Red Book, 3rd edition Alice Eichholz,2004-01-01 No scholarly reference library is complete without a copy of Ancestry's Red Book. In it, you will find both general and specific information essential to researchers of American records. This revised 3rd edition provides updated county and town listings within the same overall state-by-state organization. Whether you are looking for your ancestors in the northeastern states, the South, the West, or somewhere in the middle, Ancestry's Red Book has information on records and holdings for every county in the United States, as well as excellent maps from renowned mapmaker William Dollarhide. In short, the Red Book is simply the book that no genealogist can afford not to have. The availability of census records such as federal, state, and territorial census reports is covered in detail. Unlike the federal census, state and territorial census were taken at different times and different questions were asked. Vital records are also discussed, including when and where they were kept and how

Breaking Away From Broken Windows Ralph Taylor,2018-03-08 In Breaking Away from Broken Windows Ralph Taylor uses data on recent Baltimore crime-reduction efforts to attack the 'broken windows' thesis--that is, the currently fashionable notion that by reducing or eliminating superficial signs of disorder (dilapidated buildings, graffiti, incivil behavior by teenagers, etc.), urban police departments can make significant and lasting reductions in crime. Taylor argues that such measures, while useful, are only a partial solution to the problem at hand. His data supports a materialist view: changes in levels of physical decay, superficial social disorder, and racial composition do not lead to higher crime, while economic decline does. He contends that the Baltimore example shows that in order to make real, long-term reductions in crime, urban politicians, businesses, and community leaders must work together to improve the economic fortunes of those living in high-crime areas.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes.
