**100 Things We've Lost to the Internet** Pamela Paul, 2021-10-26 The acclaimed editor of The New York Times Book Review takes readers on a nostalgic tour of the pre-Internet age, offering powerful insights into both the profound and the seemingly trivial things we've lost. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND THE DALLAS MORNING NEWS • “A deft blend of nostalgia, humor and devastating insights.”—People Remember all those ingrained habits, cherished ideas, beloved objects, and stubborn preferences from the pre-Internet age? They’re gone. To some of those things we can say good riddance. But many we miss terribly. Whatever our emotional response to this departed realm, we are faced with the fact that nearly every aspect of modern life now takes place in filtered, isolated corners of cyberspace—a space that has slowly subsumed our physical habitats, replacing or transforming the office, our local library, a favorite bar, the movie theater, and the coffee shop where people met one another’s gaze from across the room. Even as we’ve gained the ability to gather without leaving our house, many of the fundamentally human experiences that have sustained us have disappeared. In one hundred glimpses of that pre-Internet world, Pamela Paul, editor of The New York Times Book Review, presents a captivating record, enlivened with illustrations, of the world before cyberspace—from voicemails to blind dates to punctuation to civility. There are the small losses: postcards, the blessings of an adolescence largely spared of documentation, the Rolodex, and the genuine surprises at high school reunions. But there are larger repercussions, too: weaker memories, the inability to entertain oneself, and the utter demolition of privacy. 100 Things We’ve Lost to the Internet is at once an evocative swan song for a disappearing era and, perhaps, a guide to reclaiming just a little bit more of the world IRL.

**Roar** Michael Clinton, 2022-09-13 ROAR is for everyone who is thinking about where they are in life-and those who want more out of life. From author Michael Clinton, former president and publishing director of Hearst Magazines, ROAR helps both those considering retirement and those who have no wish to retire get on with fulfilling their dreams-before it's too late. We are living in a time when everyone is constantly reassessing what is next for them. In the mid-career group, people who have spent years working in a business are now seeing their industry changing dramatically and are facing the question: What does that mean for me in the next twenty years? At the same time, the post-career group is also going through massive change. Many in this group are still not prepared financially, logistically, or emotionally to make the decisions necessary to face the next phase of their lives. While they may be thinking about retiring, they don't necessarily want to do nothing. ROAR will help both groups think about what is really important to them, and how to plan and take meaningful action so that the second half of their lives can be happy and productive. The book offers a unique and dynamic 4-part process called ROAR: Reimagine yourself, Own who you are, Act on what's next, and Reassess your relationships. This is the method Michael uses himself to pursue a purposeful life-and now he shares his technique and approach so you can expand your own life too. Prescriptive and inspiring, with personal anecdotes from his life as well as from others he interviewed for the book, ROAR is highly accessible, entertaining, and transformative--
