

# Unrest 10

Lisa Maxwell

Unrest Michelle Harrison, 2012-04-26 'SPOOKY. GRIPPING AND INTRIGUING.' Sophie McKenzie, author of *Girl, Missing* Seventeen-year-old Elliott hasn't slept properly for six months. Ever since the accident that nearly killed him, a shadowy figure has made its presence felt - a figure only he can see. Elliott is convinced his near-death experience has enabled him to contact the dead. But are his ghostly visions real, or the effects of a damaged mind? When Elliott gets a job at a supposedly haunted museum it seems like the perfect chance to discover what's really going on. But his arrival doesn't just cause a stir amongst the living. Unwittingly, Elliott uncovers the museum's terrible secret ... and a spirit hell-bent on using him for revenge. The brilliant, spine-tingling YA novel by award-winning author M. Harrison. 'Chilling' The Bookseller 'I devoured *Unrest*. Or rather, I felt it devoured me. Clever, unexpected and satisfying.' Kate Cann 'a beautifully written, gripping, thoroughly spooky young adult novel... Unsettling, eerie, with intriguing characters and a compelling, satisfying plot full of twists and turns... I loved it.' Sarah Singleton 'It takes great skill to create an atmosphere that creeps off the page into your veins. Harrison's subtlety and eye for detail lift this above any other spookfest.' The Independent

**Sweet Unrest** Lisa Maxwell, 2014-10-08 Lucy Aimes can't explain her dreams. Dark and familiar, they are filled with people she shouldn't know, but does. When her family moves to New Orleans, Lucy is drawn into the city's mystical undercurrent to search for answers.

**Confetti Kids #9: The Protest (Dive Into Reading, Emergent)** Samantha Thornhill, 2021-01-12 In this new book in the popular Confetti Kids series, Lily and her friends organize

a protest in order to save their neighborhood public garden from being demolished. Five friends from diverse backgrounds learn how to navigate common childhood challenges, new experiences, and the world around them in the realistic and kid-friendly Confetti Kids early chapter books. In this story, Lily learns that the community garden is going to be torn down and made into a parking lot. Lily and her friends are upset by the news. They decide to form a protest and call on friends, neighbors, and reporters to participate and save their beloved garden. On the morning of the protest, Lily is unsure if their efforts will work. After all, she and her friends are just kids, and no one is going to listen to them. . . . Or can they prove that kids can make a difference too?

*Tales of Unrest* Joseph Conard, 2020-12-07 We knew him in those unprotected days when we were content to hold in our hands our lives and our property. None of us, I believe, has any property now, and I hear that many, negligently, have lost their lives; but I am sure that the few who survive are not yet so dimmed as to miss in the befogged respectability of their newspapers the intelligence of various native risings in the Eastern Archipelago. Sunshine gleams between the lines of those short paragraphs—sunshine and the glitter of the sea. A strange name wakes up memories; the printed words scent the smoky atmosphere of to-day faintly, with the subtle and penetrating perfume as of land breezes breathing through the starlight of bygone nights; a signal fire gleams like a jewel on the high brow of a sombre cliff; great trees, the advanced sentries of immense forests, stand watchful and still over sleeping stretches of open water; a line of white surf thunders on an empty beach, the shallow water foams on the reefs; and green islets scattered through the calm of noonday lie upon the level of polished sea, like a handful of emeralds on a buckler of steel

**San Marcos 10, The: An Antiwar Protest in Texas** E.R. Bills ,2019 On November 13, 1969, ten students at Texas State University were suspended for participating in a peaceful protest against

the Vietnam War. They had kept vigil in front of the Huntington Mustangs, bearing signs that read, Vietnam Is an Edsel and 44,000 U.S. Dead, For What? while an increasingly hostile anti-protest crowd chanted, Love it or leave it! and Let's string 'em up! It was a day after news of the My Lai massacre broke. Part of a coordinated, nationwide Vietnam Moratorium effort that confounded and infuriated the Nixon White House, the San Marcos 10 challenged their suspension, taking their case all the way to the United States Supreme Court. Author E.R. Bills offers this fascinating glimpse into the 1960s antiwar movement in Texas, the extraordinary measures to quell it and the broader social activism in which it participated.

*Campus Unrest* United States. President's Commission on Campus Unrest,1970

Report of the President's Commission on Campus Unrest United States. President's Commission on Campus Unrest,1970

Summer of Unrest: The Debt Delusion Mehdi Hasan,2011-07-28 Britain in 2011 is in the grip of debt hysteria. If the current coalition government is going to be remembered for one thing it is the cuts: the most severe that this country has seen for decades. Cuts to university funding, libraries and public sector workplaces have seen the most high profile resistance, with the type of protest on the streets not seen since the Poll Tax riots and the Thatcher years. In this ebook, Mehdi Hasan exposes ten myths about the debt, deficits and spending cuts, and asks if this programme of austerity is really necessary or whether it is actually an economic strategy with its roots in an ideology that extends much further back in time than the global economic collapse of 2008. BRAIN SHOTS is the pre-eminent source for high quality, short-form digital non-fiction. The Summer of Unrest series brings together stellar writers to explore the issues surrounding the austerity measures in the UK, uprisings in the Middle East and the nature of the protest movements springing up all over the world.

*Volcanic Unrest* Joachim Gottsmann, Jürgen Neuberg, Bettina Scheu, 2018-12-18 This open access book summarizes the findings of the VUELCO project, a multi-disciplinary and cross-boundary research funded by the European Commission's 7th framework program. It comprises four broad topics: 1. The global significance of volcanic unrest 2. Geophysical and geochemical fingerprints of unrest and precursory activity 3. Magma dynamics leading to unrest phenomena 4. Bridging the gap between science and decision-making Volcanic unrest is a complex multi-hazard phenomenon. The fact that unrest may, or may not lead to an imminent eruption contributes significant uncertainty to short-term volcanic hazard and risk assessment. Although it is reasonable to assume that all eruptions are associated with precursory activity of some sort, the understanding of the causative links between subsurface processes, resulting unrest signals and imminent eruption is incomplete. When a volcano evolves from dormancy into a phase of unrest, important scientific, political and social questions need to be addressed. This book is aimed at graduate students, researchers of volcanic phenomena, professionals in volcanic hazard and risk assessment, observatory personnel, as well as emergency managers who wish to learn about the complex nature of volcanic unrest and how to utilize new findings to deal with unrest phenomena at scientific and emergency managing levels. This book is open access under a CC BY license.

Tales of Unrest Joseph Conrad, 2018-06-24 *Tales of Unrest*, By Joseph Conrad: Fiction, Short stories Paperback - August 10, 2016 by Joseph Conrad *Tales of Unrest* is a collection of short stories by Joseph Conrad originally published in 1898. Four of the five stories had been published previously in various magazines. This was the first published collection of any of Conrad's stories..... Joseph Conrad (Polish pronunciation: born Józef Teodor Konrad Korzeniowski; 3 December 1857 - 3 August 1924) was a Polish-British writer regarded as one of the greatest novelists to write in the English language. He

joined the British merchant marine in 1878, and was granted British nationality in 1886. Though he did not speak English fluently until he was in his twenties, he was a master prose stylist who brought a non-English sensibility into English literature. He wrote stories and novels, many with a nautical setting, that depict trials of the human spirit in the midst of an impassive, inscrutable universe. Conrad is considered an early modernist, though his works still contain elements of 19th-century realism. His narrative style and anti-heroic characters have influenced many authors, including T. S. Eliot, William Faulkner, Graham Greene, and Salman Rushdie. Many films have been adapted from, or inspired by, Conrad's works. Writing in the heyday of the British Empire, Conrad drew on, among other things, his native Poland's national experiences, and his personal experiences in the French and British merchant navies, to create short stories and novels that reflect aspects of a European-dominated world - including imperialism and colonialism - while profoundly exploring human psychology. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

*Industrial Unrest* Benjamin Seebohm Rowntree, 1922

*Socioeconomic Protests in MENA and Latin America* Irene Weipert-Fenner, Jonas Wolff, 2019-07-05

This edited volume presents a detailed account of the dynamics of socioeconomic contention in Egypt and Tunisia since 2011. Combining quantitative and qualitative methods, it analyses what has happened to the socioeconomic grievances that played a key role in the mass mobilizations of 2010 and 2011. The book is based on an original data set of socioeconomic protests in the two countries and on in-depth case studies that cover the two most important types of socioeconomic contention: labor protests and protests by socioeconomically disadvantaged people outside the formal economy. Drawing on a systematic review of comparative research on Latin America, the authors argue that the dynamics of socioeconomic contention in contemporary Egypt and Tunisia reflect a deep-seated crisis of popular sector incorporation. This work promises to enrich the scholarly and the political debates on Egypt and Tunisia, the MENA region and on contentious politics in times of political change. Chapter 10 of this book is available open access under a CC BY 4.0 license at [link.springer.com](https://link.springer.com).

**Ethnic Conflict and Protest in Tibet and Xinjiang** Ben Hillman, Gray Tuttle, 2016-04-05

Despite more than a decade of rapid economic development, rising living standards, and large-scale improvements in infrastructure and services, China's western borderlands are awash in a wave of ethnic unrest not seen since the 1950s. Through on-the-ground interviews and firsthand observations, the international experts in this volume create an invaluable record of the conflicts and protests as they have unfolded—the most extensive chronicle of events to date. The authors examine the factors driving the unrest in Tibet and Xinjiang and the political strategies used to suppress them. They also explain why certain areas have seen higher concentrations of ethnic-based violence than others. Essential reading for anyone struggling to understand the origins of unrest in contemporary Tibet and Xinjiang, this volume considers the role of propaganda and education as generators and sources of

conflict. It links interethnic strife to economic growth and connects environmental degradation to increased instability. It captures the subtle difference between violence in urban Xinjiang and conflict in rural Tibet, with detailed portraits of everyday individuals caught among the pressures of politics, history, personal interest, and global movements with local resonance.

**Trade Unions in China** Tim Pringle, 2011-03-09 This book focuses on how the All China Federation of Trade Unions (ACFTU) is reforming under current conditions, and demonstrates that labour unrest is the principal driving force behind trade union reform in China.

**Civil Unrest and Governance in Hong Kong** Michael H.K. Ng, John D Wong, 2017-07-14 This book examines important social movements in Hong Kong from the perspectives of historical and cultural studies. Conventionally regarded as one of the most politically stable cities in Asia, Hong Kong has yet witnessed many demonstrations and struggles against the colonial and post-colonial governments during the past one hundred years. Many of these movements were brought about in the name of justice and unfolded against the context of global unrest. Focusing on the local developments yet mindful of the international backdrop, this volume explores the imaginaries of law and order that these movements engendered, revealing a complex interplay among evolving notions of justice, governance, law and order and cultural creations throughout the under-explored history of instability in Hong Kong. Underscoring the apparently contrasting discourses on the relationship among the rule of law, law and order and social movements in Hong Kong, the contributors emphasise the need to re-examine the conventional juxtaposition of the law and civil unrest. Readers who have an interest in Asian studies, socio-political studies, legal studies, cultural studies and history would welcome this volume of unique interdisciplinarity.

**Riots** Matthew Moran, David Waddington, 2016-05-14 The past ten years have been marked by a

series of high profile and heavily mediatised riots across the globe. From the overspill of racial tensions in Sydney to anti-police riots in London, democratic societies have witnessed powerful and costly outbursts of anger and violence. But what are the causes of these large-scale episodes of collective disorder? Do they share common features? And what can they tell us about the nature and significance of riots more broadly? In this book, the authors address these questions and more with a wide-ranging comparative study of rioting in five countries (Australia, England, France, Greece and the United States). Using a revised and expanded version of the Flashpoints Model of Public Disorder, Matthew Moran and David Waddington dissect these violent and ephemeral social phenomena, laying bare their internal logic and demonstrating the essentially political nature of riots.

**Public Documents of the Legislature of Connecticut** Connecticut, 1921

*Blessed Unrest* Paul Hawken, 2007 One of the world's most influential environmentalists reveals a worldwide grassroots movement of hope and humanity *Blessed Unrest* tells the story of a worldwide movement that is largely unseen by politicians or the media. Hawken, an environmentalist and author, has spent more than a decade researching organizations dedicated to restoring the environment and fostering social justice. From billion-dollar nonprofits to single-person causes, these organizations collectively comprise the largest movement on earth. This is a movement that has no name, leader, or location, but is in every city, town, and culture. It is organizing from the bottom up and is emerging as an extraordinary and creative expression of people's needs worldwide. *Blessed Unrest* explores the diversity of this movement, its brilliant ideas, innovative strategies, and centuries-old history. The culmination of Hawken's many years of leadership in these fields, it will inspire, surprise, and delight anyone who is worried about the direction the modern world is headed. *Blessed Unrest* is a description of humanity's collective genius and the unstoppable movement to re-imagine

our relationship to the environment and one another. Like Hawken's previous books, *Blessed Unrest* will become a classic in its field— a touchstone for anyone concerned about our future.

*Riot, Unrest and Protest on the Global Stage* David Pritchard, 2014-10-31 In this collection, leading international scholars examine riots and protest in a range of countries and contexts, exploring the major social transformations of rioting and the changing dynamics, interpretation and potency of unrest in a globalised era.
