Iron Widow Xiran Jay Zhao,2021-10-07 Instant New York Times No.1 Bestseller. A YA Pacific Rim meets the Handmaid's Tale retelling of the rise of Wu Zetian, the only female emperor in Chinese history. I have no faith in love. Love cannot save me. I choose vengeance. The boys of Huaxia dream of pairing up with girls to pilot Chrysalises – giant transforming robots that battle aliens beyond the Great Wall. It doesn't matter that their female co-pilots are expected to serve as concubines and often die from the mental strain. When 18-year-old Zetian offers herself up as a concubine-pilot, her plan is to assassinate the ace male pilot responsible for her sister's death. But after miraculously surviving her first battle, Zetian sets her sights on a mightier goal. The time has come to stop more girls from being sacrificed. 'This is the historical-inspired, futuristic sci-fi mash-up of my wildest dreams.' Chloe Gong 'Raging against the patriarchy in spectacular style.' Observer, best books of the year 'Zetian is unstoppable, and I dare you not to cheer her on.' Elizabeth Lim, author of Spin the Dawn

A Door Into Ocean Joan Slonczewski,2000-10-13 Joan Slonczewski's A Door into Ocean is the novel upon which the author's reputation as an important SF writer principally rests. A ground-breaking work both of feminist SF and of world-building hard SF, it concerns the Sharers of Shora, a nation of women on a distant moon in the far future who are pacifists, highly advanced in biological sciences, and who reproduce by parthenogenesis--there are no males--and tells of the conflicts that erupt when a neighboring civilization decides to develop their ocean world, and send in an army. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Zachary Ying and the Dragon Emperor Xiran Jay Zhao,2022-05-10 Percy Jackson meets Tristan Strong in this hilarious middle grade "edge-of-your-seat adventure" (James Ponti, New York Times bestselling author of City Spies) that follows a young boy as he journeys across China to seal the underworld shut and save the mortal realm. Zachary Ying never had many opportunities to learn about his Chinese heritage. His single mom was busy enough making sure they got by, and his schools never taught anything except Western history and myths. So Zack is woefully unprepared when he discovers he was born to host the spirit of the First Emperor of China for a vital mission: sealing the leaking portal to the Chinese underworld before the upcoming Ghost Month blows it wide open. The mission takes an immediate wrong turn when the First Emperor botches his attempt to possess Zack's body and binds to Zack's AR gaming headset instead, leading to a battle where Zack's mom's soul gets taken by demons. Now, with one of history's most infamous tyrants yapping in his headset, Zack must journey across China to heist magical artifacts and defeat figures from history and myth, all while learning to wield the emperor's incredible water dragon powers. And if Zack can't finish the mission in time, the spirits of the underworld will flood into the mortal realm, and he could lose his mom forever.

Will Chris abandon Theo when he learns the truth, or will he stand by him in this tumultuous season of self-discovery? The Mom Test Rob Fitzpatrick,2013-10-09 The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little. As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right. Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

100 Superlative Rolex Watches John Goldberger,Giampiero Negretti,2008 William Kennedy (1814–1890) was an explorer and fur trader. In 1851 he was recommended to Lady Franklin as the commander of her second sponsored expedition in search of her husband, Arctic explorer Sir John Franklin

(1786–1847), who had not returned from his 1845 expedition to chart the remaining unexplored section of the Arctic and the Northwest Passage. This volume, first published in 1853, contains Kennedy's account of his 1851 Arctic expedition to rescue Sir John Franklin. Written in the form of a diary, Kennedy describes in detail the hazardous conditions of the Arctic. The crew's experiences including snow blindness, frostbite, scurvy and explorations of land on foot accompanied by Husky dogs are described in detail. Kennedy's use of Inuit survival methods and the type of provisions which were used are also described, providing valuable insights into early nineteenth century methods of Arctic exploration.

A Steelheader's Way Lani Waller,2008-12-23 Steelhead legend Lani Waller covers the essential elements of fishing for trophy steelhead with prose as beautiful and surprising as the fish themselves. The blend of how-to and why-to not only captures the essence of these elusive fish but also uncovers what it takes to consistently bring them to hand. Waller shares his techniques for swinging wets and waking dry flies, including proper approach, presentation, and his favorite fly patterns, both classic and contemporary. Chapters on hunting trophies, equipment, casting, and conservation provide readers with a life's worth of wisdom learned from his time on the water. Waller brings along some of his friends to help contribute to the book. Steelhead expert Bob Hooton's chapter on steelhead biology is a concise overview of the steelhead's life cycle, biology, and behavior; artist Dave Hall illustrates Waller's swinging techniques; and photographer Ken Morrish's stunning images capture the magic of the fish and the rivers they ascend each year. This all-star cast of steelhead fanatics has created a classic book that honors the fish as well as those who chase them, whether in the Pacific Northwest of United States, the wilderness streams of British Columbia, or the hundreds of tributaries that run into the Great Lakes.
