**Seven Web Frameworks in Seven Weeks** Jack Moffitt,Frederic Daoud,2014 Whether you need a new tool or just inspiration, Seven Web Frameworks in Seven Weeks explores modern options, giving you a taste of each with ideas that will help you create better apps. You'll see frameworks that leverage modern programming languages, employ unique architectures, live client-side instead of server-side, or embrace type systems. You'll see everything from familiar Ruby and JavaScript to the more exotic Erlang, Haskell, and Clojure. The rapid evolution of web apps demands innovative solutions: this survey of frameworks and their unique perspectives will inspire you and get you thinking in new ways to meet the challenges you face daily. This book covers seven web frameworks that are influencing modern web applications and changing web development: Sinatra, CanJS, AngularJS, Ring, Webmachine, Yesod, Immutable. Each of these web frameworks brings unique and powerful ideas to bear on building apps. Embrace the simplicity of Sinatra, which sheds the trappings of large frameworks and gets back to basics with Ruby. Live in the client with CanJS, and create apps with JavaScript in the browser. Be declarative with AngularJS; say what you want, not how to do it,

with a mixture of declarative HTML and JavaScript. Turn the web into data with Ring, and use Clojure to make data your puppet. Become a master of advanced HTTP with Webmachine, and focus the power of Erlang. Prove web theorems with Yesod; see how Haskell's advanced type system isn't just for academics. Develop in luxury with Immutant, an enlightened take on the enterprise framework. Seven Web Frameworks will influence your work, no matter which framework you currently use. Welcome to a wider web. What You Need: You'll need Windows, MacOS X or Linux, along with your favorite web browser. Each chapter will cover what you need to download and which language versions are required.

*Rise of the Valiant (Kings and Sorcerers--Book #2)* Morgan Rice, 2015-04-17 "An action packed fantasy sure to please fans of Morgan Rice's previous novels, along with fans of works such as The Inheritance Cycle by Christopher Paolini.... Fans of Young Adult Fiction will devour this latest work by Rice and beg for more." --The Wanderer, A Literary Journal (regarding Rise of the Dragons) The #1 Bestselling series! RISE OF THE VALIANT is book #2 in Morgan Rice's bestselling epic fantasy series KINGS AND SORCERERS (which begins with RISE OF THE DRAGONS, a free download)! In the wake of the dragon's attack, Kyra is sent on an urgent quest: to cross Escalon and seek out her uncle in the mysterious Tower of Ur. The time has come for her to learn about who she is, who her mother is, and to train and develop her special powers. It will be a quest fraught with peril for a girl alone, Escalon filled with dangers from savage beasts and men alike—one that will require all of her strength to survive. Her father, Duncan, must lead his men south, to the great water city of Esephus, to attempt to free his fellow countrymen from the iron grip of Pandesia. If he succeeds, he will have to journey to the treacherous Lake of Ire and then onto the icy peaks of Kos, where there live the toughest warriors of Escalon, men he will need to recruit if he has any chance of taking the capital. Alec escapes with Marco from The Flames to find himself on the run through the Wood of Thorns, chased by exotic beasts. It is a harrowing journey through the night as he quests for his hometown, hoping to be reunited with his family. When he arrives, he is shocked by what he discovers. Merk, despite his better judgment, turns back to help the girl, and finds himself, for the first time in his life, entangled in a stranger's affairs. He will not forego his pilgrimage to the Tower of Ur, though, and he finds himself anguished as he realizes the tower is not what he expects. Vesuvius spurs his giant as he leads the Trolls on their mission underground, attempting to bypass The Flames, while the dragon, Theos, has his own special mission on Escalon. With its strong atmosphere and complex characters, RISE OF THE VALIANT is a sweeping saga of knights and warriors, of kings and lords, of honor and valor, of magic, destiny, monsters and dragons. It is a story of love and broken hearts, of deception, ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #3 in the series--THE WEIGHT OF HONOR--is now also available! "If you thought that there was no reason left for living after the end of the Sorcerer's Ring series, you were wrong. Morgan Rice has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page....Recommended for the permanent library of all readers that love a well-written fantasy." --Books and Movie Reviews, Roberto Mattos (regarding Rise of the Dragons) "[The novel] succeeds—right from the start.... A superior fantasy...It begins, as it should, with one protagonist's struggles and moves neatly into a wider circle of knights, dragons, magic and monsters, and destiny....All the trappings of high fantasy are here, from soldiers and battles to confrontations with self....A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists." --Midwest Book Review, D. Donovan, eBook Reviewer (regarding Rise of the Dragons) "A plot-driven novel that's easy to read in a weekend...A good start to a promising series." --San Francisco Book Review (regarding Rise of the Dragons)
