Universal Symbols Ken Dowling,2012 The Universal Symbols beautifully described in this new book are simple tools to inspire thought and conversations about the possibilities for the spiritual evolution of humanity. The real power of these symbols exists within every one of us. When you spend real time with this energy, you could be forever changed for the better. There is no separation or isolation in spirit for we are all of the one body of consciousness. In connecting with your soul's energy, you have the chance to know who you really are and why you are here. If you are curious and seeking answers, let go and experience the powerful energy of these symbols for yourself. Thousands of light seekers worldwide have felt and experienced the symbol's magical healing energy, transforming and expanding their consciousness in the process. Now, author and channel Ken Dowling shares the results of his first hand experiences with the power of these symbols. Over the last decade, Ken has worked with these new symbols in his healing sessions, inscribing them onto his Universal Symbol sculptures, as well as on healing-card packs, flags, and many other products. He takes a unique approach to the power and majesty of the beautiful energy these symbols share. Ken's work removes the mysticism and mythology of symbology and instead presents these topics in a practical and easy-to-use guide. The true gift of spirit is in the love, joy, simplicity, honesty, and freedom you will experience.
