friends; they did everything together. The Levin family fell in love with Sprite. But on Hallowe'en night, three weeks after joining the family, their beloved dog collapsed and had to be rushed to the vet. It was the first of many such visits and a long journey for the Levin family, filled with joy and anguish. Sprite's health deteriorated, even as his spirits remained high and his gentle nature continued to inspire the family and the local community. Towards the end of last year, 2006, the Levin family said their last emotional goodbye. Consumed with grief, Mark turned to family, friends and fans of his radio show for help. Then new hope came when the Levins least expected it...

Managerial Economics Mark Hirschey, 2006 The Eleventh Edition of this market-leading text continues its tradition of providing a solid foundation of economic understanding for use in managerial decision making. It offers a practical treatment of economic theory and analysis in an intuitive, calculus-based format.

Its focus is on presenting those aspects of economic theory and analysis that are most relevant to students of business administration, and a wide variety of examples and simple numerical problems are used to illustrate the application of managerial economics to a vast assortment of practical situations. The nature of the decision process and the role that economic analysis plays in that process are emphasized throughout. This major revision is designed to maximize accessibility for a student audience with little or no background in economics, and no previous training in calculus.
