**The Horses of St. Mark's** Charles Freeman,2010-08-12 The noted historian explores the mysterious origins and surprising adventures of four iconic bronze statues as they appear and reappear through the ages. In July 1798, a triumphant procession made its way through the streets of Paris. Echoing the parades of Roman emperors many years before, Napoleon Bonaparte was proudly displaying the spoils of his recent military adventures. There were animals—caged lions and dromedaries—as well as tropical plants. Among the works of art on show, one stood out: four horses of gilded metal, taken by Napoleon from their home in Venice. The Horses of St Mark's have found themselves at the heart of European history time and time again: in Constantinople, at both its founding and sacking in the Fourth Crusade; in Venice, at both the height of its greatness and fall in 1797; in the Paris of Napoleon, and the revolutions of 1848; and back in Venice, the most romantic city in the world. Charles Freeman offers a fascinating account of both the statues themselves and the societies through which they have travelled and been displayed. As European society has developed from antiquity to the present day, these four horses have stood and watched impassively. This is the story of their—and our—times.

**The First Hollywood Sound Shorts, 1926-1931** Edwin M. Bradley,2009-04-27 This study of early sound shorts begins with an explanation of the development of sound motion pictures in Hollywood by such influential companies as Warner Bros. and Fox, with an emphasis on short subjects, leading up to the first few months when all of the major studios were capable of producing them. The next chapters discuss the impact on other mass entertainments, the development of audible news reels and other non-fiction shorts, as well as the origins of animated sound subjects. A comprehensive list of pre-1932 American-made shorts completes the volume.

**Eyewitness Views** Peter Björn Kerber,2017-05-09 Canaletto, Bernardo Bellotto, Luca Carlevarijs, Giovanni Paolo Panini, Francesco Guardi, Hubert Robert—these renowned view painters are perhaps most famous for their expansive canvases depicting the ruins of Rome or the canals of Venice. Many of their most splendid paintings, however, feature important contemporary events. These occasions motivated some of the greatest artists of the era to produce their most exceptional work. Little explored by scholars, these paintings stand out by virtue of their extraordinary artistic quality, vibrant atmosphere, and historical interest. They are imbued with a sense of occasion, even drama, and were often commissioned by or for rulers, princes, and ambassadors as records of significant events in which they participated. Lavishly illustrated and meticulously researched, this volume provides the first-ever comprehensive study—in any language—of this type of view painting. In examining these paintings alongside the historical events depicted in them, Peter Björn Kerber carefully reconstructs the meaning and context these paintings possessed for the artists who produced them and the patrons who commissioned them, as well as for their contemporary viewers. This vital book represents a major contribution to the field of view painting studies and will be an essential resource for scholars and enthusiasts.

**King Hereafter** Dorothy Dunnett, 2010-08-11 Back in print by popular demand--A stunning revelation of the historical Macbeth, harsh and brutal and eloquent. --Washington Post Book World. With the same meticulous scholarship and narrative legerdemain she brought to her hugely popular Lymond Chronicles, our foremost historical novelist travels further into the past. In King Hereafter, Dorothy Dunnett's stage is the wild, half-pagan country of eleventh-century Scotland. Her hero is an ungainly young earl with a lowering brow and a taste for intrigue. He calls himself Thorfinn but his Christian name is Macbeth. Dunnett depicts Macbeth's transformation from an angry boy who refuses to accept his meager share of the Orkney Islands to a suavely accomplished warrior who seizes an empire with the help of a wife as shrewd and valiant as himself. She creates characters who are at once wholly creatures of another time yet always recognizable--and she does so with such realism and immediacy that she once more elevates historical fiction into high art.
