**How to Pass OSCP Series: Windows Privilege Escalation Step-By-Step Guide** Alan Wang,2020-11-13 This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges, sensitive information stored on local files, credential saved in the memory, registry settings that always elevate privileges before executing a binary, hard-coded credential contained in the application configuration files, and many more. Table of Contents Introduction Section One: Windows Configuration Chapter 1: AlwaysInstallElevated Section Two: Domain Controller Chapter 2: Zerologon Section Three: Windows Service Chapter 3: Service - Insecure File Permission Chapter 4: Service - Unquoted Path Chapter 5: Service - Bin Path Chapter 6: Service - Registry Chapter 7: Service - DLL Hijacking Section Four: Scheduled Tasks Chapter 8: Scheduled Tasks Section Five: Windows Registry Chapter 9: Autorun Chapter 10: Startup Applications Section Six: Windows Kernel Chapter 11: Kernel - EternalBlue Chapter 12: Kernel - MS15-051 Chapter 13: Kernel - MS14-058 Section Seven: Potato Exploits Chapter 14: Juicy Potato Chapter 15: Rogue Potato Section Eight: Password Mining Chapter 16: Password Mining - Memory Chapter 17: Password Mining - Registry Chapter 18: Password Mining - SiteList Chapter 19: Password Mining - Unattended Chapter 20: Password Mining - Web.config Section Nine: UAC Bypass Chapter 21: User Account Control Bypass For more information, please visit <http://www.howtopassoscp.com/>.

**Freemium Economics** Eric Benjamin Seufert,2013-12-27 Freemium Economics presents a practical, instructive approach to successfully implementing the freemium model into your software products by building analytics into product design from the earliest stages of development. Your freemium product generates vast volumes of data, but using that data to maximize conversion, boost retention, and deliver revenue can be challenging if you don't fully understand the impact that small changes can have on revenue. In this book, author Eric Seufert provides clear guidelines for using data and analytics through all stages of development to optimize your implementation of the freemium model. Freemium Economics de-mystifies the freemium model through an exploration of its core, data-oriented tenets, so that you can apply it methodically rather than hoping that conversion and revenue will naturally follow product launch. By reading Freemium Economics, you will: Learn how to apply data science and big data principles in freemium product design and development to maximize conversion, boost retention, and deliver revenue Gain a broad introduction to the conceptual economic pillars of freemium and a complete understanding of the unique approaches needed to acquire users and convert them from free to paying customers Get practical tips and analytical guidance to successfully implement the freemium model Understand the metrics and infrastructure required to measure the success of a freemium product and improve it post-launch Includes a detailed explanation of the lifetime customer value (LCV) calculation and step-by-step instructions for implementing key performance indicators in a simple, universally-accessible tool like Excel

**Building Provincetown** David Dunlap,2021-08-20 A new, full-color edition of David Dunlap's iconic 2015 history and architecture text, which chronicles the history of the historic seaside town of Provincetown, Massachusetts through its architecture.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**How to Heal the Sick** Charles Hunter,Frances Hunter,2000-01-01 Never feel helpless again! A loved one is sick, your friend was just in an accident, a family member is facing an emotional crisis.... Have you ever desperately longed to reach out your hand and bring healing to these needs? At times, our hearts ache with the desire to help, but either we don't know how, or we are afraid and stop short. The truth is, the Holy Spirit within you is ready to heal the sick! Charles and Frances Hunter present solid, biblically based methods of healing that can bring not only physical health but also spiritual health and abundant life to you, your family, and everyone around you.

**Basics of Structural Dynamics and Aseismic Design** Damodarasamy & Kavitha,Damodarasamy S. R.,kavitha S.,2009

Lotus Notes 7 Course Technology,2006-09-11 The Axzo Press Lotus Notes 7 FastCARD is the perfect tool to get you using the basic tools of Lotus' integrated desktop client for accessing e-mail, calendars, and applications on a Domino server. This quick start guide shows you how to navigate the Notes 7 interface and access the tools you need to complete common tasks, such as working with email, creating calendar entries, scheduling meetings, and managing contacts. It also provides you with skills for using the unique Web browsing and collaborative features of Notes. There's even a section with answers to the most frequently asked questions by new Notes 7 users. Need a Custom Solution? All of our quick reference guides can be branded or customized to meet your organization's needs. We can add your logo, corporate colors, help desk information or tailor the content to meet your requirements. The process is simple and easy. Contact your Account Executive to get started. Minimum order 1000 guides.

Hypergrowth David Cancel,2017-02-17 Are you communicating with your customers on a regular basis? Do you know how to manage and prioritize customer feedback once you've gathered it? When it comes to building a great product, a great team, and a great brand, relying solely on the opinions of internal stakeholders will get you nowhere. The key to achieving HYPERGROWTH is being customer-driven. So if you're ready to start putting your customers first, keep reading... What You'll Learn: A New Approach to Product Management and Developing SaaS Products People Love Today, there's no excuse for not communicating with customers on a daily basis. Messaging has exploded, new generations are focused on 1:1 communication by default, and artificial intelligence is finally coming so we can deliver 1:1 at scale. So why would you build a product, or a company, without leaning into the advantages of that ecosystem? In his new book, HYPERGROWTH, serial entrepreneur and Drift co-founder/CEO David Cancel shares a modern approach for building products and structuring teams that makes customer communication a central

priority. The book tells the story of how Cancel's customer-driven approach started out as a test with a product team (Performable), transformed an entire organization (HubSpot), and sparked a new movement (Drift). What's Inside: Practical Advice and Frameworks for Becoming Customer-Driven and Growing Your Business Responsive Development (RD): a new approach to building products that adds the customer back into the equation The Burndown Framework: a framework for implementing Responsive Development that's faster and more flexible than Agile. The Three-Person Team: the customer-driven way to structure engineering teams. Each team consists of a tech lead who manages two other engineers. Getting Rid of Roadmaps: through building a culture of transparency and accountability and working closely with internal customers, you can release product updates more rapidly and iteratively. The Spotlight Framework: a framework for helping you focus on the right parts of customer feedback so you can take the appropriate next steps. The framework breaks feedback down into three main categories: user experience issues, product marketing issues, and positioning issues. Who This Book Is For: Entrepreneurs, Startup Founders, Product Managers, Product Teams, Marketing Teams ... Entire Companies! Every part of your business can benefit from being customer-driven. With the rise of SaaS and the on-demand economy, customer expectations have changed. Customers expect their voices to be heard. They find value in being part of a community, and being part of that journey of creating the product. So stop running your business like we're still living in the 2000s. It's time to take a customer-driven approach. Here's what people are saying about the book: David Cancel is one of the best when it comes to building products that customers love. And now he's sharing his wisdom and writing the book explaining how he does it. This is a must read for any entrepreneur or business owner.-MARK ROBERGESenior Lecturer, Harvard Business School, Former SVP of Sale and Services at HubSpot When it comes to building business software, there's no one better than David Cancel, and I saw first-hand how his customer-driven approach to building products made an impact at HubSpot. I'm glad he's finally putting all of his insight in one place.-MIKE VOLPECMO, Cybereason / Former CMO, HubSpot

*Moon-face and Other Stories* Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

**What a Treasure!** Jane Hillenbrand,2017-01-30 Dig deep with Mole to uncover the best treasures of all in this sweet story. Hunting for buried treasure, Mole unearths a twig. It's not much use to him, but a bird flying by wants it for a nest. When he discovers a shell, Mole gives it to Snail for a cozy home. Happy to share, Mole keeps digging, and uncovers—another hole, with another little mole in it. A new friend—what a treasure indeed. Brightly colored illustrations enhance this simple story about friendship, sharing, and perseverance, created by husband and wife team Jane and Will Hillenbrand. Perfect for sharing with your own treasured friends, this is an ideal read-aloud for emerging readers.

*SQL Tuning* Dan Tow,2003-11-19 A poorly performing database application not only costs users time, but also has an impact on other applications running on the same computer or the same network. SQL Tuning provides an essential next step for SQL developers and database administrators who want to extend their SQL tuning expertise and get the most from their database applications. There are two basic issues to focus on when tuning SQL: how to find and interpret the execution plan of an SQL statement and how to change SQL to get a specific alternate execution plan. SQL Tuning provides answers to these questions and addresses a third issue that's even more important: how to find the optimal execution plan for the query to use. Author Dan Tow outlines a timesaving method he's developed for finding the optimum execution plan--rapidly and systematically--regardless of the complexity of the SQL or the database platform being used. You'll learn how to understand and control SQL execution plans and how to diagram SQL queries to deduce the best execution plan for a query. Key chapters in the book include exercises to reinforce the concepts you've learned. SQL Tuning concludes by addressing special concerns and unique solutions to unsolvable problems. Whether you are a programmer who develops SQL-based applications or a database administrator or other who troubleshoots poorly tuned applications, SQL Tuning will arm you with a reliable and deterministic method for tuning your SQL queries to gain optimal performance.

*Rational Acoustics Smaart V7 User Guide* Rational Acoustics,2016-01-05 From Rational Acoustics, the owners & developers Smaart(r), comes the official Smaart v.7 User Guide. The Smaart v.7 User Guide is a comprehensive guide to working with professional audio's most widely used system analysis & optimization software. All of Smaart v.7's measurement capabilities are covered in detail, along with helpful illustrations and application examples. It also includes sections on fundamental audio concepts, navigating the user interface, capturing & managing data as well as an extensive set of appendices covering measurement rig setup, licensing & installation, applicable standards and even some suggested further reading. Written in Rational Acoustics signature approachable easy-to-read style, with just the right amount of geeky humor, the Smaart v.7 User Guide is more than just a software manual, it is a fantastic all-in-one reference that Smaart users will find themselves returning to again and again.

Communicating Process Architectures 2001 World Occam and Transputer User Group. Technical Meeting, World Occam and Transputer User Group, Technical Meeting, 2001 Concurrency is an integral part of everyday life. The concept is so ingrained in our existence that we benefit from it without realizing. When faced with a taxing problem, we automatically involve others to solve it more easily. Such concurrent solutions to a complex problem may, however, not be quite straightforward and communication becomes crucial to ensure the successful solution of the problem.

**Adobe Premiere 6.0** ,2001 Create dazzling digital films and videos with Adobe Premiere! Adobe Premiere, one of the most widely used digital video editing tools today, is used to create everything from personal projects, professional Hollywood movie trailers, and animated GIFs and animations for the Web. Updated for the newest version of Premiere, Adobe Premiere X Classroom in a Book is an ideal resource for editing digital video or film. Lessons contain step-by-step instructions for creating a specific project. Topics covered include: basic editing principles, digital video editing, transitions, audio, creating a title, superimposing, motion, subclips, and virtual clips.

**Computer Graphics Through OpenGL®** Sumanta Guha,2018-12-19 COMPREHENSIVE COVERAGE OF SHADERS AND THE PROGRAMMABLE PIPELINE From geometric primitives to animation to 3D modeling to lighting, shading and texturing, Computer Graphics Through OpenGL®: From Theory to Experiments is a comprehensive introduction to computer graphics which uses an active learning style to teach key concepts. Equally emphasizing theory and practice, the book provides an understanding not only of the principles of 3D computer graphics, but also the use of the OpenGL® Application Programming Interface (API) to code 3D scenes and animation, including games and movies. The undergraduate core of the book takes the student from zero knowledge of computer graphics to a mastery of the fundamental concepts with the ability to code applications using fourth-generation OpenGL®. The remaining chapters explore more advanced topics, including the structure of curves and surfaces, applications of projective spaces and transformations and the implementation of graphics pipelines. This book can be used for introductory

undergraduate computer graphics courses over one to two semesters. The careful exposition style attempting to explain each concept in the simplest terms possible should appeal to the self-study student as well. Features • Covers the foundations of 3D computer graphics, including animation, visual techniques and 3D modeling • Comprehensive coverage of OpenGL® 4.x, including the GLSL and vertex, fragment, tessellation and geometry shaders • Includes 180 programs with 270 experiments based on them • Contains 750 exercises, 110 worked examples, and 700 four-color illustrations • Requires no previous knowledge of computer graphics • Balances theory with programming practice using a hands-on interactive approach to explain the underlying concepts

*Nobody's Victim* Carrie Goldberg,2019-08-13 Nobody's Victim is an unflinching look at a hidden world most people don't know exists—one of stalking, blackmail, and sexual violence, online and off—and the incredible story of how one lawyer, determined to fight back, turned her own hell into a revolution. “We are all a moment away from having our life overtaken by somebody hell-bent on our destruction.” That grim reality—gleaned from personal experience and twenty years of trauma work—is a fundamental principle of Carrie Goldberg’s cutting-edge victims’ rights law firm. Riveting and an essential timely conversation-starter, Nobody's Victim invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws, uncovers major Title IX violations, and sues the hell out of tech companies, schools, and powerful sexual predators. Her battleground is the courtroom; her crusade is to transform clients from victims into warriors. In gripping detail, Carrie shares the diabolical ways her clients are attacked and how she, through her unique combination of advocacy, badass relentlessness, risk-taking, and client-empowerment, pursues justice for them all. There are stories about a woman whose ex-boyfriend made fake bomb threats in her name and caused a national panic; a fifteen-year-old girl who was sexually assaulted on school grounds and then suspended when she reported the attack; and a man whose ex-boyfriend used a dating app to send more than 1,200 men to ex's home and work for sex. With breathtaking honesty, Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business. While her clients are a diverse group—from every gender, sexual orientation, age, class, race, religion, occupation, and background—the offenders are not. They are highly predictable. In this book, Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm: assholes, psychos, pervs, and trolls. “If we recognize the patterns of these perpetrators,” she explains, “we know how to fight back.” Deeply personal yet achingly universal, Nobody's Victim is a bold and much-needed analysis of victim protection in the era of the Internet. This book is an urgent warning of a coming crisis, a predictor of imminent danger, and a weapon to take back control and protect ourselves—both online and off.

*The Sixth Station* Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Eventually, you will certainly discover a extra experience and capability by spending more cash. nevertheless when? attain you say yes that you require to get those every needs subsequent to having significantly cash? Utorrent Ez Booster 132 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Utorrent Ez Booster 132 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Utorrent Ez Booster 132 has opened up a world of possibilities. Downloading Utorrent Ez Booster 132 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Utorrent Ez Booster 132 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Utorrent Ez Booster 132. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Utorrent Ez Booster 132. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Utorrent Ez Booster 132, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Utorrent Ez Booster 132 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Utorrent Ez Booster 132 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Utorrent Ez Booster 132 is one of the best book in our library for free trial. We provide copy of Utorrent Ez Booster 132 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Utorrent Ez Booster 132. Where to download Utorrent Ez Booster 132 online for free? Are you looking for Utorrent Ez Booster 132 PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Utorrent Ez Booster 132. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should

consider finding to assist you try this. Several of Utorrent Ez Booster 132 are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented.
