Thirty Million Words Dana Suskind,2015-09-08 The founder and director of the Thirty Million Words Initiative, Professor Dana Suskind, explains why the most important—and astoundingly simple—thing you can do for your child's future success in life is to talk to them. What nurtures the brain to optimum intelligence and stability? It is a secret hiding in plain sight: the most important thing we can do for our children is to have conversations with them. The way you talk with your growing child literally builds

his or her brain. Parent talk can drastically improve school readiness and lifelong learning in everything from math to art. Indeed, parent–child talk is a fundamental, critical factor in building grit, self-control, leadership skills, and generosity. It is crucial to making the most in life of the luck you have with your genes. This landmark account of a new scientific perspective describes what works and what doesn't (baby talk is fine; relentless correction isn't). Discover how to create the best language environments for children by following the simple structure of the Three Ts: Tune In; Talk More; Take Turns. Dr. Suskind and her colleagues around the country have worked with thousands of families; now their insights and successful, measured approaches are available to all. This is the first book to reveal how and why the first step in nurturing successful lives is talking to children in ways that build their brains. Your family—and our nation—need to know. *Nominated for the Books for a Better Life Award*

Speak: The Graphic Novel Laurie Halse Anderson, 2018-02-06 The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. Speak up for yourself—we want to know what you have to say. From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

In *30 Days to a More Powerful Business Vocabulary*, Dan presents over 500 words and

short expressions from a variety of different business categories. Each section introduces approximately 25 words. And of course, Dan has you make all of the words a part of your permanent vocabulary by using his “30-day learning program” based on well-known super-learning principles. There are four sections on banking and finance, four on marketing, and four on negotiation. Other sections focus on sales, entrepreneurship, human resources, e-business, leadership, and an all-new section on remote learning! The book’s intention is to be entertaining, informative, and inspiring. As the world changes, language changes with it—and both are changing very fast.
