Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Political Correctness and the Destruction of Social Order Howard S. Schwartz, 2016-09-20 This book develops a psychoanalytic theory of political

correctness and the pristine self, which is defined as a self touched by nothing but love. It explores the damage that political correctness can do to social order. Applications include the breakdown of social capital, the financial crisis, and Occupy Wall Street. Long an issue for conservatives, alarm over political correctness has now spread to the liberal side of the political spectrum. As Schwartz argues, all have reason to be concerned. The psychology that underlies political correctness has the potential to be extremely destructive to social organization on every level. Schwartz discusses the primitive roots of political correctness and, through the use of case studies, shows its capacity for ruination. The book focuses on a transformation in the idea of the self, and specifically the rise of the pristine self. The problem is that, in truth, the world does not love us. This puts the pristine self at war with objective reality.

California Design, 1930-1965 Living In a Modern Way Wendy Kaplan, 2011 The first comprehensive examination of California's mid-century modern design, generously illustrated. In 1951, designer Greta Magnusson Grossman observed that California design was not a superimposed style, but an answer to present conditions.... It has developed out of our own preferences for living in a modern way. California design influenced the material culture of the entire country, in everything from architecture to fashion. This generously illustrated book, which accompanies a major exhibition at the Los Angeles County Museum of Art, is the first comprehensive examination of California's mid-century modern design. It begins by tracing the origins of a distinctively California modernism in the 1930s by such European émigrés as

Richard Neutra, Rudolph Schindler, and Kem Weber; it finds other specific design influences and innovations in solid-color commercial ceramics, inspirations from Mexico and Asia, new schools for design training, new concepts about leisure, and the conversion of wartime technologies to peacetime use (exemplified by Charles and Ray Eames''s plywood and fiberglass furniture). The heart of California Design is the modern California home, famously characterized by open plans conducive to outdoor living. The layouts of modernist homes by Pierre Koenig, Craig Ellwood, and Raphael Soriano, for example, were intended to blur the distinction between indoors and out. Homes were furnished with products from Heath Ceramics, Van Keppel-Green, and Architectural Pottery as well as other, previously unheralded companies and designers. Many objects were designed to be multifunctional: pool and patio furniture that was equally suitable indoors, lighting that was both task and ambient, bookshelves that served as room dividers, and bathing suits that would turn into ensembles appropriate for indoor entertainment. California Design includes 350 images, most in color, of furniture, ceramics, metalwork, architecture, graphic and industrial design, film, textiles, and fashion, and ten incisive essays that trace the rise of the California design aesthetic. of wartime technologies to peacetime use (exemplified by Charles and Ray Eames''s plywood and fiberglass furniture). The Sacred Hill Gordon Hookey, 2021-11-16 There was a sacred hill. It had been there for as long as time itself. Mobs of kangaroos, living on the sacred hill, looked after the land and the land looked after them. And they were happy. . . Blue, Treez, Potsy and Rocko are happy in their homes around the sacred hill until a mob of noisy mynas disturbs the peace. Forced to leave their land, the kangaroos soon find themselves a long way from home, but thoughts of the sacred hill are never far away. When four spirited roos - Blue, Treez, Potsy and Rocky - unite, they embark on an adventure that will lead them back home, home to the sacred hill. First published to coincide with the 2013 'Kangaroo Crew' exhibition in the Gallery's Children's Art Centre, and the major exhibition, 'My Country, I Still Call Australia Home: Contemporary Art from Black Australia', The Sacred Hill features an inspiring narrative and illustrations by artist Gordon Hookey, as well as activities to complete at home or in the classroom. The soft cover reprint will be published to coincide with 'The 10th Asia Pacific Triennial of Contemporary Art'.

Australian Notebooks Betty Churcher, 2014 In Australian Notebooks, Betty Churcher revisits some of the artworks she most cherishes--a seminal Picasso, early works of the Heidelberg School, a striking portrait by Lucian Freud--

and invites us to look afresh at the treasures that can be found in Australian galleries. Taking in the glorious work of Australian artists such as John Olsen, Arthur Boyd and Sidney Nolan, as well as masterpieces by Paul Cézanne, Henri Matisse and Giambattista Tiepolo, through her own accomplished sketches Betty draws out the particular charm and context of each piece. Interwoven with extraordinary stories--one canvas flew off the back of a truck on the Pacific Highway; another was imported from Imperial Russia, paid for with a briefcase full of cash--Betty's engaging insights bring the artworks to life. With gorgeous full-colour reproductions, this is a book to turn to again and again for inspiration, solace and delight.
