someone? LOVE VIRTUALLY and its sequel EVERY SEVENTH WAVE - the most addictive love story of the internet age . . . Just what you need WENDY HOLDEN Is there a safer space for secret desires than virtual reality? .It begins by chance: Leo receives emails in error from an unknown woman called Emmi. Being polite he replies, and Emmi writes back. A few brief exchanges are all it takes to spark a mutual interest in each other, and soon Emmi and Leo are sharing their innermost secrets and longings. The erotic tension simmers, and it seems only a matter of time before they will meet in person. But they keep putting off the moment - the prospect both unsettles and excites them. GUI Design Shan ben tu shu,2015 As technology has rapidly advanced, so too has the way we use and interact with it. Gone are the days of flat black backgrounds dotted with blocky green text; now, users expect a massive range of colors, layouts, and fonts to be used to entertain and assist them in their daily lives. GUI Design assembles the best of recent graphic user interface for a collection that provides practical encouragement for those new to the world as well as inspiration for experienced designers. The book gathers Twitters Vine video creation app for Windows phones, the vulgar-yetamusing Authentic Weather app, an application designed to help tourists follow the physical and ideological path of the Iron Curtain, and more to showcase programs that balance information flow with user experiences and highlight the creativity, inspiration, and expressive techniques used in their design. The projects within demonstrate the

increasingly significant role of user interfaces in both design and our everyday lives in the modern world.

New Bathroom Idea Book Jamie Gold,2017 The bathroom today is getting more attention than ever from homeowners, as they realize its value as a personal retreat and resale enhancer. Gone are the days of garish tile and fuzzy toilet seat covers: now, bathrooms are as much about taste and style as the rest of the house. People want them to be both beautiful and functional, and manufacturers have responded with many more choices in materials and fixtures. This book covers them all, with ideas for tiny half-baths, medium-size his-and-hers, and large, luxurious home spas. Specifics on ventilation, waterproofing, faucets, showers, tubs, and more give readers the knowledge they need to create the bathroom they've always wanted.
