*Mystery Writers of America Presents Vengeance* Mystery Writers of America, Inc.,2012-04-03 When a different kind of justice is needed---swift, effective, and personal---a new type of avenger must take action. VENGEANCE features new stories by bestselling crime writers including Lee Child, Michael Connelly, Dennis Lehane, and Karin Slaughter, as well as some of today's brightest rising talents. The heroes in these stories include a cop who's seen too much, a woman who has been pushed too far, or just an ordinary person doing what the law will not. Some call them vigilantes, others claim they are just another brand of criminal. Edited and with an introduction by Lee Child, these stories reveal the shocking consequences when men and women take the law into their own hands. Full list of contributors: Alafair Burke Lee Child Michael Connelly Mike Cooper Brendan DuBois Jim Fusilli Michelle Gagnon Darrell James C.E. **Social Theory, Social Change and Social Work** Nigel Parton, 2002-09-11 Social Theory, Social Change and Social Work has two inter-related themes. First to account for and analyse current changes in social work and secondly, to assess how far recent developments in social theory can contribute to their

interpretation. Representing the work of a range of academics all involved in research and teaching in relation to social work, it considers issues of central significance to everyone interested in the theory, policy, and practice of social work.

**The Future of America's Death Penalty** Charles S. Lanier, William J. Bowers, James R. Acker, 2009 The Future of America's Death Penalty, comprised of original chapters authored by nationally distinguished scholars, is an ambitious effort to identify the most critical issues confronting the future of capital punishment in the United States and the steps that must be taken to gather and analyze the information that will be necessary for informed policy judgments. Contributors articulate the most pressing issues of administration, litigation, legislation, and executive action confronting the future of capital punishment, and identify research strategies designed to supply answers to those questions. The book represents a valuable academic contribution, particularly within criminal justice and law, and is of interest as well to policymakers and practitioners. It emerges a generation after the Supreme Court's landmark decision in *Gregg v. Georgia* (1976) heralded the modern era of capital punishment, and at a time when the efficacy and operation of the death penalty are under intensive scrutiny by governmental study commissions throughout the country. The book is organized into six sections: (A) Institutional and Disciplinary Perspectives on the Death Penalty; (B) Capital Punishment: Public Policy Perspectives; (C) The

Death Penalty as Applied; (D) Participants in the Capital Punishment Process; (E) The Punishment of Death; and (F) Interdisciplinary Perspectives: Toward a Research Agenda for the Future. This is a great collection. It should be on many bookshelves and in all serious libraries. -- Law & Politics Book Review  
The Future of America's Death Penalty fulfills its goals... [I]t provides a useful resource for social scientists studying America's death penalty. -- Eric N. Waltenburg, The Justice System Journal
