

# Video Sanctuary 20

Susan J. Bender,Phyllis M. Messenger

**Performance at the Urban Periphery** Cathy Turner, Sharada Srinivasan, Jerri Daboo, Anindya Sinha, 2022-06-30 This edited volume considers performance in its engagement with expanding Indian cities, with a particular focus on festivals and performances in Karnataka, Tamil Nadu and Kerala. The editors ask how performance practices are affected by urbanisation, the effects of such changes on their cultural economy, and the environmental impacts of performance itself. This project also considers how performance responds to its context, and the potential for performance to be critical of the city's development, and of its own compromises. Bringing together perspectives from the humanities, natural and social sciences, the book takes a multi-faceted analytical view of live performance, connecting contemporary with heritage forms, and human with more-than-human actors. The three sections, themed around heritage, everyday life, and future ecologies, will be of great interest to students and scholars in performance, heritage studies, ecology and art history.

**Populism in Power** Giorgos Venizelos, 2023-05-09 Shifting attention away from policy achievements and effects on democracy, this book focuses on the charismatic function of populist discourse – comprising antagonistic narratives, transgressive style and appeals to the common people. The book puts forward an integrative approach that brings together discourse analysis, analysis of digital media, in-depth interviews and ethnographic methods, and places into comparative perspective the cases of SYRIZA in Greece and Donald Trump in the United States. Theorising populism through the lens of collective identification, Venizelos places the rhetorical and emotional dynamics of populist performativity at the core of the analysis, offering a rigorous yet flexible conceptualisation of populism in power. Against theoretical expectations, findings suggest that both SYRIZA and Trump retained, to different degrees, their populist character in power, although their style and vision differed vastly. This book urges researchers, journalists and politicians to adopt a reflexive approach to analysing the political implications of populism for politics, polity and society, and to challenge the normatively charged definitions that are uncritically reproduced in the public sphere. It will appeal to researchers of political theory, populism, comparative politics, sociologists and ethnographers.

**Living the Farm Sanctuary Life** Gene Baur, Gene Stone, 2015-04-07 Winner of a Books for a Better Life Award! Gene Baur, the cofounder and president of Farm Sanctuary, the nation's leading farm animal protection organization, knows that the key to happiness lies in aligning your beliefs with your actions. In this definitive vegan and animal-friendly lifestyle guide, he and Gene Stone, author of *Forks Over Knives*, explore the deeply transformative experience of visiting the sanctuary and its profound effects on people's lives. The book covers the basic tenets of Farm Sanctuary life—such as eating in harmony with your values, connecting with nature wherever you are, and reducing stress—and offers readers simple ways to incorporate these principles into their lives. *Living the Farm Sanctuary Life* also teaches readers how to cook and eat the Farm Sanctuary way, with 100 extraordinarily delicious recipes selected by some of the organization's greatest fans—chefs and celebrities such as Chef AJ, Chloe Coscarelli, Emily Deschanel, and Moby. Coupled with heartwarming stories of the animals that Farm Sanctuary has saved over the years, as well as advice and ideas from some of the organization's biggest supporters, *Living the Farm Sanctuary Life* is an inspiring, practical book for readers looking to improve their whole lives and the lives of those around them—both two- and four-legged.

**Screening Social Justice** Sherry B. Ortner, 2023-02-20 In *Screening Social Justice*, award-winning anthropologist Sherry B. Ortner presents an ethnographic study of Brave New Films, a nonprofit film production company that makes documentaries intended to mobilize progressive grassroots activism. Ortner positions the work of the company within a tradition of activist documentary filmmaking and within the larger field of “alternative media” that is committed to challenging the mainstream media and telling the truth about the world today. The company's films cover a range of social justice issues, with particular focus on the hidden workings of capitalism, racism, and right-wing extremism. Beyond the films themselves, Brave New Films is also famous for its creative distribution strategies. All of the films are available for free on YouTube. Central to the intention of promoting political activism, the films circulate through networks of other activist and social justice organizations and are shown almost entirely in live screenings in which the power of the film is amplified. Ortner takes the reader inside both the production process and the screenings to show how a film can be made and used to mobilize action for a better world.

**Our National Marine Sanctuaries**, 2002

**The Pandemic Visual Regime** Julia Ramírez-Blanco, Francesco Spampinato, 2023-11-09

**Public Media Management for the Twenty-First Century** Michał Głowacki, Lizzie Jackson, 2013-10-15 This book analyzes the challenges facing public service media management in the face of ongoing technological developments and changing audience behaviors. It connects models, strategies, concepts, and managerial theories with emerging approaches to public media practices through an examination of media services (e.g. blogs, social networks, search engines, content aggregators) and the online performance of traditional public media organizations. Contributors identify the most relevant and useful approaches, those likely to encourage creativity, interaction, and the development of innovative content and services, and discuss how such innovation can underpin the continuation or expansion of public service media in the changing mediascape.

**Late Night with Trump** Stephen J. Farnsworth, S. Robert Lichter, 2019-11-15 Political humor has been a staple of late-night television for decades. The Trump White House, however, has received significantly greater attention than that of past presidents, such as Barack Obama, George W. Bush, and even Bill Clinton. In response to Trump's strident politics, late-night comics, including Stephen Colbert, Jimmy Kimmel, Trevor Noah and Jimmy Fallon, have sounded key policy notes, further blurring the boundary between news and satire. Weekly humorists, including John Oliver and Samantha Bee, extend the critique with in-depth probing of key issues, while Saturday Night Live continues to tap the progression from outrage to outrageousness. Using unique content analysis techniques and qualitative discussions of political humor, Farnsworth and Lichter show how late-night political humor, and these seven programs in particular, have responded to the Trump presidency. Employing a dataset of more than 100,000 late night jokes going back decades, these noted media scholars discuss how the treatment of Trump differs from previous presidents, and how the Trump era is likely to shape the future of political humor. The authors also employ public opinion survey data to consider the growing role these late-night programs play in framing public opinion and priorities. This book will interest scholars, the curious public, and students of politics, communications and the media, and

contemporary American culture.

Angel Sanctuary, Vol. 20 Kaori Yuki,2013-08-27 In this final volume, Setsuna and the high angels have entered the Tower of Etenamenki and approached the throne of God. There they find all secrets revealed--the reason for the creation of angels and demons, the origins of the two wars of Heaven and Hell, and the real whereabouts of Adam Kadamon. Meanwhile, the battle outside the Tower rages on. Sara, still possessed by the Angel of Destruction Sandalphon, is intent on destroying the Tower and all inside, as a first step in the destruction of all creation. In the face of this onslaught, can Setsuna prevent the Apocalypse and restore the balance of life on Earth? -- VIZ Media

*Information Technologies for Performing Arts, Media Access, and Entertainment* Paolo Nesi,Raffaella Santucci,2013-07-29 This book contains revised selected papers from the Second International Conference on Information Technologies for Performing Arts, Media Access and Entertainment, ECLAP 2013, held in Porto, Portugal, in April 2013. The 24 papers presented were carefully reviewed and selected for inclusion in this book. They are organized in topical sections named: perspectives and (digital) strategies for cultural heritage institutions; trust, quality and tools for cultural heritage digital libraries; educational services for the performing arts; dance in the world of data and objects; acting and natural interaction; and music and opera of a digital generation.

**Iron Maiden - Updated Edition** Neil Daniels,2016-10-01 Few bands have as widespread global appeal as Iron Maiden. This up-to-date book showcases the band in all its beastly glory. Formed in 1975 by a young, East London bass player named Steve Harris, Iron Maiden went on to become one of the most successful heavy metal acts in history. With an estimated 85 million albums sold worldwide, the band remains hugely popular. Iron Maiden is the updated edition of the first-ever complete, illustrated retrospective of the band. Music journalist Neil Daniels relates the band's entire history and provides a complete, up-to-date discography, while respected heavy metal journalists and Iron Maiden experts, including Ian Christie, Martin Popoff, and Mick Wall, analyze the recordings. The stories behind the band's formation, roster changes, recordings through 2015's *The Book of Souls*, and tours through 2016 are complemented with nearly 500 images, including live performance and candid off-stage photographs, and memorabilia, including handbills, gig posters, backstage passes, buttons, ticket stubs, and, of course, Eddie, Iron Maiden's iconic Derek Riggs-created mascot. This new edition of Iron Maiden is required reading for any heavy metal fan. The book covers the compilation *From Here to Eternity* (2011); the CD/LP/DVD/Blu-ray release of *En Vivo!* (2012); the Maiden World Tour (2012-2014) to North America, Europe, and South America; *The Book of Souls* album (2015); and the 2016 tour.

Animal Rights Movement Laura Perdue,2014-09-01 In the face of injustice, people band together to work for change, and through their influence, what was once unthinkable becomes common. This title traces the history of the animal rights movement in the United States, including the key players, watershed moments, and legislative battles that have driven social change. Iconic images and informative sidebars accompany compelling text that follows the movement from the first work to improve animals' welfare through the awakening of the animal rights movement and up to the battles that continue today. Features include a glossary, selected bibliography, Web sites, source notes, and an index, plus a timeline and essential facts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of ABDO Publishing Company.

**Bowker's Complete Video Directory** ,2000

**Oath Keepers** Sam Jackson,2020-09-01 Since 2008, the American patriot/militia movement--right-wing antigovernment groups who portray themselves as fighting encroaching tyranny--has grown exponentially. Oath Keepers is among the most visible and vocal of these organizations. Formed in 2009, Oath Keepers gained notoriety for its involvement in the Bundy Ranch standoff of 2014 and the Malheur Refuge occupation of 2016. The group gives voice to a recurrent form of American politics: virulent distrust of the government combined with a valorization of violence. Sam Jackson takes readers inside the world of the most prominent antigovernment group in the United States, examining its extensive online presence to discover how it builds support for its political goals and actions. Through an extensive textual analysis of the group's publications, Jackson explores how Oath Keepers draws on core American political values and pivotal historical moments of conflict and crisis from the Revolutionary War to Waco to Hurricane Katrina to cast its adherents as defenders of liberty. He details how Oath Keepers makes sense of the contemporary United States, how it provides members with models of political behavior, and how it lobbies the wider American public to join the group. The first book-length investigation of the contemporary patriot/militia movement, Oath Keepers sheds new light on what animates groups that pose a growing threat to American security and political culture.

**Billboard** ,2007-01-20 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**Pedagogy and Practice in Heritage Studies** Susan J. Bender,Phyllis M. Messenger,2019-01-21 Pedagogy and Practice in Heritage Studies presents teaching strategies for helping students think critically about the meanings of the past today. In these pragmatic case studies, experienced teachers discuss ways to integrate the values of heritage studies into archaeology curricula, illustrating how the two fields enrich each other and how perspectives drawn from teaching public archaeology invite such engagement. The contributors argue for encouraging empathy, which can lead to awareness of the continuity between past and present; for reflecting on contemporary

cultural norms; and for engagement with current issues of social and climate justice. These practical examples model ways to introduce diverse perspectives on history in pre-college, undergraduate, and graduate contexts while frankly assessing the challenges and pitfalls of these approaches. Emphasizing the importance of heritage studies principles and active learning in archaeological education, this handbook and its companion, History and Approaches to Heritage Studies, provide tools to equip archaeologists and heritage professionals with collaborative, community-based, and activist approaches to the past. **Airportness** Christopher Schaberg,2017-09-21 Airportness takes the reader on a single day's journey through all the routines and stages of an ordinary flight. From curbside to baggage, and pondering the minutes and hours of sitting in between, Christopher Schaberg contemplates the mundane world of commercial aviation to discover the nature of flight.†? For Schaberg this means hearing planes in the sky, recognizing airline symbols in unlikely places, and navigating the various zones of transit from sliding doors, to jet bridge, to lavatory. It is an ongoing, swarming ecosystem that unfolds each day as we fly, get stranded, and arrive at our destinations. Airportness turns out to be more than just architecture and design elements-rather, it is all the rumble and buzz of flight, the tedium of travel as well as the feelings of uplift.

**Home Ground** Dan Pearson,2011-09-07 Ten years ago Dan Pearson found an extremely rare, large, neglected city plot and set out to design and create a garden space all of his own. Arranged by seasons, Dan shares the challenges of gardening his city plot in a romantic and beautifully written series of diary-like essays, documenting the horticultural tasks required and sharing his successes and failures on the way. Written and photographed in 'real time' this book documents an urban garden and gardener at work, bringing the experience of gardening to life and offering a unique insight into the work and thoughts of the one of the world's most respected garden designers.
