Guia Do Técnico Em Segurança Do Trabalho Prof. Jairo Brasil,2018-07-09 O Guia do Técnico de Segurança do Trabalho nasceu das dificuldades e necessidades observadas pelo autor em relação aos alunos dos cursos técnicos de segurança do trabalho, quando estes ao adentrarem o mercado de trabalho buscam estabelecer uma rotina de atuação dentro das organizações, de forma a contemplar as expectativas do empregador e reduzir as ansiedades do profissional recém contratado. A grande maioria dos discentes provém

3

de segmentos econômicos onde as tarefas já estão estabelecidas, e são submetidos à hierarquia de lideranças que dominam as atividades e o processo de trabalho. Basta tão somente obedecer e fazer. Exemplo disso é que mais da metade provém dos segmentos comercial e da prestação de serviços. Depois de formados, alunos e alunas se vêem forçados a planejar e organizar suas rotinas, pois deixam de ser simples operadores para se transformarem em protagonistas de suas atividades; já que dominam o conhecimento prevencionista, conhecimento este que é ignorado pelos demais colegas e inclusive pelo próprio empregador. Isso cria uma grande dificuldade por parte do estreante na função, dificuldade essa que pretende ser sanada com as orientações deste guia.

This collection is conceived as a series of dialogues and inquiries by leading scholars from both image- and sound-based disciplines. Chapters explore the history and the future of moving-image media across a range of formats including blockbuster films, video games, music videos, social media, digital visualization technologies, experimental film, documentaries, video

art, pornography, immersive theater, and electronic music. Sound, music, and noise emerge within these studies as integral forces within shifting networks of representation. The essays in this collection span a range of disciplinary approaches (film studies, musicology, philosophy, cultural studies, the digital humanities) and subjects of study (Iranian documentaries, the Twilight franchise, military combat footage, and Lady Gaga videos). Thematic sections and direct exchanges among authors facilitate further engagement with the debates invoked by the text.
