Virtua Fighter 3TB, 1999 Akira's most famous signature move is the seldom seen and difficult-to-execute Stun Palm of Doom. Mastering this attack is the most crucial step in becoming a competent Akira player. There is no real easy way to learn the SPoD. You just have to keep practicing it over and over again until you can pull it off in any given situation, especially after dodging an opponent's attack. Just remember that all three sets of moves have to be input within approximately one second. Also, keep in mind that the SPoD can be blocked in VF3tb, so try to use it only after your opponent has made a mistake and can't counter. Such as after a failed throw attempt. Book jacket.

You're Not Broken Sarah Woodhouse,2021-03-30 In one way or another, we all carry trauma. It can manifest as anxiety, shame, low self-esteem, over-eating, under-eating, addiction, depression, confusion, people-pleasing, under-earning, low mood, negative thinking, social anxiety, anger, brain fog and more. Traumas, big or 'little', leave us trapped in cycles of dysfunctional behaviours, negative thoughts and difficult feelings. Yet many people are unaware they're stuck in old reactions and patterns that stem from their past traumas. Many of us are wary of the word and push it away instead of moving towards it and learning how to break free. Dr Sarah Woodhouse is a Research Psychologist who specialises in trauma and is passionate about helping people face this word and their past. In *You're Not Broken* she teaches you what a trauma is (it's probably not what you think), and how to recognise when, why and how your past is holding you back. She gently explains the pitfalls of ignoring awkward, upsetting episodes and how true freedom comes from looking back at your past with honesty. Then, sharing the latest research-based techniques and her own personal experience, she guides you towards breaking the trauma loop, reawakening your true self and reclaiming your future.
