Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Mushrooms and Toadstools Jacqueline Seymour,1978 A description of different types of fungi that range in size, shape, and color.

Last Futures Douglas Murphy,2016-01-12 In the late 1960s the world was faced with impending disaster: the height of the Cold War, the end of oil, and the decline of great cities throughout the world. Out of this crisis came a new generation of thinkers, designers and engineers who hoped to build a better future, influenced by visions of geodesic domes, walking cities, and a meaningful connection with nature. In this brilliant work of cultural history, architect Douglas Murphy traces the lost archeology of the present-day through the works of thinkers and designers such as Buckminster Fuller, the ecological pioneer Stewart Brand, the Archigram architects who envisioned the Plug-In City in the '60s, as well as co-operatives in Vienna, communes in the Californian desert, and protesters on the streets of Paris. In this mind-bending account of the last avant garde, we see not just the source of our current problems but also some powerful alternative futures.

European Audiences ,2012 Audience development is a strategic, dynamic and interactive process of making the arts widely accessible. It aims at engaging individuals and communities in experiencing, enjoying, participating in and valuing the arts through various means available today for cultural operators, from digital tools to volunteering, from co-creation to partnerships.

Searching for Caleb Anne Tyler,2011-02-23 The beloved bestselling, Pulitzer Prize-winning author brings us a novel that is "funny and lyric and true (The New Yorker). Through the syncopated rhythms of the ragtime era to the thumping, rocking beats of the 1970s, generations of Pecks have maintained a determined steadiness. Adamantly middle class-Peck-proud, as the family slogan goes-they are quick to sweep under the rug those members who do not live up to their standards. Maybe that's why Caleb Peck took off with his violincello as a boy? Sixty years later, his brother Daniel is still wondering. No longer willing to live without answers, he turns to his daughter-in-law, Justine, another Peck family eccentric. A studied tarot card reader, Justine comes across one message over and over in the cards: change is coming. With Daniel's help, she's hoping to find the courage to embrace whatever happens next. An unlikely pair struggling against a stifling family, Daniel and Justine believe they'll find freedom in just the right mix of magic, music, and mystery.

Goulash Brian Kimberling,2019-02-26 A novel that stirs together the perfect proportions of humor, history, romance, and myth to bring to brilliant life a people, a time, and a city Eager to escape stifling small-town Indiana, Elliott Black moves to Prague, where he gets a job teaching English. It's 1998, and the Czech Republic is moving with increasing rapidity out of the shadow of communism and into the wilds of twenty-first-century capitalism. Elliott meets his students in a variety of pubs and conducts his lessons over pints of local Radegast beer. He gets his shoes stolen by an experimental artist who engages Elliott in a number of eccentric schemes. And he meets Amanda, an English teacher from the theUnited Kingdom, with whom he falls in love. Together, Elliott and Amanda try to make a place for themselves as strangers in this strange land. They explore the dark history and surprising wonders of their adopted city, touring the twisting ancient streets and encountering expats, movie stars, tobacco executives, a former Soviet informant, and the president of Poland. But the forces that are reshaping the city are also at work on them, and eventually it becomes evident that their idyll must end-that change is the only reality one can't outrun.
