Zen Golf Joseph Parent, 2002-06-18 A highly original and groundbreaking book from a noted PGA coach and Buddhist instructor • “The lessons in *Zen Golf* make the mental game seem so simple. Dr. Parent has given me very effective methods for working with thoughts and emotions, and for taking the negatives out of the picture.” —Vijay Singh, Masters and PGA Champion By combining classic insights and stories from Zen tradition, *Zen Golf* helps eliminate the mental distractions that routinely cause poor shots and loss of concentration, allowing golfers to feel in “the zone” that professionals have learned to master. The best players know that golf is a game of confidence, and most important, concentration—the ability to focus and block out distraction. The goal of achieving clear thought is also at the heart of Buddhist teachings. PGA coach and Buddhist instructor Dr. Joseph Parent draws on this natural connection and teaches golfers how to clear their minds, achieve ultimate focus, and play in the moment for each shot. *Zen Golf* presents a simple system for building “mental game mastery.” Dr Parent’s unique PAR Approach (focusing on Preparation, Action, and Response to Results) guides golfers with specific techniques for each aspect of their games. In chapters such as “How to Get From the Practice Tee to the First Tee”, “You Produce What You Fear”, and “How to Enjoy a Bad Round of Golf”, the author shares a personal teaching regimen that has helped improve the games of professionals and amateurs alike. Clear, concise, and enlightening, *Zen Golf* shows golfers how to prepare for, execute, and equally important, respond the results of any golf shot. A different approach to golf instruction, this book shapes ancient philosophies into new teachings.

Dreaming Water Gail Tsukiyama, 2003-05-01 Bestselling author Gail Tsukiyama is known for her poignant, subtle insights into the most complicated of relationships. *Dreaming Water* is an exploration of two of the richest and most layered human connections that exist: mother and daughter and lifelong friends. Hana is suffering from Werner's syndrome, a disease that makes a person age at twice the rate of a healthy individual: at thirty-eight Hana has the appearance of an eighty-year-old. Cate, her mother, is caring for her while struggling with her grief at losing her husband, Max, and with the knowledge that Hana's disease is getting worse by the day. Hana and Cate's days are quiet and ordered. Cate escapes to her beloved garden and Hana reads and writes letters. Each find themselves drawn into their pasts, remembering the joyous and challenging events that have shaped them: spending the day at Max's favorite beach, overcoming their neighbors' prejudices that Max is Japanese-American and Cate is Italian-American, and coping with the heartbreak of discovering Hana's disease. One of the great joys of Hana's life has been her relationship with her beautiful, successful best friend Laura. Laura has moved to New York from their hometown in California and has two daughters, Josephine and Camille. She has not been home in years and begs Hana to let her bring her daughters to meet her, feeling that Josephine, in particular, needs to have Hana in her life. Despite Hana's latest refusal, Laura decides to come anyway. When Laura's loud, energetic, and troubled world collides with Hana and Cate's daily routine, the story really begins. *Dreaming Water* is about a mother's courage, a daughter's strength, and a friend's love. It is about the importance of human dignity and the importance of all the small moments that create a life worth living.

It considers presentations made to persuade an audience to adopt some course of action (such as funding a proposal) as well as presentations made to communicate information, and it considers these from four perspectives: speech, structure, visual aids, and delivery. It also discusses computer-based projections and slide shows as well as overhead projections. In particular, it looks at ways of organizing graphics and text in projected images and of using layout and design to present the information efficiently and effectively.

We Sinners Hanna Pylväinen, 2012-08-21 This stunning debut novel—drawn from the author's own life experience—tells the moving story of a family of eleven in the American Midwest, bound together and torn apart by their faith The Rovaniemis and their nine children belong to a deeply traditional church (no drinking, no dancing, no TV) in modern-day Michigan. A normal family in many ways, the Rovaniemis struggle with sibling rivalry, parental expectations, and forming their own unique identities in such a large family. But when two of the children venture from the faith, the family fragments and a haunting question emerges: Do we believe for ourselves, or for each other? Each chapter is told from the distinctive point of view of a different Rovaniemi, drawing a nuanced, kaleidoscopic portrait of this unconventional family. The children who reject the church learn that freedom comes at the almost unbearable price of their close family ties, and those who stay struggle daily with the challenges of resisting the temptations of modern culture. With precision and potent detail, *We Sinners* follows each character on their journey of doubt, self-knowledge, acceptance, and, ultimately, survival.

The Single Plane Golf Swing Todd Graves, Tim O'Connor, 2015-03-03 “Through this wonderful book, frustrated golfers can learn to swing like Moe [Norman] and improve their games.” —Anthony Robbins, #1 New York Times–bestselling author The mysterious and reclusive genius Moe Norman is acknowledged as the best ball-striker in the history of golf by many of the game’s greats. The *Single Plane Golf Swing: Play Better Golf the Moe Norman Way* reveals the secrets of the swing that enabled him to hit the ball solidly with unerring accuracy and consistency—every time. Norman’s simple, efficient, and easily understood Single Plane Swing has improved the games of thousands of golfers. Golf professional Todd Graves, known as “Little Moe” and regarded as the world authority on Norman’s swing, comprehensively teaches readers the mechanics, drills, and feelings of the Single Plane Swing that Moe called “The Feeling of Greatness.” Graves shares Norman’s brilliant insights and liberating approach to the game and demonstrates why the conventional “tour” swing is too complex and frustrating for the majority of amateurs. Illustrated with more than 300 photographs and written with Tim O’Connor, Norman’s biographer, the book also engagingly tells Norman’s bittersweet life story and explores the teacher-student bond forged between Norman and his protégé Graves. “One of golf’s greatest untold stories, Moe Norman’s life illustrated a simple and

powerful truth: greatness is built from practicing the right swing in the right way. In this book, Todd Graves has given us a blueprint for that swing, for those practice habits, and most of all for a process that builds success.” —Dan Coyle, New York Times-bestselling author of *The Culture Code*

The Red Circle Brandon Webb, John David Mann, 2012-04-10 Explosive, revealing, and intelligent, *The Red Circle* provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world. Now including an excerpt from *The Killing School: Inside the World's Deadliest Sniper Program BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF*. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, *The Red Circle* provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy sniper cell and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors—including Marcus Luttrell and Chris Kyle—that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military.
