This book is an in-depth guide to: Why used luxury cars are underpriced (the Uncle Howard effect) Why you shouldn't buy a used luxury car from the corner car lot Why you shouldn't spank yourself for wanting a luxury car Which used luxury cars are the best deals and which ones you must avoid just as assiduously as you'd avoid making eye contact with a clown What years, configurations, and options to choose on each car What specific pitfalls to avoid with each recommended car How to get parts and labor for a reasonable price, without compromising your sexual morals How to love life because you're driving an amazing luxury car and you paid only \$5,000 for it Doris bought her first used luxury car when she was still in high school, and has been obsessing over

**The Book of Unknown Americans** Cristina Henríquez, 2014-06-03 A stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American and illuminates the lives behind the current debates about Latino immigration (The New York Times Book Review). When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America.

**Consumer Reports Used Car Buying Guide** Consumer Reports, 2005-11-30 These days, there are many advantages to buying a used car over a new car. Unfortunately, purchasing a used car may pose a greater risk to the consumer. A used car in its nature will most likely need more repairs, lack newer safety measures, and may come with a short warranty or none at all. That is why it is so important for consumers to do extensive research so they can avoid all of the

pitfalls of the used car market category. The auto experts at Consumer Reports have done the work for you and have compiled their extensive research and report their findings into the 2006 edition of Used Car Buying Guide. This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. Consumer Reports knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Reviews of every major model from 1998 - 2005 - Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car - Tips on negotiating the best price Reliability and crash test information - Making sense of safety information The majority of this book is devoted to the profiles of 256 cars and trucks, presenting all major 1998-2005 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major redesign was made.

Part textbook, part buying guide, and part red-flag detector, *Buying a Used Car* moves you to the head of the car-buying class. Here's what you'll learn. In Chapter 2 - Setting the Target, you'll narrow your shopping experience to help you get the car you want and need. Chapter 3 - Paying for Your Used Car explains credit scores, financing options, and payment structures. You'll learn how to determine your monthly payment before you go shopping. In Chapter 4 - Visiting a Car Lot, your Uncle Wally will tell you what to expect when you start looking at cars. Chapter 5 - Selecting a Used-Car Dealer guides you through this critical choice. Chapter 6 - Let's Go Shopping gives you the skills to make you a confident car shopper! In Chapter 7 - Selecting Your Car, you'll narrow down the choices and select the car that fulfills your needs and your wants. Most car shoppers take a test drive. Do you know how to use four of your senses - hearing, sight, touch, and smell - to eliminate a problem car? Uncle Wally walks you through this critical step in Chapter 8 - Taking the Test Drive. You will learn how to determine a car's history and its current condition in Chapter 9 - Exploring a Car's Past and Present. Chapter 10 - Arriving at a Price helps you make the best deal on your used-car purchase. Chapter 11 - The Business Office teaches you the language and techniques used after the sale that can inflate your car payment. This chapter alone is worth the price of the book! A car is stolen. A tree falls on another car. A driver gets in an accident with someone who doesn't have insurance. Quick - are you covered? Chapter 12- Car Insurance explains the types of coverage you need, and the best way to buy it. Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In *Buying a Used Car - Uncle Wally's Guide*, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a

car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends.
